

STATE OF MISSOURI
PUBLIC SERVICE COMMISSION

At a Session of the Public Service Commission held at its office in Jefferson City on the 28th day of July, 1995.

In the matter of the request for Community)
Optional Service from Mark Twain Rural Telephone's) CASE NO. TO-95-435
Novelty Exchange to Southwestern Bell Telephone's)
Edina Exchange.)

ORDER OF IMPLEMENTATION

On December 29, 1989, the Commission issued a Report and Order in Case No. TO-87-131 directing local exchange companies (LECs) in Missouri to offer community optional service (COS) in exchanges demonstrating a community of interest. The Commission determined that a community of interest is demonstrated when an average of six calls per access line per month are made from petitioning exchange to the requested exchange and two-thirds of the customers in the petitioning exchange make two or more calls to the requested exchange per month.

On December 23, 1992, the Commission issued a Report and Order in Case No. TO-92-306 approving a statewide expanded calling scope plan. The plan, among other provisions, modified COS to a two-way service only and adjusted the rates for COS. The Commission also assigned primary toll carriers (PTCs) to implement COS in exchanges demonstrating a community of interest.

On June 30, 1995, the Commission received a petition signed by the residents of the Novelty exchange requesting COS from the Novelty exchange to the Edina exchange. Mark Twain Rural Telephone Company (Mark Twain) is the LEC for the Novelty exchange and Southwestern Bell Telephone Company (Bell) is the LEC for the Edina exchange. Bell is also the assigned PTC for this route.

On July 7, 1995, the Commission directed Mark Twain to perform a calling usage study to ascertain whether a sufficient community of interest

exists between these exchanges. On July 18, 1995, Mark Twain filed the results of the calling usage study performed in said exchanges. The results of said study are as follows:

<u>Original Exchange</u>	<u>Terminating Exchange</u>	<u>Average Calls Per Access Line</u>	<u>Percent Making 2+ Calls</u>
Novelty	Edina	8.55	71.

On July 19, 1995, the Staff of the Commission filed a memorandum recommending that COS be implemented between Novelty and Edina within 120 days.

Inasmuch as the petitioning route has met the calling criteria set forth by the Commission in Case No. TO-87-131, the Commission finds that a community of interest has been demonstrated. Thus, the Commission determines that COS should be implemented between the Novelty exchange and the Edina exchange within 120 days after this Order is issued.

IT IS THEREFORE ORDERED:

1. That Mark Twain Rural Telephone Company and Southwestern Bell Telephone Company shall implement community optional service between the Novelty exchange and the Edina exchange within 120 days after the issuance of this Order.

2. That this Order shall become effective on August 8, 1995.
