Issue Date: May 31, 2005

Effective Date: June 10, 2005

On April 25, 2005, the Staff of the Missouri Public Service Commission filed a pleading stating that it would file a recommendation in this matter by May 31, 2005. On May 27, 2005, Staff filed a request to extend the time by which it must file its report by 30 days. Staff stated that it is not able to file its recommendation by May 31, because Timber Creek Sewer Company had not submitted to the Department of Natural Resources an application for construction and operating permits.

The Commission has reviewed Staff's motion and, finding it reasonable, will grant the requested relief.
