Issue Date: December 23, 2010

Effective Date: December 23, 2010

On December 21, 2010, Lake Region Water & Sewer Company ("Lake Region") filed an application with the Missouri Public Service Commission, pursuant to Section 393.170, RSMo 2000, requesting that the Commission grant it authority to construct, install, own, operate, control, manage and maintain a sewer system for the public in unincorporated Camden County, Missouri. Lake Region asks for a certificate to serve certain sections of Township 40 North, Range 16 West in Camden County, Missouri.

In compliance with Commission Rule 4 CSR 240-3.305, Lake Region has provided a full legal description of the location for the proposed service area, a plat map, a feasibility study, and the names and addresses of ten residents or property owners of the proposed service area. Lake Region also asserts that there are no municipalities, public utilities or other governmental entities operating or rendering service within its proposed service area, and that it will not require any other franchises or permits.

The Commission finds that notice of this application should be given to the general public and interested parties and a date for intervention of proper parties should be set.

The Commission's Data Center shall mail a copy of this notice to the County Commission of Camden County, and to the Department of Natural Resources of the State of Missouri. In addition, the Commission's public information office shall make notice of this order available to the media serving Camden County and to the members of the General Assembly representing Camden County.

The requirement of a hearing has been fulfilled when all those having a desire to be heard are offered an opportunity to be heard. If no proper party or governmental entity is granted intervention and neither the Commission's Staff nor the Office of the Public Counsel requests a hearing, the Commission may determine that a hearing is not necessary.¹

THE COMMISSION ORDERS THAT:

1. The Missouri Public Service Commission's Data Center is ordered to serve notice as described in the body of this order.
2. The Missouri Public Service Commission's information office is ordered to serve notice as described in the body of this order.
