I. BACKGROUND OF WITNESS

- Q. Please describe your educational background and other qualifications.
- A. I graduated from California State University-Fresno, Fresno, California, and received a Bachelor of Science degree in Accounting. Prior to my employment with the Commission, local elected officials in county government employed me in various capacities. I was the Assistant Treasurer-Tax Collector for San Joaquin and El Dorado Counties in California. My responsibilities included all financial dealings of the counties and all accounting activities of the agency. In addition, I was the Supervising Accountant Auditor in El Dorado County for two years. My division was responsible for internal audits of all county agencies, special districts, and franchise/lease agreements.
 - Q. What has been the nature of your duties with the Commission?

- A. From April 1997 to December 2001, I worked in the Accounting Department of the Commission, where my duties consisted of directing and assisting with various audits and examinations of the books and records of public utilities operating within the State of Missouri under the jurisdiction of the Commission. From December 16, 2001, to August 2003, I was a Regulatory Auditor IV in the Energy Tariffs/Rate Design Department, where my duties consisted of analyzing applications, reviewing tariffs, and making recommendations based upon these evaluations. On August 16, 2003, I assumed the position of Rate and Tariff Examination Supervisor in the Water & Sewer Department where my duties consist of reviewing tariffs, preparing and analyzing cost of service and rate design, and performing accounting functions.
 - Q. Have you previously filed testimony before this Commission?
