

BEFORE THE MISSOURI PUBLIC SERVICE COMMISSION

In the Matter of the Stipulation Respecting Adjustments)
to Sewer Charges Applicable to Four Seasons Racquet and) Case No. SO-2011-0046
Country Club Condominium Owners Association, Inc.)

QUARTERLY STATUS REPORT

COMES NOW Lake Region Water and Sewer Company (“Lake Region” or “Company”)
and for this quarterly status report submits the following to the Commission:

1. The Company continues to take daily readings each day for the Parshall Flume and the associated water meters and forwards those readings to Staff Engineer Martin Hummel periodically.

2. Mr. Hummel visited the site with Company personnel and John Walker of the Racquet Club POA on August 23, 2011 to again test the accuracy of the installed flow meter. A measured amount of water was released and compared to the reading on the flow meter. Both the Company and Mr. Hummel believe the flow meter may require minor adjustment to ensure accuracy for billing purposes.

3. Mr. Hummel would like to have another conference with the Company and the customers involved to review the data and conclusions. The Company will continue to gather data and work with Mr. Hummel and the customers involved to determine the best future course of action. The parties believe it would be prudent to collect data for a month without irrigation use. There has been a large amount of irrigation this summer with the daily irrigation amounts often exceeding the drinking water amounts. The collection of daily irrigation data has been occasionally problematic. The irrigation system is scheduled to be shut down next week.

Respectfully submitted,

/s/ Mark W. Comley
