

2. Pursuant to 4 CSR 240-2.135(6), the Staff avers that disclosure of the document could be irreparably damaging to Cintex Wireless, LLC; that access to the document should be limited to the Commissioners, the assigned Regulatory Law Judge, the Public Counsel, and attorneys of record in this matter, provided that such persons with access may share the document with another person associated with the Missouri Public Service Commission, the Office of the Public Counsel, Cintex, or Cintex's counsel, as long as the person with access takes responsibility for ensuring that the document is not further shared and any copies except that in EFIS are destroyed; and that such classification is necessary to prevent harm to Cintex, which is consistent with the public interest.

WHEREFORE, the Staff moves that the Commission grant it permission to file a document as “Very Highly Confidential” with protections afforded as described above.

Respectfully submitted,

Colleen M. Dale, MoBar 31624
Attorney for the Staff of the
Missouri Public Service Commission
