**SOUTHWESTERN BELL TELEPHONY COMPANY'S REASON FOR  
CLASSIFICATION IN THE DIRECT TESTIMONY  
FILED ON NOVEMBER 7, 1997**

Southwestern Bell Telephone Company (SWBT) classified the Schedules and Exhibits of the Direct Testimony of Barry Moore and Barbara A. Smith as Highly Confidential. SWBT classified the following information as Highly Confidential because the exhibits and schedules contain highly sensitive market-specific information relating to services offered in competition with others. Specifically, they contain detailed cost information from the common cost allocation study and from SWBT's cost studies. This type of cost detail would be highly useful to competitors offering competing services in that it would help them determine whether to enter or exit the market and how to price their services. These cost study results are not otherwise available in the public domain, and, if so available, would be harmful to SWBT's ability to compete in the marketplace.

The following schedules are:
