**SUMMARY OF DIFFERENCES BETWEEN ATTACHMENT 2  
AND REVISION**

**General Terms and Conditions - Page 39 (Signatory Page).**

The following two paragraphs have been deleted:

\*The Parties acknowledge that on January 25, 1999, the United States Supreme Court issued its opinion in *AT&T Corp. v. Iowa Utilities Bd.*, 119 S. Ct. 721 (1999) and on June 1, 1999 issued its opinion in *Ameritech v. FCC*, No. 98-1381, 1999 WL 116994, 1999 Lexis 3671 (1999). By executing this MFN Agreement, and providing certain UNEs and UNE combinations (to the extent provided for under such Agreement), SWBT does not waive any of its rights, remedies or arguments with respect to such decisions, including its right to seek a modification to the underlying Agreement and this Agreement under the intervening law clause or other provisions of this Agreement to reflect the fact that SWBT's obligation to provision UNEs identified in this Agreement is subject to the provisions of the federal Act, including but not limited to, Section 251(d), including any legally binding interpretation of those requirements that may be rendered by the FCC, state regulatory agency or court of competent jurisdiction. SWBT further reserves the right to dispute whether any UNEs identified in the Agreement must be provided under Section 251(c)(3) and Section 251(d) of the Act, and under this Agreement.

\*This Agreement, entered into pursuant to Section 252(i) of the Telecommunications Act, is based on an approved contract previously entered into by SWBT and AT&T Communications of the Southwest, Inc. There was no meeting of the minds of those original parties that Internet traffic would be subject to reciprocal compensation as Local Traffic under that contract. The FCC has repeatedly asserted its interstate jurisdiction over Internet traffic, including as recently as in its Declaratory Ruling in CC Docket 96-98, released February 26, 1999, in which the FCC expressly confirmed that Internet bound traffic is non-local interstate traffic. For this reason, SWBT does not believe this Agreement provides local reciprocal compensation for Internet traffic and fully reserves its rights on this issue, including the right to invoke the dispute resolution or other lawful procedures to challenge any contention by any other party to the contrary.
