Re: Case No. TO-2000-374  
In the Matter of the Petition of the North American  
Numbering Plan Administrator, on Behalf of the  
Missouri Telecommunications Industry, for Approval  
of NPA Relief Plan for the 314 and 816 Area Codes

Dear Mr. Roberts:

NeuStar, Inc., in its role as the North American Numbering Plan Administrator ("NANPA") and acting on behalf of the Missouri telecommunications industry ("Industry")<sup>1</sup> and pursuant to the October 24, 2000 Report and Order ("Order") of the Missouri Public Service Commission ("Commission") in the above-referenced proceeding, submits an original and eight copies of the Industry's numbering plan area ("NPA") relief implementation plan and schedule for NPA relief in the 816 NPA.<sup>2</sup>

---

<sup>1</sup> The Industry is composed of current and prospective telecommunications carriers operating in or considering operations within the 816 area code of the state of Missouri.

<sup>2</sup> As the neutral third party administrator, NANPA has no independent view regarding the Industry's decisions.

# MORRISON & FOERSTER LLP

Mr. Dale Hardy Roberts  
December 21, 2000  
Page 2

In the Order, the Commission directed the Industry to implement an all services distributed overlay over the existing 816 area code. The Order also required the Industry to submit to the Commission, within sixty days of the release of the Order, its schedule for implementing the overlay NPA.

On November 30, 2000, by conference call, NANPA facilitated a meeting of the Industry to help establish the implementation plan and schedule for the 816 NPA.<sup>3</sup> During the meeting, the Industry reached consensus to adopt a timetable for implementing NPA relief, establish dialing patterns and other implementation elements for the 816 relief NPA. The following chart sets forth the Industry's implementation schedule:

EVENT	DATE
Permissive/Transitional 10-Digit Dialing Period Begins	October 20, 2001 - 12:01 a.m. (Central Time)
Permissive/Transitional 10-Digit Dialing Period Ends, Mandatory 10-Digit Dialing Begins	February 16, 2002 - 12:01 a.m. (Central Time)
Earliest Effective Date of Central Office Code Assignments in New NPA.	May 18, 2002

During the November 30 meeting, the Industry reached consensus to adopt the following dialing plan:

- All local calls within and between the 816 and the new NPA will require 10-digit dialing.
- All toll calls within and between the 816 and the new NPA will require 1+10 digit dialing.

The Industry reached consensus to create subcommittees to address outstanding customer education and technical implementation issues. Southwestern Bell volunteered to provide a test number for the purpose of implementing the new relief NPA.

---

<sup>3</sup> A copy of the minutes of the November 30, 2000 meeting, including a list of attendees, is attached.

**MISSOURI - 816 NPA  
INITIAL IMPLEMENTATION MEETING  
CONFERENCE CALL**

**NOVEMBER 30, 2000**

**WELCOME & INTRODUCTIONS**

Mr. Frank Colaco, NeuStar, Inc., North American Numbering Plan Administration (NANPA) NPA Relief Planner opened the meeting with introductions, a review of the agenda and the objectives of the meeting. A list of attendees can be found in Attachment 1.

Mr. Colaco also reviewed the consensus process definition with the participants and emphasized silence was consensus.

**REVIEW OF CURRENT 816 NPA STATUS AND NXX CODE ASSIGNMENT**

Mr. Joseph Rano, Sr. Code Administrator, provided the following code assignment history over the last six months for the 816 NPA:

Available CO Codes: 177 codes  
Assigned CO Codes: 582 codes  
Unavailable CO Codes: 41 codes

Assignment history:

June	July	August	Sept	Oct	Nov
17	22	4	2	4	1

**DISCUSS APPROVED RELIEF PLAN**

Mr. Colaco reviewed the plan approved by the Missouri Public Service Commission (PSC), which ordered the 816 NPA to receive an all services distributed overlay. He also noted that the Order required that an implementation schedule be filed with the MPSC no later than 60 days following the effective date of the order, or December 23, 2000.

**ESTABLISH IMPLEMENTATION SCHEDULE**

A proposal was made, and consensus was reached to adopt the following schedule for implementation of the 816 relief plan:

EVENT	DATE
Permissive / Transitional Dialing Begins	October 20, 2001 12:01 AM (CDT)
Transitional Dialing Period Ends, Mandatory 10D Dialing Begins	February 16, 2002 12:01 AM (CST)
Earliest Effective Date of NXX Codes Assignments in New NPA	May 18, 2001

## **ESTABLISH DIALING PLAN**

A proposal was made and consensus was reached to adopt the following dialing plan between the 816 and the new NPA:

- All local calls within and between 816 and NEW NPA will require 10-digit dialing.
- All toll calls within and between 816 and NEW NPA will require 1+10 digit dialing.

The Industry respectfully requests that the Missouri Public Service Commission consider allowing the above referenced dialing plan for the New NPA.

*Due to an oversight, the discussion of the dialing plan was inadvertently omitted from the agenda of the implementation meeting that was held on November 30, 2000. During the conference call held December 18 to review and approve these minutes, consensus was reached to adopt the aforementioned dialing plan between the 816 and the new relief NPA.*

## **TEST NUMBER**

Southwestern Bell volunteered to provide a test number for the purpose of implementing the new NPA. The actual number, as well as its dates of availability will be published in the Planning Letter for this NPA implementation.

## **DUPLICATE CODES**

CO Code Administration indicated that there were no issues related to Duplicate Codes at this time. Cut off date for the service providers to request duplicate codes will be December 1, 2000.

## **ESTABLISH SUBCOMMITTEES**

Technical Subcommittee: Jack Johnson (Sprint PCS) and Celine McArthur (Teligent) both volunteered to participate, but did not wish to chair the subcommittee.

Customer Education Subcommittee: Jennifer Bosshardt [jennifer.bosshardt@mail.sprint.com] (Sprint) agreed to co-chair the Customer Education Subcommittee. Shannon Harrington (SBC) agreed to participate in the subcommittee.

Industry Subcommittee: It was agreed that an Industry Subcommittee would be formed. There are no co-chairs or Industry participants identified at this time.

## **FILE IMPLEMENTATION SCHEDULE**

Pursuant to the requirement of the MPSC Order, the Implementation Plan, together with final approved minutes of this call will be filed with the Commission on or before December 22, 2000.

### **CONFERENCE CALL TO REVIEW AND APPROVE MEETING MINUTES**

Consensus was reached that NANPA would distribute the draft meeting minutes resulting from this call, as well as the draft Commission filing by December 12, 2000. Additionally, a conference call was scheduled to review the minutes and draft filing to the MPSC. Details are as follows:

Date:	Monday, December 18, 2000
Time:	10:00 AM (CST)
Call-in Number:	847-413-2931
Access Code:	6645290
