**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**

FILED

OCT 15 2003

**Missouri Public
Service Commission**

In the Matter of the Application of)
Lake Region Water and Sewer company)
for a Certificate of convenience and) Case No.
necessity authorizing it to enlarge)
and extend its service area and to)
construct, install, own, operate, control,)
manage, and maintain a water system)
for the public located in an unincorporated)
area in Camden and Miller Counties, Missouri)

APPLICATION

COMES NOW, Lake Region Water and Sewer Company (hereinafter "Region" or "Applicant") and pursuant to Paragraph 393.170, RSMo 2000 and 4 CSR 240-2.060(4)(A) and states to the Missouri Public Service Commission ("Commission") as follows:

1. Applicant is a Missouri corporation duly organized and existing under and by virtue of the laws of the State of Missouri with its principal office and place of business located at. Region currently provides sewer service to members of the public located in an unincorporated areas of Camden and Miller counties of Missouri and , accordingly, is subject to the jurisdiction, control and regulation of the Commission as provided by law.

2. Communications in regard to the Application should be addressed to:

Fritz Ritter, Manager
Lake Region Water and Sewer Company
1 Grand Point Blvd.
Gravois Mills, MO 65079
573-392-5850

Thomas Loraine MO #22206
Loraine & Associates
4075 Highway 54
Lake Ozark, Mo 65065
573-348-8909

3. Applicant previously applied for and received a Certificate of Convenience and Necessity (CCN) from the Commission to provide service in its existing service territory in Commission Case No. WA-95-164 .

Case No.WA-95-164, July 11, 1997 Order Approving Unanimous and Stipulation and Agreement, Granting Certificate of Convenience and Necessity, approving tariffs, and denying

Application to Intervene. Also, noted is Commission's Case No. WO-99-469 Order recognizing change of Corporate name and filing of Adoption Notice.)

4. Applicant requests permission, approval and a certificate of public convenience and necessity to extend, install, own, acquire, construct, operate, control, manage and maintain a **water system** for the public in areas adjacent to its existing territory all located in the unincorporated area in Camden and Miller Counties, Missouri, as set forth on the map marked as **Appendix 1** and attached to this Application.

The area adjacent to its existing territory and identified in **Appendix 1** is characterized as **Shawnee Bend #3 & #4** and is as described in **Appendix 3**. The extended and enlarged CCN added to the original CCN from Commission Case No. WA-95-164 are: Extend westward south of existing State Highway MM-42 to include Government Lot #17. This description includes all of "Villages" Subdivisions; Continuing northerly at the six hundred and sixty (660) Lake of Ozarks foot level then southerly along the Lake of the Ozarks shore line including all Shawnee Bend subdivisions #3; all Shawnee Subdivisions #4 and Lot # 5 of Government Lot 7 on Map #08-03-05.2 to existing certified area described by metes and bounds in original CCN awarded in Case No. WA-95-164.

5. In accordance with 4 CSR 240-2.060(4)(A)(5), Applicant prepared one feasibility study in Case WA-95-164 which, among other things, described extensive water infrastructure and contained plans and estimated costs of the utility plant and equipment, proposed rates and charges, and an estimate of the number of customers, revenues and expenses. This enlargement and extension of original CCN enhances this original feasibility study submitted in Case WA-95-164 and the added feasibility study of Shawnee Bend #3 & #4 is identified in **Appendix 4**.

6. There are no municipalities located within the proposed area, and approval of Camden and Miller Counties is not required for the Applicant to provide the sewer service provided. The issuance of construction and operating permits from the Missouri Department of Natural Resources ("DNR") is subject to Commission certification inasmuch as the Commission's Certificate of Convenience and Necessity establishes the requirement of control and responsibility for the water system under DNR regulations. Applicant expects that its water system will meet all requirements of the DNR.

7. There are no other public utilities or governmental bodies being operated or rendering service within the area proposed to be served.

8. The area requested to be certified is comprised of

approximately one hundred fifty seven (157) lots that are to developed into residential Subdivision.

Sewer service to those homes, absent Commission approval of the CCN area enlargement and extension, would consist multiple drilled wells into the aquifer. The nature of the problems of operating a multitude of individual drilled wells with the possible negative impact on the quality of the aquifer which provides a source of drinking water to all residents of the area. Therefore, public need exists for adequate water service within the area proposed to be served, and the public convenience and necessity will be promoted by the granting of the authority herein requested.

9. A certificate of the Missouri Secretary of State evidencing the corporate good standing of Applicant is attached hereto as **Appendix 2**. See 4 CSR 240-2.060 (1)(B).

11. Applicant has no pending action or final unsatisfied judgements or decisions against it from any state or federal agency or court which involve customer service or rates which action, judgement or decision has occurred within three (3) years of the date of this application.

12. Application has no annual report or assessment fees which are currently overdue..

WHEREFORE, Applicant requests the Commission grant it permission, approval and a certificate of convenience and necessity authorizing it to install, acquire, build, construct, own, operate, control, manage and maintain a sewer system for the public within the area referred to n paragraph 4, authorizing Applicant to implement rates and charges for the provision sewer service consistent with those contained in the feasibility study originally presented in Commission Case WA-95-164 , and for such other orders as the Commission deems proper under the circumstances.

Respectfully submitted
