**TARIFF FORMAT**

- A. Page Numbering** - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the Tariff. When a new page is added between pages already in effect, a decimal is added.
- B. Page Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised Page 14 cancels the 3rd revised Page 14. Because of the various suspension periods and deferrals the Commission follows in its Tariff approval process, the most current page number on file with the Commission is not always the Tariff page in effect. Consult the check sheet for the page currently in effect.
- C. Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2
  - 2.1
  - 2.1.1
  - 2.1.1.A
  - 2.1.1.A.1
  - 2.1.1.A.1.(a)
  - 2.1.1.A.1.(a).I
  - 2.1.1.A.1.(a).I.(i)
  - 2.1.1.A.1.(a).I.(i).(1)
- D. Check Sheets** - When a Tariff filing is made with the Commission an updated check sheet accompanies the filing. The check sheet lists the pages contained in the Tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (\*). There shall be no other symbols used on this page if these are the only changes made to it. The Tariff user should refer to the latest check sheet to find out if a particular page is the most current on file with the Commission.

### **EXPLANATION OF SYMBOLS**

Changes to this Tariff shall be identified on the revised page(s) through the use of symbols. The following are the only symbols used for the purposes indicated below:

- (I) indicates an increase in rates
- (D) indicates a decrease in rates
- (N) indicates new rates or regulations
- (O) indicates omission
- (C) indicates change in text of regulations
- (T) indicates temporary rates and/or surcharges

## SECTION 2 - RULES AND REGULATIONS

### 2.1 Application of Tariff

- 2.1.1 This Tariff contains the regulations and rates applicable to dedicated telecommunications services provided by the Company to business customers only. The services described in this Tariff are not offered to residential customers.

This Tariff applies only to the extent that services provided hereunder are used by a Customer for the purpose of originating, terminating, or completing intrastate communications between points within the State of MISSOURI and the Customer has not entered into an agreement with the Company regulating the ICB rates, terms, conditions and charges. A communication is “intrastate” only if all points of origination and termination are located within the State.

### 2.2 Scope

The Company undertakes to furnish dedicated services in accordance with the terms and conditions set forth in this Tariff except where the Company has entered into an agreement with a Customer regulating the ICB rates, terms, conditions and charges. The provision of service under this Tariff shall not create a partnership or joint venture between the Company and Customer.

### 2.3 Shortage of Equipment and Facilities

All service is subject to the availability of suitable facilities and where the Company can secure acceptable arrangements with underlying suppliers (for resold or other leased services). The Company may deny service, limit the length of service, or discontinue furnishing services when necessary because of the lack of acceptable transmission medium capacity, the unavailability of equipment and facilities, or because of any causes beyond its control.

### 2.4 Terms and Conditions

- 2.4.1 Service is provided on the basis of a minimum period of at least one month, 24-hours per day. For the purpose of computing charges in this Tariff, a month is considered to have 30 days.

---

**SECTION 2 - RULES AND REGULATIONS**

- 2.4.2 Services requested by a Customer under this Tariff shall be requested on service order forms (“Service Orders”) in effect from time to time that shall contain or reference this Tariff, the name of the Customer, a specific description of the service ordered and applicable bandwidth, the requested start date (“Requested Start Date”), the rates to be charged, the duration of the services, and the terms and conditions in this Tariff. Customers will also be required to execute any other documents as may be reasonably requested by the Company to supplement the terms and conditions contained in this Tariff.
- 2.4.3 The Company will make reasonable efforts to meet a Customer’s Requested Start Date. In the event that a Requested Start Date is altered, Customer’s Requested Start Date will be changed to reflect the number of days of delay or advance, as appropriate (the “Service Commencement Date”).
- 2.4.4 The Company’s standard service implementation interval for services provided on the Company’s owned and operated facilities is forty-five (45) days from acceptance of a Service Order by the Company’s Customer Care department. Such acceptance shall be indicated by the signature of a representative of such department on the Service Order. The standard service implementation interval for services provided by a third party and either partially or wholly off of the Company’s owned and operated network shall be determined on an ICB. The Company shall make reasonable efforts to provide services within its standard service implementation interval or on Customer’s Requested Start Date and shall not be liable to pay to the Customer any penalties or damages for Company’s failure to meet such standard service implementation intervals.
- 2.4.5 Services shall be deemed to begin on the date the Company issues notice that service is available (the “Service Commencement Date”), unless the Company receives written notice from the Customer within two (2) business days after the Company’s issuance of notice that service is available, stating that the service is in material non-compliance with applicable technical specifications.

**SECTION 2 - RULES AND REGULATIONS****2.5     Limitations on Liability**

2.5.1     Except as otherwise stated in this section, the liability of the Company for damages arising out of either: (1) the furnishing of its services, including, but not limited to mistakes, omissions, interruptions, delays, or errors, or other defects, representatives, or use of these services or (2) the failure to furnish its service, whether caused by acts or omission, shall be limited to the extension of Outage Credits to the Customer for interruptions in service as set forth in section 2.15 of this Tariff.

2.5.2     Except for the extension of Outage Credits to the Customer for interruptions in service, the Company shall not be liable to a Customer or third party for any direct, indirect, special, incidental, reliance, consequential, exemplary or punitive damages, including, but not limited to, loss of revenue or profits, for any reason whatsoever, including but not limited to any act or omission, failure to perform, delay, interruption, failure to provide any service, or any failure or breakdown of facilities associated with the service.

**2.5.3     Liability**

(A)     The Company shall not be liable for claim or loss, expense or damage (including indirect, special or consequential damage) for any interruption, delay, error, omission, or defect in any service, facility (including services and facilities involved in emergency calling activity) or transmission provided under this Tariff, if caused by any person or entity other than the Company, by any malfunction of any service or facility provided by any other carrier, an act of God, fire, war, civil disturbance, or act of government, or by any other cause beyond the Company's direct control.

(B)     The company shall not be liable for, and shall be fully indemnified and held harmless by Customer and Subscriber against any claim or loss, expense, or damage (including indirect, special or consequential damage) for defamation, libel, slander, invasion, infringement of copyright or patent, unauthorized use of any trademark, tradename or service mark, unfair competition, interference with or misappropriation or violation of any contract, proprietary or creative right, or any other injury to any person, property or entity arising out of the material, data, information, or other conduct revealed to, transmitted by, or used by the Company under this Tariff; or for any act or omission of the Customer or Subscriber; or for any personal injury or death of any person caused directly or indirectly by the installation, maintenance, location, condition, operation, failure, presence, use, or removal of equipment or wiring provided by the Company, if not caused by negligence of the Company.

**SECTION 2 - RULES AND REGULATIONS**

- (C) The Company shall not be liable for any defacement of or damages to the premises of a Customer or Subscriber, resulting from the furnishing of service, which is not the result of the Company's negligence.
  - (D) Except when a court of competent jurisdiction finds that gross negligence, willful neglect, or willful misconduct on the Company's part has been a contributing factor, the liability of the Company for any claim or loss, expense or damage (including indirect, special or consequential damage) for any interruption, delay, error, omission, or defect in any service, facility (including services and facilities involved in emergency calling activity) or transmission provided under this Tariff shall not exceed an amount equivalent to the prorata charge to the Customer or Subscriber for the period of service or facility usage during which such interruption, delay, error, omission or defect occurs. For the purpose of computing this amount, a month is considered to have thirty (30) days.
- 2.5.4 The Company and the Customer shall defend, indemnify and hold harmless the other against and from any and all claims for property damage, physical personal injury or wrongful death to the extent that such arises out of the gross negligence or willful misconduct of the respective indemnifying party, its employees, agents, or contractors in connection with the provision or use of service or other performance.
- 2.5.5 THE COMPANY MAKES NO WARRANTIES OR REPRESENTATIONS, EXPRESS OR IMPLIED EITHER IN FACT OR BY OPERATION OF LAW, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, EXCEPT THOSE EXPRESSLY SET FORTH HEREIN. ## SECTION 2 - RULES AND REGULATIONS

2.5.6 Customers shall make all arrangements with copyright holders, music licensing organizations, performers' representatives or other parties for necessary authorizations, clearances or consents with respect to transmission contents ("Consents"). Customers shall indemnify and hold harmless the Company and Providers (as defined below) against and from any court, administrative or agency action, suit or similar proceeding, whether civil or criminal, private or public, brought against Providers arising out of or related to the contents transmitted hereunder (over Company's network or otherwise) including, but not limited to, claims, actual or alleged, relating to any violation of copyright law, export control laws, failure to procure Consents, failure to meet governmental or other technical broadcast standards, or that such transmission contents are libelous, slanderous, an invasion of privacy, pornographic, or otherwise unauthorized or illegal. Providers shall be defined to include the Company, any third party or affiliated provider, operator or maintenance/repair contractor of facilities employed in connection with the provision of services under this Tariff. The Company may terminate or restrict any transmissions over the network if, in its judgment, (a) such actions are reasonably appropriate to avoid violation of applicable law; or (b) there is a reasonable risk that criminal, civil or administrative proceedings or investigations based upon the transmission contents shall be instituted against Providers. Customer agrees not to use services for any unlawful purpose, including without limitation any use that constitutes or may constitute a violation of any local, state or federal obscenity law.

### 2.6 Testing and Adjusting

Upon reasonable notice, the Company may make such tests, adjustments, and inspections as may be necessary to maintain the Company's facilities in satisfactory operating condition. No interruption allowance will be credited to the Customer for the period during which the Company makes such test, adjustments, or inspections.

### 2.7 Provision of Equipment and Facilities

2.7.1 The Customer has sole responsibility for installation, testing and operation of facilities, services and equipment ("Customer Facilities") other than those specifically provided by the Company as part of the services described in a Service Order. In no event will the untimely installation or non-operation of Customer Facilities relieve Customer of its obligation to pay charges for service after the Service Commencement Date.

2.7.2 Any equipment provided by the Customer must be itemized on a schedule listing all such Customer-provided equipment and appended to the Service Order to which use of that equipment relates ("Customer Equipment Inventory"). The Company shall not be obligated to provide service if the Customer will be providing any of its own equipment unless and until such equipment is itemized on the applicable Customer Equipment Inventory.

---

**SECTION 2 - RULES AND REGULATIONS**

2.7.3 Title to all facilities provided by the Company, its agents, contractors, or suppliers in accordance with this Tariff remains in the Company, its agents, contractors, or suppliers.

2.8 Special Construction

Subject to the arrangement of the Company and to all of the regulations contained in this Tariff, special construction of facilities may be undertaken on a reasonable effort basis at the request of the Customer. Special construction charges will be determined as described herein on an ICB. Special construction is that construction undertaken:

1. where facilities are not presently available, and there is no other requirement for the facilities so constructed;
2. of a type other than that which the Company would normally utilize in the furnishing of its services;
3. over a route other than that which the Company would normally utilize in the furnishing of its services;
4. in a quantity greater than that which the Company would normally construct;
5. on an expedited basis;
6. where a change in service is made after the service has been installed;
7. on a temporary basis until permanent facilities are available;
8. involving abnormal costs; or
9. in advance of its normal construction.

2.9 Prohibited Uses

2.9.1 The services the Company offers shall not be used for any unlawful purpose or for any use that the Customer has not obtained all required governmental approvals, authorization, licenses, consents, and permits.

2.9.2 The Company may require applicants for service who intend to use the Company's offering for resale and/or for shared use to file a letter with the Company confirming that their use of the Company's offering complies with relevant laws and regulations, policies, orders, and decisions.
