Re: Sprint Communications L.P.; Surrender Its Authorization to Provide Local Exchange and Interexchange Services

Dear Secretary Woodruff:

Sprint Communications Company L.P. (“Sprint Communications”) respectfully notifies the Missouri Public Service Commission (“Commission”) that it is requesting cancellation of its authorizations to provide local exchange and interexchange services in the State of Missouri.

In Case TA-87-45, the Commission approved Sprint's application to provide statewide intraLATA toll service. The Commission subsequently approved Sprint's request to provide local exchange services in Case TA-96-924 in SW Bell and GTE local exchanges, which was subsequently expanded in TA-97-269 to exchanges operated by CenturyTel, Spectra, and Sprint ILECs.

Sprint Communications has obtained the required FCC 47 CFR 63.71 approvals to discontinue service and no longer has customers receiving any basic local exchange or intraLATA services requiring a certificate. Accordingly, there are no customers to be notified regarding this request, and cancellation of Sprint Communications' certificates will have no adverse consequences for consumers in Missouri. Concurrent with this cancellation, Sprint is hereby withdrawing Missouri Tariff Missouri P.S.C. Tariff No. 5 and Missouri Local Switching tariff filed in July 2017.

Sprint has previously registered with the Commission as an interconnect Voice over Internet Protocol (IVoIP) provider. Any current Missouri customers of Sprint, which are either large enterprise or wholesale customers, purchase IVoIP services according to terms and conditions set forth in a private negotiated service agreement.

Sprint Communications understands that formal application to the Commission is not required to surrender its certificates in Missouri. Please acknowledge receipt of this filing by date-stamping the extra copy of this cover letter and returning it to me in the self-addressed, stamped envelope provided for that purpose.

Please contact me if you have any questions.

Very truly yours,
