**RESALE AGREEMENT BETWEEN
SOUTHWESTERN BELL TELEPHONE COMPANY
AND REITZ RENTALS, INC. D/B/A SOUTHWEST TELECONNECT**

This Agreement is between Southwestern Bell Telephone Company ("SWBT"), a Missouri corporation, and Reitz Rentals, Inc. d/b/a Southwest Teleconnect ("CLEC"), a Texas corporation, (collectively, "the Parties") entered into this _____ day of _____, 1999.

WHEREAS, pursuant to the Telecommunications Act of 1996 (the "Act"), the Parties wish to establish terms for the purchase by CLEC of certain SWBT retail telecommunications services and certain other services for resale by CLEC to its local exchange end users in the State of Missouri. Therefore, the Parties hereby agree as follows:

The geographic scope of this Agreement shall include all exchanges served by SWBT where SWBT serves as the incumbent Independent Local Exchange Carrier in the state of Missouri. This Agreement shall exclusively govern CLEC's purchases of the services, which are the subject of this Agreement, including any Appendices, Exhibits, Attachments and/or Amendments hereto. By entering into this Agreement, CLEC agrees that it is purchasing services pursuant to this Agreement and shall continue to abide by all terms of this Agreement unless terminated as provided herein.

I. DESCRIPTION AND CHARGES FOR SERVICES

- A. Attached hereto as Exhibit A is a list of Telecommunications Services currently available for resale at the wholesale discount rate of 19.2% off the retail rate for each service. Except as otherwise expressed herein and consistent with SWBT's obligation under § 251(c)(4)(A) of the Act, CLEC may resell other Telecommunications Services offered by SWBT and not listed in Exhibit A. Exhibit B contains a list of other services available for resale at the discount included in the exhibit.
- B. SWBT shall make available to CLEC for resale SWBT's Bill Plus and Consolidated Billing service at a discount of five per cent (5%) off of SWBT's tariffed rate for each service (or in the event either of these services is not tariffed, at the rate SWBT charges its subscribers).
- C. SWBT shall make available for resale by CLEC the following SWBT services at SWBT's tariffed rate for each service (or in the event a service is not tariffed, at the rate SWBT charges its subscribers, except as otherwise provided herein):

000004

- Construction Charges
 - Distance Learning
 - Connections with Terminal Equipment and Communication Systems
 - Maintenance of Service Charges
 - Suspension Services
 - Telecommunications Service Priority Systems
 - Access Services
 - Cellular Mobile Telephone Interconnection Services
 - Exchange Connection Services
 - Shared Tenant Service
- D. Suspension of Service discounts apply to the discounted rate for the underlying service. When CLEC resells Shared Tenant Service, CLEC will receive the discount associated with the underlying service used in the shared tenant arrangement.
- E. SWBT shall be under no obligation to offer the following for resale:
- BDS/LAN
 - Customer Provided Equipment
 - Customized Billing Reports
 - InLine® Products
 - Inside Wiring
 - Semi-Public Telephone Booths and Enclosures
 - 911 Universal Emergency Number Equipment
- F. Educational and Lifeline/Linkup services will be wholesale priced at zero discount.
- G. Grandfathered services are also available for resale at the applicable wholesale discount to the same customers at the same location to which SWBT offers the service.
- H. Telecommunications Services will be resold to CLEC on terms and conditions that are reasonable and nondiscriminatory.
- I. Unless otherwise provided in this Agreement, SWBT shall perform all of its obligations hereunder throughout the entire service area where SWBT is the incumbent local exchange carrier. SWBT will provide the services covered by this Agreement subject to the availability of facilities in this state on a nondiscriminatory basis with its other customers.

000005

- J. CLEC may offer to resell Customer Initiated Suspension and Restoral Service to their end users as outlined in the corresponding retail tariff. SWBT will offer to CLEC Company Initiated Suspension Service for their own purposes at the SWBT retail tariffed rate. Should CLEC choose to suspend their end user through Company Initiated Suspension Service, this suspension period shall not exceed fifteen (15) calendar days. If CLEC issues a disconnect on their end user account within the fifteen (15) day period, appropriate services will not be billed for the suspension period. However, should CLEC issue a disconnect after the fifteen (15) day suspension period, CLEC will be responsible for all appropriate charges on the account as of the suspension date. Should CLEC restore their end user, restoral charges at the SWBT retail tariffed rate will apply and CLEC will be billed for the appropriate service from the time of suspension.

II. TERMS AND CONDITIONS FOR RESALE OF SERVICES

The following terms and conditions are applicable to all services purchased under this Agreement.

A. Permitted Use of Resold Services by CLEC and Its End Users

1. For services included in this Agreement, which are offered through tariffs by SWBT to its end users, the rules and regulations associated with the applicable State General Exchange Tariff, Local Exchange Service Tariff, and the other tariffs for the resold service (such tariffs collectively referred to herein as "corresponding tariffs"), apply except as otherwise provided herein.
2. CLEC shall only sell Plexar® services to a single end user.
3. Except where otherwise explicitly provided in the corresponding tariffs, CLEC shall use commercially reasonable efforts to not permit the sharing of a service or services by multiple end users or the aggregation of traffic from multiple end users onto a single service.
4. CLEC shall only resell services purchased under this Agreement to the same class of end users to whom SWBT sells such services (e.g. residence service shall not be resold to business end users). CLEC may only resell Lifeline Assistance, Link-Up, and other like services to similarly situated customers who are eligible for such services. Further, to the extent CLEC resells services that require

000006

certification on the part of the buyer, CLEC will use commercially reasonable efforts to ensure that the buyer has received proper certification and complies with all rules and regulations as established by the Commission.

5. SWBT promotions of ninety (90) days or less shall not be available to CLEC for resale.
6. CLEC shall use commercially reasonable efforts to not use a resold service to avoid the rates, terms and conditions of SWBT's corresponding tariffs.
7. CLEC shall use commercially reasonable efforts to not use resold local exchange telephone service to provide access or interconnection services to itself, interexchange carriers (IXCs), wireless carriers, competitive access providers (CAPs), or other telecommunications providers. Provided however, that CLEC may permit its end users to use resold local exchange telephone service to access IXCs, wireless carriers, CAPs, or other retail telecommunications providers.
8. If CLEC is in violation of a provision of this Agreement, SWBT shall notify CLEC of the violation in writing of the specific provision being violated. At such time, CLEC shall have thirty (30) days to correct the violation and notify SWBT in writing that the violation has been corrected. SWBT shall then bill CLEC for the charges which should have been collected by SWBT without such violation or the actual revenues collected by CLEC from its end users for the stated violation, whichever is greater. If CLEC disputes the violation, it shall notify SWBT in writing within fourteen (14) days of receipt of notice from SWBT. Disputes shall be resolved as outlined in the Dispute Resolution section of this Agreement.
9. SWBT will apply any Commission mandated end-user charges including an End User Common Line (EUCL) charge to each local exchange line resold under this Agreement. All federal rules and regulations associated with EUCL charges, as found in Tariff FCC 73, also apply to such EUCL charges.

000007

10. To the extent allowable by law, CLEC shall be responsible for Primary Interexchange Carrier ("PIC") change charges associated with such local exchange line. CLEC shall pay for PIC changes at the tariffed rate.
11. SWBT is not required to make services available for resale at wholesale rates to CLEC for its own use or to CLEC's affiliates, subsidiaries, predecessors, successors or assignees.

B. Use of SWBT Trademarks

Except where otherwise required by law, CLEC shall not, without SWBT's written authorization, offer the services covered by this Agreement using the trademarks, service marks, trade names, brand names, logos, insignia, symbols or decorative designs of SWBT or its affiliates. Nor shall CLEC state or imply that there is any joint business association or similar arrangement with SWBT in the provision of telecommunications services to CLEC's own end users. CLEC may brand services included in this Agreement with its own brand name, but SWBT shall not be responsible for providing such branding.

C. Network and Service Order Conditions

1. SWBT shall provide the services covered by this Agreement subject to availability of existing facilities and on a nondiscriminatory basis with its other customers. CLEC shall resell the services provided herein only in those service areas in which such resale services or any feature or capability thereof are offered at retail by SWBT as the incumbent local exchange carrier to its end users.
2. When CLEC converts an end user currently receiving noncomplex service from the SWBT network, without any changes to SWBT's network, CLEC will be charged a per order (i.e., per billable telephone number) conversion charge of twenty-five dollars (\$25.00) in Missouri. Conversion orders processed and completed electronically will be charged five dollars (\$5.00) per order on an interim basis. Complex orders will be charged at a rate of one hundred twenty-five dollars (\$125.00). Custom Services conversions (e.g. Plexar Custom) will be handled on a Customer Specific Proposal basis.

000008

When CLEC converts an end user and additions or changes are made to the network, the respective conversion charge will apply, as well as any normal service order charges associated with said changes. All nonrecurring service connection charges, excluding the conversion charge mentioned above, will be charged at a discount for those services listed in Exhibits A and B.

3. For the purposes of ordering new service under this Agreement, each request for service shall be handled as a separate and initial request for service per billable telephone number. The additional line rate for Service Order Charges shall apply only to those requests for additional residential service at the end user's same location where a residential line is currently provided on SWBT's network, regardless of the nonfacilities based Local Service Provider of record.
4. CLEC service orders shall be handled in the same fashion as SWBT employs for its own end users.

III. ADDITIONAL SERVICES

A. 911/E911

1. Access to the 911 or E911 service, available to SWBT end users in the area(s) served by CLEC, shall be made available to CLEC's end users.
2. With respect to CLEC's end users, CLEC shall be responsible for collecting and remitting all applicable 911 surcharges on a per line basis to the Public Safety Answering Point (PSAP).
3. When reasonably requested by SWBT, CLEC shall timely provide accurate and complete information on each of CLEC's end users as needed for the provisioning of 911 service to CLEC's end users. Such information shall be in a format determined by SWBT.

000009

B. Dialing Parity

1. Local Dialing Parity

SWBT agrees that local dialing parity shall be available to CLEC. That is, end users of SWBT and end users of CLEC shall have the same exchange boundaries and such end users shall be able to dial the same number of digits when making a "local" call.

2. IntraLATA Toll Dialing Parity

SWBT agrees to make intraLATA toll dialing parity available in accordance with Section 251(b)(3) of the Act.

C. White Page Directories: Listings, Distribution and Information Page

1. At CLEC's request, SWBT shall provide nondiscriminatory access to White Pages directory listing and distribution services under the terms and conditions described herein:
 - a. SWBT shall provide, at no additional charge, a straight line listing in the appropriate SWBT white pages for each of CLEC's local exchange service end users. Subscriber listing information shall, however, remain the property of SWBT.
 - b. Additional Listing Services (e.g., foreign and signature listings) can be purchased by CLEC for its end users on a per listing basis. CLEC shall pay SWBT for all such listings provided to CLEC's end users. The discounts applicable to Listing Services are contained in Exhibits A and B to this Agreement.
 - c. CLEC end users shall be entitled to one White Pages directory per basic residential or business line provided by SWBT pursuant to this Agreement.
 - d. SWBT or its agents shall deliver a White Pages directory to CLEC end user's premises at the same time that such directories are delivered to SWBT end users. If an CLEC's end user already has a current SWBT directory, SWBT

000010

shall not be required to deliver a new directory to that end user until the new directories are published for that end user's location.

- e. CLEC hereby releases SWBT from any and all liability for damages due to errors or omissions in CLEC's subscriber listing information as it appears in the White Pages directory, including, but not limited to, special, indirect, consequential, punitive or incidental damages. SWBT liability for actual damages due to errors or omissions will not be limited where such damages result from SWBT's willful misconduct or gross negligence. To the extent CLEC reimburses its end user subscriber any listing charge due to errors or omissions caused directly by SWBT, SWBT shall reimburse CLEC any associated wholesale rate.

2. Information Page

- a. At CLEC's request, SWBT shall include in the "Informational Page" section of SWBT's White Pages directory, for those geographical areas in which CLEC provides local exchange services, CLEC's customer contact information regarding emergency services, billing and service information, repair services and other pertinent information similar to that provided by SWBT in its "Informational Pages." Such information shall be included on the same page with other CLEC information.
- b. At CLEC's option, CLEC shall be provided a single "Informational Page" (one side of one page) in the informational section of the White Pages directory covering a geographic area where a CLEC provides local exchange service. This page shall be no different in style, size, color and format than SWBT "Informational Pages." Sixty (60) days prior to the directory close date, CLEC shall provide to SWBT the CLEC "Informational Page" in the form of camera-ready copy. The charges associated with this service vary from geographic market to market, and are charged outside this Agreement.

000011

D. Directory Assistance ("DA")

SWBT shall provide access to DA to CLEC's end users. CLEC shall pay the charges associated with the use of such services by CLEC's end users. The discounts applicable to such services are contained in Exhibits A and B, which is attached hereto and made a part hereof.

E. Operator Services ("OS")

1. SWBT shall provide access to Operator Services to CLEC's end users. CLEC shall pay the charges associated with the use of such services by CLEC's end users. The discounts applicable to such services are contained in Exhibits A and B, which is attached hereto and incorporated by reference.
2. SWBT shall provide Line Status Verification and Busy Line Interrupt on calls made on SWBT's network to CLEC end users. CLEC shall pay SWBT associated charges when its end users request such services, with discounts to apply as listed in Exhibits A and B.

F. Payphone Services

1. CLEC may enter the business of providing local telecommunications services to payphone service providers ("PSPs") for PSPs' use in providing payphone service. Local telecommunications services which PSPs use in providing and which are provided to PSPs by CLEC by means of reselling those of SWBT's services offered pursuant to the General Exchange Tariff are referred to in this Agreement as "Payphone Lines". In its Common Carrier Docket No. 96-128, the Federal Communications Commission ("FCC") has ordered SWBT to compensate PSP customers of CLECs that resell SWBT's services for certain calls originating from pay telephones and received by the resale-based carriers. (Implementation of the Pay Telephone Reclassification and Compensation Provisions of the Telecommunications Act of 1996, FCC Docket No. 96-128, Report and Order, para. 86 (1996)). This compensation is referred to in this Agreement as "Per Call Compensation".

2. The Parties desire that SWBT satisfy its obligation to pay Payphone Compensation to Payphone Service Providers (PSPs) who are customers of CLEC by paying the Payphone Compensation to the CLEC who will then forward the Payphone Compensation directly to the PSPs.

IV. RESPONSIBILITIES OF SWBT

- A. SWBT shall process Local Service Requests submitted by CLEC and provide phone number assignments (for new lines). These activities shall be accomplished by telephone call or facsimile until electronic interface capability has been established. SWBT, with input from CLEC, shall provide interface specifications for electronic access for these functions to CLEC once such electronic interfaces become technically feasible and are fully operational. CLEC may use such electronic interface or other agreed to means available for placing orders with SWBT. However, if CLEC uses such electronic interface, CLEC shall be responsible for modifying and connecting any of its systems with SWBT provided interfaces when such interfaces become available, as outlined in Appendix OSS.
- B. SWBT shall process CLEC service orders within the same time intervals as SWBT uses to process service orders for similar services for its own end users.
- C. CLEC shall have the ability to report trouble for its end users to appropriate SWBT trouble reporting centers 24 hours a day, 7 days a week. CLEC will be assigned a customer contact center when initial service agreements are made. CLEC end users calling SWBT may be referred to CLEC at the number provided by CLEC. SWBT shall at all times be responsible for the repair and maintenance of its network. Nothing herein shall be interpreted to authorize CLEC to repair or maintain SWBT's network facilities, including those on end user premises.

Operational procedures for ordering and trouble reporting are outlined in SWBT's CLEC Handbook as amended by SWBT from time to time. Both parties agree to abide by the procedures contained therein.

- D. On no less than sixty (60) days advance written notice, CLEC may request SWBT to make certain usage information available to CLEC on a daily basis in a standard electronic format. The information will consist of

000013

usage sensitive charges SWBT will bill to CLEC arising out of the use of resold lines. CLEC agrees to pay SWBT three tenths of a cent (\$.003) per message for this service, plus other charges outlined in Appendix OSS.

- E. Subject to any future order of the FCC which may obligate SWBT to pay an amount different from the following, SWBT will pay Payphone Compensation due with respect to the Payphone lines in the amount of \$0.24 per call. SWBT will pay to CLEC such Payphone Compensation only for (i) intraLATA subscriber 800 calls for which SWBT provides the 800 service to the subscriber and carries the call and (ii) intraLATA calls placed using SWBT's prepaid calling card platform and carried by SWBT. SWBT will not pay to CLEC any Payphone Compensation for nonsent paid calls.
1. SWBT will pay to CLEC the Payphone Compensation due to each CLEC Customer (PSP) within sixty (60) days after the close of the calendar quarter in which the calls are made for which Payphone Compensation is due. However, payment may be made later than sixty (60) days if SWBT reasonably deems it necessary to investigate such call or calls for possible fraud. To the extent to which SWBT's first payment includes Payphone Compensation for calls made prior to any calendar quarter which ended thirty (30) days after this Agreement takes effect and will include as Payphone Compensation under this Agreement an amount equal to the Payphone Compensation which would have been due to CLEC under this Agreement had this Agreement taken effect on October 7, 1997.
 2. SWBT will make any payment due to CLEC under this Agreement by crediting CLEC's bill for the Payphone Line over which the call, which gives rise to the Payphone Compensation, is placed. SWBT will not issue a check to CLEC if the credit for Payphone Compensation exceeds the balance due to SWBT on the bill.
 3. Nothing in this Agreement entitles CLEC to receive or obligates SWBT to provide any call detail or other call record.

000014

V.

ADDITIONAL RESPONSIBILITIES OF THE PARTIES

A. Cooperation on Fraud

SWBT shall not be liable to CLEC for any fraudulent usage on CLEC's end users' accounts unless such fraud is due to the gross negligence or willful misconduct of SWBT.

The Parties agree to cooperate with one another to investigate, minimize and take corrective action in cases of fraud. The Parties' fraud minimization procedures are to be cost effective and implemented so as not to unduly burden or harm one Party as compared to the other.

At a minimum, such cooperation shall include providing to the other Party, upon request, information concerning end users who terminate services to that Party without paying all outstanding charges, when such end user seeks service from the other Party. The Party seeking such information is responsible for securing the end user's permission to obtain such information.

B. Filing the Agreement

Unless otherwise agreed, this jointly signed Agreement is not filed with the Commission within forty-five (45) days of both Parties signatures, then the signed agreement is null and no longer valid. If this agreement becomes null, either Party can initiate negotiations for a new agreement.

VI.

CHANGES IN SUBSCRIBER CARRIER SELECTIONS

A. Prior to submitting an order under this Agreement, CLEC shall obtain end user authorization as required by applicable state or federal laws and regulations, and assumes responsibility for applicable charges as specified in Section 258(b) of the Telecommunications Act of 1996. SWBT shall abide by the same applicable laws and regulations.

B. Only an end user can initiate a challenge to a change in its local exchange service provider. If an end user notifies SWBT or CLEC that the end user requests local exchange service, the Party receiving such request shall be free to immediately provide service to such end user, except in those instances where the end user's account is local PIC protected. It is the responsibility of the end user to provide express authorization to the current provider of record to remove local service provider protection before any changes in local exchange service provider are processed.

000015

SWBT shall be free to connect the end user to any Competitive Local Exchange Carrier based upon the Competitive Local Exchange Carrier's request and Competitive Local Exchange Carrier's assurance that proper end user authorization has been obtained. CLEC shall make authorization available to SWBT upon request and at no charge.

- C. When an end user changes or withdraws authorization, each Party shall release customer-specific facilities in accordance with the end user customer's direction or the direction of the end user's authorized agent. Further, when an end user abandons the premise, SWBT is free to reclaim the facilities for use by another customer and is free to issue service orders required to reclaim such facilities.
- D. Neither Party shall be obligated by this Agreement to investigate any allegations of unauthorized changes in local exchange service (slamming) on behalf of the other Party or a third party. If SWBT, on behalf of CLEC, agrees to investigate an alleged incidence of slamming, SWBT shall charge CLEC a fifty dollar (\$50) investigation fee.
- E. When SWBT receives an order from CLEC for services under this Agreement and SWBT is currently providing the same services to another Competitive Local Exchange Carrier for the same end user, SWBT shall notify the end user's Competitive Local Exchange Carrier of record of such order coincident with processing the order. It shall then be the responsibility of the Competitive Local Exchange Carrier of record and CLEC to resolve any issues related to the end user. This paragraph shall not apply to new additional lines and services purchased by an end user from multiple CLECs or from SWBT.
- F. On no less than sixty (60) days notice, CLEC may request the Local Disconnect Report. SWBT agrees to furnish to CLEC the Billing Telephone Number ("BTN"), Working Telephone Number ("WTN"), and terminal number of all end users who have disconnected CLEC's service. CLEC understands and agrees that the CARE interface will be used to provide such information and such information will only be available via the CARE electronic data transmission. Information will be provided and priced on a per-WTN basis. SWBT will provide CLEC no less than thirty (30) days' notice prior to any change of the per-WTN charge. SWBT grants to CLEC a non-exclusive right to use the information provided by SWBT. CLEC will not permit anyone but its duly authorized employees or agents to inspect or use this information. CLEC agrees to pay SWBT ten cents (\$0.10) per WTN and any applicable transmission charges for the Local Disconnect Report.

000016

- G. The CLEC agrees to hold harmless and indemnify SWBT against any and all liability and claims, including reasonable attorney's fees, that may result from SWBT acting under this Article unless such liability or claim is due to the gross negligence or willful misconduct of SWBT.
- H. Nothing herein shall be interpreted to apply to conversion of CLEC end users pursuant to Article XII. (Termination of Service to CLEC).

VII.

ADDITIONAL RESPONSIBILITIES OF CLEC

A. Payment of Rates and Charges

- 1. CLEC is solely responsible for the payment of charges for all services furnished by SWBT under this Agreement including, but not limited to, calls originated or accepted at CLEC's location and its end users' service locations, with the exception of any retail services provided directly by SWBT to the end user which SWBT shall be responsible for billing.

Interexchange carried traffic (e.g., sent-paid, information services and alternate operator services messages) received by SWBT for billing to resold end-user accounts will be returned as unbillable and will not be passed on to CLEC for billing. An unbillable code returned with those messages to the carrier will indicate that the messages originated from a resold account and will not be billed by SWBT.

- 2. SWBT shall not be responsible for the manner in which the use of resold service, or the associated charges are allocated to others by CLEC. All applicable rates and charges for such services provided by SWBT to CLEC will be billed to and shall be the responsibility of CLEC, with the exception of retail services provided directly to the end user by SWBT as described in paragraph 1 above.
- 3. Compensation for all services provided by SWBT to CLEC shall be paid by CLEC regardless of CLEC's ability or inability to collect charges from its end user for such service.
- 4. CLEC shall not be responsible for collect, third number billed, toll, and information services (e.g., 900) calls, if CLEC orders the appropriate blocking for resold lines under this Agreement and pays any applicable charges. CLEC acknowledges that blocking is not available for certain types of calls, including 800 numbers.

000017

Where CLEC purchases and maintains the appropriate toll restriction or blocking for all of its resold end user lines, then DA/OS, Branding and Rate/Reference Information would not be required, nor available. It is the responsibility of the CLEC to order the appropriate toll restriction or blocking on all of their resold end user lines.

5. In the event that CLEC makes any corporate name change (including addition or deletion of a d/b/a, change in OCN/AECN, or a change in any other CLEC identifier ("Such Changes"), CLEC shall submit written notice to SWBT within thirty (30) days of the first action taken to implement Such Changes. Within thirty (30) days following receipt of that notice, the Parties shall negotiate rates to compensate SWBT for the direct costs that will be incurred by SWBT in making Such Changes to the applicable SWBT databases, systems, records and/or recording announcement(s) for CLEC branded/repair calls. In addition, CLEC shall compensate SWBT for any service order charges and/or Access Service Request(s) ("ASR") charges associated with Such Changes. SWBT's agreement to perform Such Changes is conditioned upon CLEC's agreement to pay all reasonable charges billed to CLEC related to making Such Changes.

6. Deposit Requirements

- a. If CLEC has not established a minimum of twelve (12) consecutive months good credit history with all telephone company affiliates of SBC Communications, Inc., (i.e., SWBT, Pacific Bell and Nevada Bell) with which CLEC is doing or has done business as a local service provider, CLEC shall remit a cash deposit to SWBT prior to the furnishing of service under this Agreement. The deposit required by the previous sentence shall be determined as follows: (a) if immediately prior to the effective date of this Agreement, CLEC was not operating as a local service provider in the state covered by this Agreement, the deposit shall be in the amount of \$17,000; or (b) if immediately prior to the effective date of this Agreement, CLEC was operating as a local service provider in the state covered by this Agreement, the deposit shall be in the amount calculated using the method set forth in Paragraph 6.f., hereof. This cash deposit will be held by SWBT as a guarantee of payment of charges billed to CLEC hereunder.

000018

If CLEC has established a minimum of twelve (12) consecutive months good credit history with all telephone company affiliates of SBC Communications, Inc., (i.e., SWBT, Pacific Bell and Nevada Bell) with which CLEC is doing or has done business as a local service provider, SWBT shall waive the initial deposit requirement; provided, however, that the terms and conditions set forth in Paragraphs 6.b. through 6.i. shall continue to apply for the term of this Agreement and any extension(s) hereof. In determining whether CLEC has established a minimum of twelve (12) consecutive months good credit history with each telephone company affiliate of SBC Communications, Inc. with which CLEC is doing or has done business, CLEC's payment record for the most recent twelve (12) months occurring within the two year period immediately prior to the effective date of this Agreement shall be considered.

- b. Any cash deposit held by SWBT shall be credited to CLEC's account during the month following the expiration of twelve (12) months after the cash deposit was remitted, so long as CLEC has not been sent more than one delinquency notification letter during the most recent twelve (12) months. For the purposes of this Paragraph 6., interest will be calculated as defined by the applicable state tariff regulating retail deposits and shall be credited to CLEC's account on an annual basis.
- c. So long as CLEC maintains timely compliance with its payment obligations, SWBT will not increase the deposit amount required. If CLEC fails to maintain timely compliance with its payment obligations, SWBT reserves the right to require additional deposit(s) in accordance with Paragraphs 6.d. through 6.i. of this Agreement.
- d. If during the first six (6) months of operations under this Agreement, CLEC has been sent one delinquency notification letter by SWBT, the deposit amount shall be re-evaluated based upon CLEC's actual billing totals and shall be increased if the CLEC's actual billing average for a two month period exceeds the deposit amount held.

- e. Throughout the term of this Agreement and any extension(s) thereof, any time CLEC has been sent two delinquency notification letters by SWBT, the deposit amount shall be re-evaluated based upon CLEC's actual billing totals and shall be increased if the CLEC's actual billing average for a two month period exceeds the deposit amount held.
- f. Whenever a deposit is re-evaluated as specified in Paragraphs 6.d. and 6.e., above, such deposit shall be calculated in an amount equal to the average billing to CLEC for a two month period plus the amount of any charges which would be applicable to transfer all then-existing resold service to SWBT in the event of CLEC's disconnection for non-payment of charges. The most recent three (3) months billing on all of CLEC's CBAs shall be used to calculate CLEC's monthly average.
- g. Whenever a deposit is re-evaluated as specified in Paragraphs 6.d. and 6.e., above, CLEC shall remit the additional deposit amount to SWBT within thirty (30) calendar days of receipt of written notification from SWBT requiring such deposit. If CLEC fails to furnish the required deposit within thirty (30) calendar days of receipt of written notice requesting such deposit, SWBT shall begin the process set forth in Section XII of this Agreement. If CLEC continues to fail to furnish the required deposit at the expiration of the fourteen (14) calendar days specified in Section XII A. of this Agreement, then SWBT shall begin the procedure(s) set forth in Section XII D., et seq. of this Agreement.
- h. This cash deposit requirement may be satisfied in whole or in part with an irrevocable bank letter of credit acceptable to SWBT. No interest shall be paid by SWBT for any portion of the deposit requirement satisfied by an irrevocable bank letter of credit.
- i. The fact that SWBT holds a cash deposit or irrevocable bank letter of credit does not relieve CLEC from timely compliance with its payment obligations under this Agreement.

000020

7. CLEC represents and warrants that the only SWBT services which CLEC will make available to PSPs as Payphone Lines are the services which SWBT offers pursuant to the Local Exchange Services Tariff, Section 47 (C.O.P.T.).

Except as provided otherwise in this paragraph, CLEC shall pay the entire amount of the Payphone Compensation due with respect to a Payphone Line to the PSP who is the CLEC Customer for the payphone line. CLEC shall make such payment on or before the last business day of the calendar quarter in which the call for which the Payphone Compensation is due to the PSP is made. If SWBT pays any Payphone Compensation to the CLEC later than sixty (60) days after the close of the calendar quarter in which the call for which Payphone Compensation is due is made, then CLEC shall pay the entire amount of such Payphone Compensation to the PSP who is the CLEC's customer for the Payphone Line within ten (10) business days after receiving such Payphone Compensation from SWBT.

CLEC shall indemnify, defend and hold harmless SWBT from and against any loss, cost, claim, liability, damage or expense (including reasonable attorney's fees) to any third party, including PSP, relating to or arising from any of the following:

- a. CLEC's failure to comply with all the terms and conditions of Sec. VII A.7, or
- b. Use by a PSP customer of CLEC of any service other than a Payphone Line to provide pay telephone service or
- c. False representation by CLEC.

B. Interfaces with SWBT

CLEC shall be responsible for modifying and connecting any of its systems with SWBT-provided interfaces as described in this Agreement.

C. Repair Contact Arrangements

CLEC shall be responsible for providing to its end users and to SWBT a telephone number or numbers that CLEC's end users can use to contact CLEC in the event of service or repair requests. In the event that CLEC's

000021

end users contact SWBT with regard to such requests, SWBT shall inform the end user that they should call CLEC and may provide CLEC contact number.

D. CLEC Company Code/Operating Company Number ("OCN") also known as Alternate Exchange Carrier Number ("AECN")

For the purposes of establishing, provisioning and billing service to the CLEC, the CLEC is required to provide to SWBT its OCN/AECN for resale services in any SWBT state, which must be separate and distinct from the CLEC's state-specific OCN/AECNs for facilities-based business (interconnection and/or unbundled network elements). CLEC's name associated with specific resale OCN/AECN must be consistent among SWBT states.

E. Special Service Arrangements

For special service arrangements for CLEC not covered under this Agreement, special charges shall apply as provided in the applicable corresponding tariffs.

F. Development of Branding and Customized Routing for Directory Assistance and Operator Services

1. Requirements - Pursuant to § 226 (b) of The Act, each provider of Operator Services is required to:
 - a. Provide its brand at the beginning of each telephone call and before the consumer incurs any charge for the call; and
 - b. Disclose immediately to the consumer, upon request a quote of its rates or charges for the call.
 - c. Where SWBT provides CLEC's OS and DA services via the same trunk, both the OS and DA calls will be branded with the same brand. Since SWBT's DA and OS utilize the same trunk group, CLEC will receive the same brand for both DA/OS. Such branding will be provided pursuant Section 2 below.
2. Call Branding - Except where CLEC purchases and maintains toll restriction or blocking for all of its resold end user lines, in compliance with F.1 above, CLEC shall purchase and SWBT shall

provide DA/OS branding in CLEC's name based upon the criteria outlined below. If CLEC does not purchase and maintain toll restriction or blocking for all of its resold end user lines, CLEC acknowledges and agrees to meet its obligations for branding pursuant to § 226 (b) of the Act as described above, and in accordance with the terms, conditions and prices as set forth in this agreement.

- a. CLEC will provide SWBT with written specification of its company name to be used in creating CLEC specific branding messages for its DA/OS calls.
 - b. An initial non-recurring charge applies per load for the establishment of Call Branding as well as a charge per subsequent load to change the brand. In addition, a per call charge applies for every DA/OS call handled by SWBT on behalf of CLEC when such services are provided in conjunction with resale services. Prices for Call Branding are as outlined in Exhibit C, attached hereto and incorporated herein.
3. Rate/Reference Information - Except where CLEC purchases and maintains appropriate toll restriction or blocking for all of its resold end user lines, CLEC shall purchase and SWBT shall provide CLEC DA/OS Rate/Reference Information based upon the criteria outlined below. If CLEC does not purchase and maintain toll restriction or blocking for all of its resold end user lines, CLEC acknowledges and agrees to meet its obligations for branding pursuant to § 226 (b) of the Act as described above, and in accordance with the terms, conditions and prices as set forth in this agreement.
- a. CLEC will furnish DA/OS Rate and Reference Information in a mutually agreed to format or media thirty (30) days in advance of the date when the DA/OS Services are to be undertaken.
 - b. CLEC will inform SWBT, in writing, of any changes to be made such Rate/Reference Information ten (10) working days prior to the effective Rate/Reference change date. CLEC acknowledges that it is responsible to provide

SWBT updated Rate/Reference Information in advance of when the Rates/Reference Information are to become effective.

- c. In all cases when a SWBT Operator receives a rate request from a CLEC end user, SWBT will quote the applicable DA/OS rates as provided by CLEC.
 - d. An initial non-recurring charge will apply for loading of CLEC's DA/OS Rate/Reference Information as well as a charge for each subsequent change to either the CLEC's DA/OS Services Rate or Reference Information as outlined in Exhibit C, attached hereto and incorporated herein.
4. Customized Routing - Except where CLEC purchases and maintains appropriate toll restriction or blocking for all of its resold end user lines, SWBT shall also offer CLEC the opportunity to customize route DA/OS where technically feasible. CLEC agrees to pay SWBT appropriate charges associated with customized routing on an ICB basis.

VIII. NONEXCLUSIVITY

This Agreement is nonexclusive. CLEC acknowledges that SWBT will be providing the same or similar services to other local services providers in accordance with negotiated agreements which will be filed with the appropriate state commission(s). CLEC also acknowledges that SWBT may, upon end user request, provide any and all of the services provided to CLEC under this Agreement directly to the end users. SWBT acknowledges that CLEC may obtain the same or similar services from other local exchange companies.

IX. SUPPORT SYSTEMS SERVICES

A. Support Systems Services

1. Transfer of Service Announcements (Intercept)

The Party formerly providing service to an end user shall provide a Basic Referral announcement, reciprocally and free of charge on the abandoned telephone number. The announcement states that the called number has been disconnected or changed and provides the end user's new telephone number to the extent that it is listed.

SWBT shall provide an intercept referral on behalf of CLEC at no charge to their end user as indicated on the appropriate service order.

Basic Intercept Referral Announcements are to be provided on residential numbers for a minimum of thirty (30) days where facilities exist and the threat of telephone number exhaustion is not imminent.

Basic Intercept Referral Announcements for a single line business end users and the primary listed telephone number for Direct Inward Dial (DID) and "Centrex-type" end users, shall be available for a minimum of thirty (30) days or the life of the white pages directory, whichever is greater. If the threat of telephone number exhaustion becomes imminent for a particular central office, the service provider may reissue a disconnected number prior to the expiration of the directory, but no earlier than thirty (30) days after the disconnection of the business telephone number.

2. Coordinated Repair Calls

SWBT shall be responsible for repairing its own network. However, CLEC shall maintain telephone numbers where its end user may call to report instances of trouble.

The Parties shall employ the following procedures for handling misdirected repair calls:

- a. The Parties shall inform their respective end users of the correct telephone numbers to call to access their respective repair bureaus.
- b. To the extent the correct provider can be determined, each Party shall refer misdirected repair calls to the proper provider of local exchange service, at no charge, and shall provide the end user the contact telephone number provided by the other party.

In responding to repair calls, neither Party shall make disparaging remarks about each other, nor shall they use these repair calls as the basis for internal referrals or to solicit customers or to market services. Either Party may respond with accurate information in answering customer questions.

- c. The Parties shall provide each other their respective repair contact numbers.

B. Network Management Controls

Each Party shall provide a 24-hour contact number for Network Traffic Management issues to the other. A FAX number must also be provided to facilitate event notifications for planned mass calling events. Additionally, both Parties agree that they shall work cooperatively in an attempt to conduct all such events in such a manner as to avoid degradation or loss of service to other end users.

C. Law Enforcement and Civil Process

SWBT and CLEC shall handle law enforcement requests as follows:

1. Intercept Devices

Local and federal law enforcement agencies periodically request information or assistance from local telephone service providers. When either Party receives a request associated with an end user of the other Party, it shall refer such request to the appropriate Party, unless the request directs the receiving Party to attach a pen register, trap and trace or form of intercept on that Party's own facilities, in which case that Party shall comply with any valid request.

2. Subpoenas

If a Party receives a subpoena for information concerning an end user the Party knows to be an end user of the other Party, it shall refer the subpoena to the requesting entity with an indication that the other Party is the responsible company. Provided, however, if the subpoena requests records for a period of time during which the receiving Party was the end user's service provider, the receiving Party will respond to any valid request.

3. Emergencies

If a Party receives a request from a law enforcement agency for a temporary number change, temporary disconnect or one way denial of outbound calls for an end user of the other party, the receiving Party will comply so long as it is a valid emergency request. In the

case of the CLEC, the CLEC shall refer such request to SWBT and SWBT shall honor such request in accordance with this paragraph. However, neither Party shall be held liable for any claims or damages arising from compliance with such requests, and the Party serving the end user agrees to indemnify and hold the other Party harmless against any and all such claims.

X. CALL TRACE

CLEC end user's activation of Call Trace shall be handled by the SWBT Call Trace Center (CTC) or its Annoying and Anonymous Call Bureau. SWBT shall notify CLEC of requests by its end users to provide the call records to the proper authorities. Subsequent communication and resolution of the case with CLEC's end user (whether that end user is the victim or the suspect) shall be the responsibility of CLEC.

CLEC understands that for services where reports are provided to law enforcement agencies (e.g., Call Trace) only billing number and address information shall be provided by SWBT. It shall be the CLEC's responsibility to provide additional information necessary with respect to its end users for any police investigation to the extent required by law.

XI. TAXES

CLEC shall be responsible for all federal, state or local, sales, use, excise or gross receipts taxes or fees imposed on or with respect to the services provided under this Agreement including those taxes and fees imposed on SWBT. CLEC shall reimburse SWBT for the amount of any such taxes or fees that SWBT is required to pay or collect for services provided to CLEC hereunder. To the extent a sale is claimed to be for resale tax exemption, the CLEC shall furnish SWBT a proper resale tax exemption certificate as authorized or required by statute or regulation by the jurisdiction providing said resale tax exemption. Failure to timely provide said resale tax exemption certificate will result in no exemption being available to the CLEC until such time as CLEC presents a valid certificate.

XII. TERMINATION OF SERVICE TO CLEC

- A. If CLEC fails to pay when due (within 30 days of the bill date), any and all charges billed to CLEC under this Agreement, including any late payment charges or miscellaneous charges ("Unpaid Charges"), and any portion of such charges remain unpaid more than fifteen (15) days after the due date

of such Unpaid Charges, SWBT shall notify CLEC in writing that in order to avoid having service disconnected, CLEC must remit all Unpaid Charges to SWBT within fourteen (14) calendar days.

B. If CLEC disputes the billed charges, it shall, within the fourteen (14) day period provided for above, inform SWBT in writing which portion of the charges it disputes, including the specific details and reasons for its dispute; immediately pay to SWBT all undisputed charges; and pay all disputed charges into an interest bearing escrow account established by CLEC with a third party escrow agent mutually agreed upon by the Parties.

1. Whenever CLEC disputes any billing made to it by SWBT under this Agreement, CLEC shall open an interest bearing account with a third party escrow agent acceptable to SWBT. To be acceptable to SWBT, the third party escrow agent must meet all of the following criteria:

- a. The financial institution proposed as the third party escrow agent must be located within the continental United States;
- b. The financial institution proposed as the third party escrow agent may not be an affiliate of either CLEC or SWBT; and
- c. The financial institution proposed as the third party escrow agent must be authorized to handle Automatic Clearing House (ACH) (credit transactions) (electronic funds) transfers.

In addition to the foregoing requirements for the third party escrow agent, CLEC and the financial institution proposed as the third party escrow agent must agree that the escrow account will meet all of the following criteria:

- d. The escrow account must be an interest bearing account;
- e. All charges associated with opening and maintaining the escrow account will be borne by CLEC;
- f. That none of the funds deposited into the escrow account or the interest earned thereon may be subjected to the financial institution's charges for serving as the third party escrow agent;
- g. All interest earned on deposits to the escrow account shall be disbursed to the Parties in the same proportion as the principal; and

000028

- h. Disbursements from the escrow account shall be limited to those:
 - (i) authorized in writing by both CLEC and SWBT; or
 - (ii) made in accordance with the final, non-appealable order of the arbitrator appointed pursuant to the Dispute Resolution provisions of this Agreement; or
 - (iii) made in accordance with the final, non-appealable order of the court which had jurisdiction to enter the arbitrator's award pursuant to the Dispute Resolution provisions of this Agreement.
- C. Disputes hereunder shall be resolved in accordance with the procedures identified in Article XVIII (Dispute Resolution). Failure of CLEC to pay charges deemed owed to SWBT after conclusion of the Arbitration shall be grounds for termination under this Article.
- D. If any CLEC charges remain unpaid or undisputed twenty-nine (29) days past the due date, SWBT shall notify CLEC, the Commission and the end user's IXC(s) of Record in writing, that unless all such charges are paid within sixteen (16) days, CLEC's service shall be disconnected and its end users shall be switched to SWBT local service. SWBT will also suspend order acceptance with the exception of disconnects on the same day that it sends the notification required by the preceding sentence.
- E. If any CLEC charges remain unpaid or undisputed forty (40) days past the due date, CLEC shall, at its sole expense, notify its end users, the Commission and the end user's of Record that their service may be disconnected for CLEC's failure to pay Unpaid Charges, and that its end users must select a new Competitive Local Exchange Carrier within five (5) days. The notice shall also advise the end user that SWBT will assume the end user's account at the end of the five (5) day period should the end user fail to select a new Competitive Local Exchange Carrier.

000029

- F. If any CLEC charges remain unpaid or undisputed forty-five (45) days past the due date, SWBT shall disconnect CLEC and transfer all CLEC's end users who have not selected another Competitive Local Exchange Carrier directly to SWBT's service. These end users shall receive the same services provided through CLEC at the time of transfer. SWBT shall inform the Commission and the end user's IXC(s) of Record of the names of all end users transferred through this process. Applicable service establishment charges for switching such end users from CLEC to SWBT shall be assessed to CLEC.
- G. Within five (5) days of the transfer (fifty (50) days past CLEC's due date), SWBT shall notify all affected end users that because of a CLEC's failure to pay, their service is now being provided by SWBT. SWBT shall also notify the end users that they have thirty (30) days to select a Competitive Local Exchange Carrier.
- H. SWBT may discontinue service to CLEC upon failure to pay undisputed charges as provided in this section, and shall have no liability to CLEC or CLEC end users in the event of such disconnection.
- I. If any end user fails to select a Competitive Local Exchange Carrier within thirty (30) days of the change of providers (eighty (80) days past CLEC's due date), SWBT shall terminate the end user's service. SWBT shall notify the Commission and the end user's IXC of Record of the names of all end users whose service has been terminated. The end user shall be responsible for any and all charges incurred during the selection period.
- J. Nothing herein shall be interpreted to obligate SWBT to continue to provide service to any such end users. Nothing herein shall be interpreted to limit any and all disconnection rights SWBT may have with regard to such end users.
- K. After the notification required by Article XII, Section D has been sent to CLEC, SWBT shall not accept service orders from CLEC until all unpaid and undisputed charges owed by CLEC to SWBT hereunder have been paid. SWBT shall have the right to require payment of a deposit calculated in accordance with the provisions of Article VII, Section A, Paragraph 6 of this Agreement prior to resuming acceptance of service orders from CLEC.

000030

XIII. FORCE MAJEURE

Neither party shall be responsible for delays or failures in performance resulting from acts or occurrences beyond the reasonable control of such Party, regardless of whether such delays or failures in performance were foreseen or foreseeable as of the date of this Agreement, including, without limitation: acts of God, war, revolution, civil commotion, or acts of public enemies; any law, order, regulation, ordinance or requirement of any government or legal body; or labor unrest, including, without limitation, strikes, slowdowns, picketing or boycotts; or delays caused by the other party or by other service or equipment vendors; or any other circumstances beyond the Party's reasonable control. In such event, the Party affected shall, upon giving prompt notice to the other Party, be excused from such performance on a day-to-day basis to the extent of such interference by such acts or occurrences (and the other Party shall likewise be excused from performance of its obligations on a day-for-day basis to the extent such other Party's obligations relate to the performance so interfered with). The affected party shall use its best efforts to avoid or remove the cause of nonperformance and both parties shall proceed to perform hereunder with dispatch once the causes are removed or cease.

XIV. LIMITATION OF LIABILITY

- A. With respect to any claim or suit arising out of SWBT's performance under this Agreement, for damages arising out of mistakes, omissions, interruptions, delays or efforts, or defects in transmission occurring in the course of furnishing service hereunder, SWBT's liability, if any, shall not exceed an amount equivalent to the proportionate charge hereunder to the CLEC for the period of service during which such mistake, omission, interruption, delay, error, or defect in transmission or service occurs and continues except if claim or suit arises from the gross negligence or willful misconduct of SWBT. In no event shall SWBT be responsible for any special, indirect, consequential or exemplary damages. Any mistakes, omissions, interruptions, delays, errors, or defects in transmission or service which are caused or materially contributed to by the negligence or willful act of CLEC or which arise from the use of CLEC-provided facilities or equipment shall not result in the imposition of any liability whatsoever upon SWBT.
- B. SWBT shall have no liability to the end users of the CLEC for claims arising from the provision of the CLEC's service to its end users including, but not limited to, claims for interruption of service, quality of service or billing disputes, unless such loss is caused by SWBT's own negligence or intentional misconduct in which case liability shall be limited as provided in paragraph A, above. In the case of any loss alleged

(or actually suffered) by an end user of CLEC, CLEC shall defend and indemnify SWBT against any and all such claims or loss by such end user, unless the loss was caused by SWBT's gross negligence or intentional misconduct.

- C. CLEC hereby releases SWBT and agrees that it shall indemnify SWBT with regard to any and all liability for damages due to errors or omissions in CLEC's subscriber listing information (including erroneous inclusion of nonpublished or nonlisted subscriber listing information) as such information is submitted by CLEC to SWBT for inclusion in the White Pages directory including, but not limited to, special, indirect, consequential, punitive or incidental damages.
- D. CLEC agrees to indemnify, defend and hold harmless SWBT from any loss arising out of SWBT's provision of 911 services to CLEC or out of CLEC's end users' use of the 911 service, whether suffered, made, instituted, or asserted by CLEC or its end users, including for any personal injury or death of any person or persons, except for Loss which is the direct result of SWBT's own negligence or willful misconduct.
- E. CLEC shall indemnify and hold SWBT harmless from all claims and damages arising from the discontinuance of service by SWBT for nonpayment by CLEC.
- F. When the lines or services of other companies and carriers are used in providing service or establishing connections to and/or from points not reached by SWBT's lines, SWBT is not liable for any act or omission of the other companies or carriers.
- G. CLEC shall be responsible for any and damage to SWBT equipment or facilities caused by CLEC's own actions except for normal wear and tear.

XV. NONDISCLOSURE

The Parties to this Agreement anticipate and recognize that they will exchange or come into possession of data about each other's end users and each other's business as a result of this Agreement which will be designated as confidential by the providing Party. Each Party agrees (1) to treat all such data received from the other party as strictly confidential and (2) to use such data only for purposes of performance under this Agreement. Each Party agrees not to disclose data on the other Party's end users or business which has been designated as confidential to

000032

any person without first securing the written consent of the other Party. The foregoing shall not apply to information which is in the public domain.

If a court or governmental agency orders or a third party requests a Party to disclose or to provide any data or information covered by this Article XV, that Party will immediately inform the other Party of the order or request both by telephone and overnighted mail before disclosing the data or information. Notification and consent requirements described above are not applicable in cases where a court order requires the production of toll billing records of an individual residence or business end user customer.

This Article XV will not preclude the disclosure by the Parties of information or material described in this Article XV as required by law, or to consultants, agents, or attorneys representing the respective Parties or the Office of the Public Counsel for the state of Missouri, and state regulatory commissions or staffs, or FCC Staff, provided that these third parties are bound by the same or comparable confidentiality requirements as the Parties to this Agreement. The provisions of this Article will remain in effect notwithstanding the termination of this Agreement, unless agreed to in writing by both Parties.

Pursuant to Section 222 of the Act, both Parties agree to limit their use of proprietary information received from the other to the permitted purposes identified in the Act.

XVI. PUBLICITY

Each party agrees not to use in any advertising or sales promotion, press releases or other publicity matters any endorsements, direct or indirect quotes, or pictures implying endorsement by the other Party or any of its employees without such Party's prior written approval. Each Party shall submit to the other for written approval, prior to publication, all publicity matters that mention or display the other's name and/or marks or contain language from which a connection to said name and/or marks may be inferred or implied.

XVII. ASSIGNMENT

Neither Party may assign, subcontract, or otherwise transfer its rights or obligations under this Agreement except under such terms and conditions as are mutually acceptable to the other Party (e.g., a conversion charge will apply per billable telephone number) and with such Party's prior written consent, which consent shall not be unreasonably withheld. Assignment hereof without such consent shall be grounds for immediate termination of this Agreement.

000033

XVIII. DISPUTE RESOLUTION

A. Finality of Disputes

1. Except as otherwise specifically provided for in this Agreement, no claims will be brought for disputes arising from this Agreement more than 24 months from the date the occurrence which gives rise to the dispute is discovered or reasonably should have been discovered with the exercise of due care and attention of the claiming party.

B. Alternative to Litigation

1. The Parties desire to resolve disputes arising out of this Agreement without litigation. Accordingly, the Parties agree to use the following Dispute Resolution procedure with respect to any controversy or claim arising out of or relating to this Agreement or its breach.

C. Commencing Dispute Resolution

1. Dispute Resolution shall commence upon the sending from one Party to the other of written notice of a controversy or claim arising out of or relating to this Agreement or its breach. No Party may pursue any claim unless such written notice has first been given to the other Party.

D. Informal Resolution of Disputes

1. When such written notice has been given, as required by Section C, Commencing Dispute Resolution, each Party will appoint a knowledgeable, responsible representative to meet and negotiate in good faith to resolve any dispute arising under this Agreement. The location, form, frequency, duration, and conclusion of these discussions will be left to the discretion of the representatives. Upon agreement, the representatives may utilize other alternative dispute resolution procedures such as mediation to assist in the negotiations. Discussions and the correspondence among the representatives for purposes of settlement are exempt from discovery and production and will not be admissible in the arbitration described below or in any lawsuit without the concurrence of both parties. Documents identified in or provided

000034

with such communications, which are not prepared for purposes of the negotiations, are not so exempted from discovery and, if otherwise admissible, may be admitted in evidence in the arbitration or lawsuit.

E. Formal Dispute Resolution

1. If the Parties are unable to resolve the dispute through the informal procedure described above in Section D, Informal Resolution of Disputes, then either Party may invoke the following formal Dispute Resolution procedures. Unless agreed upon by the Parties, formal dispute resolution procedures described below, including arbitration or other procedures as appropriate, may be invoked not earlier than sixty (60) days after the date of the letter initiating dispute resolution under Section C, Commencing Dispute Resolution.
2. Claims Subject to Mandatory Arbitration. The following claims, if not settled through informal dispute resolution, will be subject to mandatory arbitration pursuant to Section F, Arbitration below:
 - a. All unresolved billing disputes involving one (1) percent or less of the amounts charged to CLEC by SWBT under this Agreement during the Contract Year in which the dispute arises. During the first Contract Year the Parties will annualize the initial months up to one year.
 - b. All claims other than billing disputes involving one (1) percent or less of the amounts charged to CLEC by SWBT under this Agreement during the Contract Year in which the matter in dispute arises, whether measured by the disputing Party in terms of actual amounts owed or owing, or as amounts representing its business or other risks or obligations relating to the matter in dispute. During the first Contract Year the Parties will annualize the initial months up to one year.
3. Claims Subject to Elective Arbitration. The following claims will be subject to arbitration pursuant to Section F, Arbitration if, and only if, the claim is not settled through informal dispute resolution and both parties agree to arbitration. If both parties do not agree to arbitration, then either party may proceed with any remedy available to it pursuant to law, equity or agency mechanism.

- a. All unresolved billing disputes involving more than one (1) percent of the amounts charged to CLEC by SWBT under this Agreement during the Contract Year in which the matter in dispute arises, whether measured by the disputing Party in terms of actual amounts owed or owing, or as amounts representing its business or other risks or obligation relating to the matter in dispute. During the first Contract Year the Parties will annualize the initial months up to one year.
 - b. All other claims involving more than one (1) percent of the amounts charged to CLEC by SWBT under this Agreement during the Contract Year in which the matter in dispute arises, whether measured by the disputing Party in terms of actual amounts owed or owing, or as amounts representing its business or other risks or obligations relating to the matter in dispute. During the first Contract Year the Parties will annualize the initial months up to one year.
4. Claims Not Subject to Arbitration If the following claims are not resolved through informal dispute resolution, they will not be subject to arbitration and must be resolved through any remedy available to a Party pursuant to law, equity or agency mechanism.
- a. Actions seeking a temporary restraining order or an injunction related to the purposes of this Agreement.
 - b. Actions to compel compliance with the Dispute Resolution process.
 - c. All claims arising under federal or state statute(s), including, but not limited to, antitrust claims.
 - d. All other claims arising hereunder that are not covered by Article XVIII.E.2 or 3 above, and that are not subject to arbitration pursuant to applicable law.

F. Arbitration

- 1. Disputes subject to mandatory or elective arbitration under the provisions of this Agreement will be submitted to a single arbitrator pursuant to the Commercial Arbitration Rules of the American Arbitration Association or pursuant to such other

provider of arbitration services or rules as the Parties may agree. Each arbitration will be held in Dallas, Texas, unless the parties agree otherwise. The arbitration hearing will be requested to commence within sixty (60) days of the demand for arbitration. The arbitrator will control the scheduling so as to process the matter expeditiously. The Parties may submit written briefs upon a schedule determined by the arbitrator. The Parties will request that the arbitrator rule on the dispute by issuing a written opinion within thirty (30) days after the close of hearings. The Federal Arbitration Act, 9 U.S.C. Secs. 1-16, not state law, shall govern the arbitrability of all disputes. The arbitrator will have no authority to award punitive damages, exemplary damages, consequential damages, multiple damages, or any other damages not measured by the prevailing party's actual damages, and may not, in any event, make any ruling, finding or award that does not conform to the terms and conditions of this Agreement. The arbitrator shall be knowledgeable of telecommunications issues. The times specified in this Section F may be extended or shortened upon mutual agreement of the Parties or by the arbitrator upon a showing of good cause. Each Party will bear its own costs of these procedures, including attorneys' fees. The Parties will equally split the fees of the arbitration and the arbitrator. The arbitrator's award shall be final and binding and may be entered in any court having jurisdiction thereof. Judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction.

G. Billing Disputes

1. The following provisions apply specifically to billing disputes hereunder.
 - a. The Parties agree that all bills, including bills disputed in whole or in part, are to be paid when due, that interest applies to all overdue invoices as set forth in the applicable provisions of this Agreement, and that no other late payment fee or charge applies to overdue invoices. The Parties further agree that if any billing dispute is resolved in favor of the disputing Party the disputing Party will receive, by cred or otherwise, interest applied to the disputed amount as set forth in the applicable provisions of this Agreement.

000037

- b. To the extent that any other portions of this Agreement provide for a bill closure process between the parties, or if such a process is mutually agreed to by the Parties, the procedures involved in such processes will not be deemed to place a particular billing item in dispute for purposes of Section XVIII, Dispute Resolution.
- c. Each Party agrees to notify the other Party of a billing dispute and may invoke the informal dispute resolution process described in Section D, Informal Resolution of Disputes. The parties shall endeavor to resolve the dispute within sixty (60) calendar days of the date SWBT receives written notification of the dispute, setting forth all of the information required for investigation, including , but not limited to: the bill date of each item questioned item, each USOC questioned, the amount billed for each questioned item and the amount disputed for each questioned item, together with a total sum of the item(s) disputed by CLEC in that notification.

H. No Conflict

- 1. The Dispute Resolution procedures set forth in this Agreement are not intended to conflict with applicable requirements of the Act or the state commission with regard to procedures for the resolution of disputes arising out of this Agreement.

XIX. VERIFICATION REVIEWS

Each Party to this Agreement will be responsible for the accuracy and quality of its data as submitted to the respective Parties involved. Upon reasonable written notice, each Party or its authorized representative (providing such authorized representative does not have a conflict of interest related to other matters before one of the Parties) shall have the right to conduct a review and verification of the other Party to give assurances of compliance with the provisions of this Agreement. This includes on-site verification reviews at the other Party's or the Party's vendor locations. All reviews shall be conducted during normal business hours.

After the initial year of this Agreement verification reviews will normally be conducted on an annual basis with provision for staged reviews, as reasonably mutually agreed, so that all subject matters are not required to be reviewed at the

same time. Follow up reviews will be permitted between annual reviews where significant deviations are found. During the initial year of the Agreement, more frequent reviews may occur.

The review will consist of an examination and verification of data involving records, systems, procedures and other information related to the services performed by either Party as related to settlement charges or payments made in connection with this Agreement as determined by either Party to be reasonably required. Each Party, whether or not in connection with an on-site verification review, shall maintain reasonable records for a period of time no less than twenty-four (24) months from the date such records are created and provide the other Party with reasonable access to such information as is necessary to determine amounts receivable or payable under this Agreement.

Each Party's right to access information for verification review purposes is limited to data not in excess of 24 months in age. Once specific data has been reviewed and verified, it is unavailable for future reviews. Any items not reconciled at the end of a review will, however, be subject to a follow-up review effort. Any retroactive adjustments required subsequent to previously reviewed and verified data will also be subject to follow-up review. Information of either Party involved with a verification review shall be subject to the nondisclosure terms of this Agreement.

The Party requesting a verification review shall fully bear its costs associated with conducting the review. The Party being reviewed will provide access to required information, as outlined in this Section, at no charge to the reviewing Party. Should the reviewing Party request information or assistance beyond that reasonably required to conduct such a review, the Party being reviewed may, as its option, decline to comply with such request or may bill actual costs incurred in complying subsequent to the concurrence of reviewing Party.

XX. COMPLIANCE WITH LAWS

The Parties believe in good faith that the Services to be provided under this Agreement satisfy the requirements of the Act. In the event a court or regulatory agency of competent jurisdiction should determine that modifications of this Agreement are required to bring the Services being provided hereunder into compliance with the Act, the affected Party shall promptly give the other Party written notice of the modifications deemed required. Upon delivery of such notice, the Parties shall expend diligent efforts to arrive at an agreement respecting such modifications required, and if the Parties are unable to arrive at such agreement, either Party may terminate this Agreement, without penalty, effective the day the affected Party is ordered to implement the modifications

deemed required, or effective on the day either Party concludes and gives notice that the Parties will not be able to arrive at any agreement respecting such modifications, whichever date shall occur earlier.

This Agreement is an integrated package that reflects a balancing of interests critical to the Parties. It will be submitted to the applicable state regulatory Commission and the FCC as a compliance filing, and the Parties will specifically request that the applicable state regulatory Commission and the FCC refrain from taking any action to change, suspend or otherwise delay implementation of the Agreement. In the event the Commission or the FCC rejects any portion or provision of this Agreement or subsequently issues a ruling or order that results in a provision being contrary to law, or is invalid for any reason, the parties shall continue to be bound by the terms of this Agreement, insofar as possible, except for the portion rejected or subsequently determined to be unlawful, invalid, or unenforceable. In such event, the Parties shall negotiate in good faith to replace the rejected, unlawful, invalid, or unenforceable provision and shall not discontinue service to the other Party during such period if to do so would disrupt existing service being provided to an end user. So long as the Agreement remains in effect, the Parties shall not advocate before any legislative, regulatory, or other public forum that any terms of this specific Agreement be modified or eliminated. Notwithstanding this mutual commitment, however, the Parties enter into this Agreement without prejudice to any positions they have taken previously, or may take in the future in any legislative, regulatory, or other public forum addressing any matters, including matters related to the types of arrangements prescribed by this Agreement.

XXI. CERTIFICATION REQUIREMENTS

CLEC warrants that it has obtained all certifications required in those jurisdictions in which CLEC has ordered services pursuant to this Agreement. Subject to restrictions in Article II.A. (Permitted Use of Resold Service by CLEC and Its End Users), CLEC represents that to its knowledge any originating service provider utilizing the resold services provided to CLEC under this Agreement has obtained all Commission certification required to utilize the services. Upon request by any governmental entity, the CLEC is required to provide proof of certification.

XXII. INTENTIONALLY LEFT BLANK

XXIII. NOTIFICATION

SWBT shall make new telecommunications services that SWBT provides at retail to subscribers who are not telecommunications carriers available for resale consistent with its obligation under Section 251(c)(4)(A) of the Act. The notification from SWBT to CLEC shall advise CLEC of the category in which such new service shall be placed and the same discount already applicable to CLEC in that category shall apply to the new service.

SWBT currently uses the Accessible Letter process to notify CLEC of such changes to the services available for resale. Any change to the process of notification to the CLEC will provide no less notice than the current Accessible Letter process.

XXIV. NOTICES

In the event any notices are required to be sent under the terms of this Agreement, they may be sent by certified or registered mail and are deemed to have been given on the date received. Notice may also be effected by personal delivery or by overnight courier, and will be effective upon receipt. Notice may also be provided by facsimile, which will be effective on the next business day following the date of transmission; provided, however, notices to a Party's 24-hour maintenance contact number will be by telephone and/or facsimile and will be deemed to have been received on the date transmitted. The Parties will provide the appropriate telephone and facsimile numbers to each other.

Unless otherwise specifically provided in this Agreement, notice will be directed as follows:

To CLEC:

Reitz Rentals, Inc.
d/b/a Southwest Teleconnect
Kim Reitz- President
7000 Cameron Rd., #200
Austin, TX 78752

To SWBT:

Contract Administration
Four Bell Plaza, 9th Floor
311 S. Akard St.
Dallas, TX 75202

Either Party may unilaterally change its designated representative, address, telephone contact number and/or facsimile number for the receipt of notices by giving written notice to the other Party in compliance with this Section. Any

000041

notice to change the designated representative, address, telephone contact and/or facsimile number for the receipt of notices shall be deemed effective ten (10) days following receipt by the other Party.

XXV. BENEFICIARIES

This Agreement shall not provide any nonparty with any remedy, claim, cause of action or other right.

XXVI. TERM

SWBT and CLEC agree that the initial term of this Agreement shall commence upon approval of this Agreement by the Missouri Public Service Commission and shall expire on February 20, 2001. Absent the receipt by one Party of written notice from the other Party at least sixty (60) days prior to the expiration of the initial term to the effect that such Party does not intend to extend the initial term of this Agreement, this Agreement shall remain in full force and effect on and after the expiration of the initial term until terminated by either Party as provided herein.

If — pursuant to the foregoing paragraph — this Agreement continues in full force and effect after the expiration of the initial term, either Party may terminate this Agreement by providing written notice of termination to the other Party, at least sixty (60) days in advance of the date of proposed termination. Upon the termination date, if CLEC has not made arrangements to provide service to its end users over its own or alternative facilities, SWBT shall invoke the notification and transfer of end user procedures outlined in Article XII D. and F. (Termination of service to CLEC).

XXVII. EFFECTIVE DATE

The effective date of this Agreement shall be ten (10) days after the date that the Missouri Commission approves this Agreement.

XXVIII. WAIVER

The failure of either Party to enforce or insist that the other party comply with any of the terms or conditions of this Agreement, or the waiver by either Party in a particular instance of any of the terms and conditions of this Agreement, shall not be construed as a general waiver or relinquishment of the terms and conditions, but this Agreement shall be and remain at all times in full force and effect.

XXIX. DISCLAIMER OF WARRANTIES

SWBT MAKES NO REPRESENTATION OR WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY WARRANTY AS TO MERCHANTABILITY OR FITNESS FOR INTENDED OR PARTICULAR PURPOSE WITH RESPECT TO SERVICES PROVIDED HEREUNDER. ADDITIONALLY, SWBT ASSUMES NO RESPONSIBILITY WITH REGARD TO THE CORRECTNESS OF DATA OR INFORMATION SUPPLIED BY CLEC WHEN THIS DATA OR INFORMATION IS ACCESSED AND USED BY A THIRD PARTY SO LONG AS SWBT HAS NOT BY ITS NEGLIGENCE OR MISCONDUCT INTRODUCED ERRORS INTO DATA OR INFORMATION.

XXX. RELATIONSHIP OF THE PARTIES

This Agreement shall not establish, be interpreted as establishing, or be used by either Party to establish or to represent their relationship as any form of agency, partnership or joint venture. Neither Party shall have any authority to bind the other or to act as an agent for the other unless written authority, separate from this Agreement, is provided. Nothing in the Agreement shall be construed as providing for the sharing of profits or losses arising out of the efforts of either or both of the Parties. Nothing herein shall be construed as making either Party responsible or liable for the obligations and undertakings of the other Party.

XXXI. INTERVENING LAW AND PRESERVATION OF RIGHTS

This Agreement is entered into as a result of both private negotiation between the Parties and the incorporation of some of the results of arbitration by the Missouri Public Service Commission. If the actions of the State of Missouri or federal legislative bodies, courts, or regulatory agencies of competent jurisdiction invalidate, modify, or stay the enforcement of laws or regulations that were the basis or rationale for a provision of this Agreement, the affected provision shall be invalidated, modified, or stayed, consistent with the action of the legislative body, court, or regulatory agency upon the written request of either party. In such event, the Parties shall expend diligent efforts to arrive at an agreement respecting the appropriate modifications to the Agreement. If negotiations fail, disputes between the Parties concerning the interpretation of the actions required or provisions affected by such governmental actions shall be resolved pursuant to the dispute resolution process provided for in this Agreement. Without limiting the general applicability of the foregoing, the Parties acknowledge that on January 25, 1999, the United States Supreme Court issued its opinion in *AT&T Corp. v. Iowa Utilities Bd.*, 119 S. Ct. 721 (1999) and on June 1, 1999, the United States Supreme Court issued its opinion in *Ameritech v. FCC*, No. 98-1381, 1999 WL

000042A

116994, 1999 Lexis 3671 (1999). The Parties further acknowledge and agree that by executing this Agreement, neither Party waives any of its rights, remedies, or arguments with respect to such decisions and any remand thereof, including its rights under this paragraph.

XXXII. COMPLETE TERMS

This Agreement, together with its Attachments constitutes the entire agreement between the Parties and supersedes all prior discussions, representations or oral understandings reached between the Parties with respect to the subject matter hereof.

The corresponding tariffs and this Agreement (including the Attachments) contain all of the applicable rates and charges to be paid by the CLEC to SWBT in connection with SWBT's provision of telecommunications service to CLEC for Resale to its end user customers.

Neither Party shall be bound by any amendment, modification or supplement hereto unless it is reduced to writing signed by an authorized representative of the Party sought to be bound.

By their signatures in the space provided below, CLEC and SWBT indicate their acceptance of this Agreement. This Agreement shall not bind CLEC and SWBT until executed by both Parties. This Agreement will be governed by and interpreted in accordance with the laws of the State of Missouri.

XXXIII. HEADINGS

Descriptive headings and the Table of Contents in this Agreement are for convenience only and shall not affect the construction of this Agreement.

THIS AGREEMENT CONTAINS A BINDING ARBITRATION AGREEMENT.

**APPENDIX RESALE
MISSOURI
OS/DA PRICING - BRANDING, RATE & REFERENCE**

The following rates will apply for each service element:

A. CALL BRANDING	
An initial non-recurring charge applies per TOPS switch, per brand for the establishment of CLEC specific Call Branding. A Per Call charge also applies. When there are subsequent changes to the branding announcement, an additional non-recurring charge will also apply per TOPS, per brand, for each change.	
Rate per initial load group	\$1,072.00
Rate per load for Brand change	\$1,072.00
Per Call	\$0.0425
B. DIRECTORY ASSISTANCE RATE/REFERENCE INFORMATION	
An initial non-recurring charge applies per TOPS switch, per rate schedule for the initial load of CLEC's DA Services Rate/Reference Information. An additional non-recurring charge applies per TOPS switch, per rate schedule for each subsequent change to Rate/Reference Information.	
*Rate per initial load	\$1,538.54
Rate per subsequent rate change	\$623.37
Rate per subsequent reference change	\$623.37
C. OPERATOR SERVICES RATE/REFERENCE INFORMATION	
An initial non-recurring charge applies per TOPS switch, per rate schedule for the initial load of CLEC's Operator Services Rate/Reference Information. An additional non-recurring charge applies per TOPS switch, per rate schedule for each subsequent change to Rate/Reference Information.	
*Rate per initial load	\$1,538.54
Rate per subsequent rate change	\$623.37
Rate per subsequent reference change	\$623.37

* Initial Load charges for Rate/Reference (B and C), when ordered together, will incur a single Initial Load Charge. In cases where Rate/Reference information (B or C) is ordered separately, individual Initial Load charges will apply to each order.

APPENDIX OSS-RESALE

000051

APPENDIX OSS**ACCESS TO OPERATIONS SUPPORT SYSTEMS FUNCTIONS****1. General Conditions**

1.1 This Appendix sets forth the terms and conditions under which SWBT provides nondiscriminatory access to SWBT's operations support systems (OSS) "functions" to CLEC for pre-ordering, ordering, provisioning, maintenance / repair, and billing.

1.2 Resale functions will be accessible via electronic interface, as described herein, where such functions are available. Manual access is available for all pre-ordering, ordering, provisioning, and billing functions via the Local Service Center (LSC). Repair and maintenance functions are available in a manual mode through the Local Operations Center (LOC).

1.3 CLEC agrees to utilize SWBT electronic interfaces, as described herein, only for the purposes of establishing and maintaining Resale services through SWBT. In addition, CLEC agrees that such use will comply with the summary of SWBT's Operating Practice No. 113, Protection of Electronic Information, titled Competitive Local Exchange Carrier Security Policies and Guidelines. Failure to comply with such security guidelines may result in forfeiture of electronic access to OSS functionality.

1.4 CLEC's access to pre-order functions described in 2.2.2 will only be utilized to view Customer Proprietary Network Information (CPNI) of another carrier's end-user where CLEC has obtained an authorization for release of CPNI from the end-user and has obtained an authorization to become the end user's local service provider. The authorization for release of CPNI must substantially reflect the following:

1.4.1 "This written consent serves as instruction to all holders of my local exchange telecommunications Customer Proprietary Network Information (CPNI) and account identification information to provide such information to the undersigned. Specifically, I authorize disclosure of my account billing name, billing address, and directory listing information, and CPNI, including, service address, service and feature subscription, long distance carrier identity, and pending service order activity. This Authorization remains in effect until such time that I revoke it directly or appoint another individual/company with such capacity or undersigned receives notice to disconnect my local exchange service or notice that a service disconnect has been performed. At and from such time, this Authorization is null and void."

Or

1.4.2 Authorization for change in local exchange service and release of CPNI with documentation that adheres to all requirements of state and federal law, as applicable.

000052

1.5 By utilizing electronic interfaces to access OSS functions, CLEC agrees to perform accurate and correct ordering as it relates to the application of Resale rates and charges where they are subject to the terms of this Agreement and applicable SWBT tariffs. All exception handling must be requested manually from the LSC.

1.6 In areas where Resale order functions are not available via an electronic interface for the pre-order, ordering and provisioning processes, SWBT and CLEC will use manual processes. Should SWBT develop electronic interfaces for these functions for itself, SWBT will make electronic access available to CLEC.

1.7 The Information Services (I.S.) Call Center provides a technical support function for electronic interfaces. CLEC will also provide a single point of contact for technical issues related to the electronic interfaces.

1.8 SWBT and CLEC will establish interface contingency plans and disaster recovery plans for the pre-order, ordering and provisioning of Resale services.

1.9 SWBT reserves the right to modify or discontinue the use of any system or interface as it deems appropriate. Provided however,

(a) SWBT shall provide CLEC with at least 90 days prior written notice of any planned discontinuance and provide CLEC with a functionally equivalent interface to access the OSS functions for any system or interface that is discontinued. Upon CLEC request, SWBT shall also provide a reasonable transition period.

(b) SWBT shall provide CLEC with reasonable prior written notice of any significant system modifications.

1.10 If CLEC elects to utilize electronic interfaces based upon industry guidelines for Resale, SWBT and CLEC agree to participate in the Order and Billing Forum (OBF) and the Telecommunications Industry Forum (TCIF) to establish and conform to uniform industry guidelines for electronic interfaces for pre-order, ordering, and provisioning. Neither Party waives its rights as participants in such forums or in the implementation of the guidelines. To achieve system functionality as quickly as possible, the Parties acknowledge that SWBT may deploy these interfaces with requirements developed in advance of industry guidelines. Thus, subsequent modifications may be necessary to comply with emerging guidelines. CLEC and SWBT are individually responsible for evaluating the risk of developing their respective systems in advance of guidelines and agree to support their own system modifications to comply with new requirements. In addition, SWBT has the right to define LSR Usage requirements according to the General Section 1.0, paragraph 1.4 of the practices in the OBF Local Service Ordering Guidelines (LSOG), which states: "Options described in this practice may not be applicable to individual providers tariffs; therefore, use of either the field or valid entries within the field is based on the providers tariffs/practices."

1.11 Due to enhancements and on-going development of access to SWBT's OSS functions, certain interfaces described in this Appendix may be modified, temporarily unavailable or may be phased out after execution of this Appendix. In compliance with section 1.9 of this Appendix, SWBT agrees that interfaces phased out will be accompanied with proper notice.

1.12 CLEC is responsible for obtaining operating system software and hardware to access OSS functions as specified in the document "Requirements for Access to Southwestern Bell OSS Functions."

2. Pre-Order

2.1 SWBT will provide real time access to pre-order functions to support CLEC ordering of Resale services. The Parties acknowledge that ordering requirements necessitate the use of current, real time pre-order information to accurately build service orders. The following lists represent pre-order functions that are available to CLEC so that CLEC order requests may be created to comply with SWBT ordering requirements.

2.2 Pre-ordering functions for Resale services include:

2.2.1 Features and services available at a valid service address (as applicable);

2.2.2 Access to SWBT retail or resold customer proprietary network information (CPNI) for preordering will include: billing name, service address, billing address, service and feature subscription, directory listing information, long distance carrier identity, and pending service order activity (CLEC agrees that CLEC's representatives will not access the information specified in this subsection until after the customer requests that his or her local exchange service provider be changed to CLEC, and a customer authorization for release of CPNI complies with conditions as described in section 1.4 of this Appendix.)

2.2.3 A telephone number (if the customer does not have one assigned) with the customer on-line;

2.2.4 Service availability dates to the customer;

2.2.5 Information regarding whether dispatch is required;

2.2.6 Primary Interexchange Carrier (PIC) options for intraLATA toll (when available) and interLATA toll;

2.2.7 Service address verification.

000054

2.3 Electronic Access to Pre-Order Functions: SWBT will provide CLEC access to one or more of the following systems:

2.3.1 Resale Services Pre-order System Availability:

2.3.1.1 Residential Easy Access Sales Environment (R-EASE): R-EASE is an ordering entry system through which SWBT provides CLEC access to the functions of pre-ordering when R-EASE is utilized to order SWBT Residential Resale Services.

2.3.1.2 Business Easy Access Sales Environment (B-EASE): B-EASE is an ordering entry system through which SWBT provides CLEC access to the functions of pre-ordering when such access is utilized to order SWBT Business Resale Services.

2.3.1.3 DataGate is a transaction-based data query system through which SWBT provides CLEC access to pre-ordering functions. This gateway shall be a Transmission Control Protocol/Internet Protocol (TCP/IP) gateway and will allow CLEC to access the pre-order functions for Resale services by CLEC developing its own end-user interface. SWBT and CLEC agree to cooperate in developing and implementing an electronic communication interface that will be consistent with industry guidelines developed by the OBF and the TCIF, assuming they are different from that which SWBT is providing.

2.3.1.4 Verigate is an end-user interface developed by SWBT that provides access to the pre-ordering functions for Resale Services. Verigate may be used in connection with electronic or manual ordering. Verigate is accessible via Toolbar.

2.3.2 Other Pre-order Function Availability:

2.3.2.1 Where pre-ordering functions are not available electronically CLEC will manually request this information from SWBT's LSC for inclusion on the service order request.

2.3.2.2 In addition to electronic interface access to pre-order information, upon request but not more frequently than once a month, SWBT will provide CLEC certain pre-order information in batch transmission for the purposes of back-up data for periods of system unavailability. Specifically, the following database information may be electronically provided, Street Address Guide (SAG) Guide, Service and Feature Availability by NXX, and a PIC list, to support address verification, service and feature availability and PIC availability, respectively. The parties recognize such information must be used to construct order requests only in exception handling situations.

3. Ordering/Provisioning

3.1 SWBT provides real time access to ordering functions (as measured from the time SWBT receives accurate service requests from the interface) to support CLEC provisioning of Resale services via one or more electronic interfaces. To order Resale services, CLEC will format the service request to identify what features, services, or elements it wishes SWBT to provision in accordance with SWBT ordering requirements. SWBT will provide CLEC access to one or more of the following systems or interfaces:

3.2 Resale Services Order Request System Availability:

3.2.1 R-EASE is available for the generation of Residential Resale services orders. Ordering flows are available via this system.

3.2.2 B-EASE is available for the generation of Business Resale services orders. Ordering flows are available via this system.

3.2.3 Service Order Retrieval and Distribution (SORD) interface provides CLECs with the ability to create certain complex Resale orders that cannot be ordered through EASE, EDI or LEX. In addition, the SORD interface supports the modification of Service Orders submitted electronically by CLEC. Should CLEC elect to correct service order errors via SORD, CLEC will be responsible for correcting all errors occurring prior to completion, on any orders submitted electronically by CLEC.

3.2.4 SWBT makes available to CLEC an Electronic Data Interchange (EDI) interface for transmission of SWBT ordering requirements via formats provided on the Local Service Request (LSR) as defined by the Ordering and Billing Forum (OBF) and via EDI mapping as defined by TCIF. In ordering and provisioning Resale, CLEC and SWBT will utilize industry guidelines developed by OBF and TCIF EDI to transmit data based upon SWBT's Resale ordering requirements.

3.2.5 LEX is an end-user interface that provides access to the ordering functions for Resale Services.

3.3 Provisioning for Resale services: SWBT will provision Resale Services as detailed in CLEC order requests. Access to status on such orders will be provided via the following electronic interfaces:

3.3.1 Order Status will allow CLEC to check service order status. Order Status is accessible via SWBT Toolbar. In addition, pending orders can be viewed in SORD.

000056

3.3.2 In cases of EDI ordering, SWBT will provide CLEC with an EDI interface for transferring and receiving orders, Firm Order Confirmation (FOC), service completion, and, as available, other provisioning data and information. SWBT will provide CLEC with a FOC for each Resale service request. The FOC will include: purchase order number, telephone number, Local Service Request number, due date, Service Order number, and completion date. Upon work completion, SWBT will provide CLEC with an 855 EDI transaction-based Order Completion that states when that order was completed. CLEC may submit supplement requests via the 860 EDI transaction, and, where available, SWBT will provide CLEC an 865 EDI transaction-based Completion notice.

3.3.2.1 The Parties agree that the following timelines are applicable to electronically generated service orders with errors corrected via SORD: 1) Errors occurring between application and distribution must be corrected within 5 hours for a simple order and within 24 hours for a complex order; 2) Error Service Order Image (ESOI) errors must be corrected within 3 business hours. Service orders will be excluded from calculation of the results for all related performance measurements, described in Appendix Performance Measurements, if CLEC fails to correct service order errors within the timeframes specified above. Additionally, service orders with errors that occur after order generation, but prior to distribution will not qualify for a SBC issued FOC.

3.3.3 In cases of EDI ordering, SWBT will provide CLEC with an EDI interface for transferring and receiving orders, Firm Order Confirmation (FOC), service completion, and, as available, other provisioning data and information. SWBT will provide CLEC with a FOC for each Resale service request. The FOC will include: purchase order number, telephone number, Local Service Request number, due date, Service Order number, and completion date. Upon work completion, SWBT will provide CLEC with an 855 EDI transaction-based Order Completion that states when that order was completed. CLEC may submit supplement requests via the 860 EDI transaction, and, where available, SWBT will provide CLEC an 865 EDI transaction-based Completion notice.

3.3.4 A file transmission may be provided to confirm order completions for R-EASE or B-EASE order processing. This file will provide service order information of all distributed and completed orders for CLEC.

3.3.4.1 The Parties agree that the following timelines are applicable to electronically generated service orders with errors corrected via SORD: 1) Errors occurring between application and distribution must be corrected prior to releasing the order from EASE; 2) Error Service Order Image (ESOI) errors must be corrected within 3 business hours. Service orders will be excluded from calculation of the results for the related performance measurements, described in Appendix Performance Measurements, if CLEC fails to correct service order errors within the timeframes specified above. Additionally, service orders with errors that occur after order generation, but prior to distribution will not qualify for a SBC issued FOC.

4. Maintenance/Repair

4.1 Two real time electronic interfaces are accessible to place, and check the status of trouble reports for both Resales. Upon request, CLEC may access these functions via the following methods:

4.1.1 Trouble Administration (TA) system access provides CLEC with SWBT software that allows CLEC to submit trouble reports and subsequently check status on trouble reports for CLEC end-users. TA will provide the ability to review the maintenance history of a converted Resale CLEC account. TA is accessible via SWBT Toolbar.

4.1.2 Electronic Bonding Interface (EBI) is an interface that is available for trouble report submission and status updates. This EBI conforms to ANSI guidelines T1.227:1995 and T1.228:1995, Electronic Communications Implementation Committee (ECIC) Trouble Report Format Definition (TFRD) Number 1 as defined in ECIC document ECIC/TRA/95-003, and all guidelines referenced within those documents, as mutually agreed upon by CLEC and SWBT. Functions currently implemented will include Enter Trouble, Request Trouble Report Status, Add Trouble Information, Modify Trouble Report Attributes, Trouble Report Attribute Value Change Notification, and Cancel Trouble Report, as explained in 6 and 9 of ANSI T1.228:1995. CLEC and SWBT will exchange requests over a mutually agreeable X.25-based network.

5. Billing

5.1 SWBT shall bill CLEC for resold services. SWBT shall send associated billing information to CLEC as necessary to allow CLEC to perform billing functions. At minimum SWBT will provide CLEC billing information in a paper format or via magnetic tape, as agreed to between CLEC and SWBT.

5.2 Electronic access to billing information for Resale Services will also be available via the following interfaces:

5.2.1 CLEC may receive Bill Plus™, an electronic version of their bill as described in and in accordance with SWBT's Local Exchange Tariff.

5.2.2 CLEC may receive a mechanized bill format via the EDI 811 transaction set.

5.2.3 CLEC may also view billing information through the Bill Information interface. Bill Information will be accessible via SWBT Toolbar.

5.2.4 SWBT shall provide CLECs a Usage Extract Feed electronically, on a daily basis, with information on the usage billed to its accounts for resale services in the industry standardized Exchange Message Record (EMR) format.

5.2.5 CLEC may receive Local Disconnect Report records (via CARE records) electronically that indicate when CLEC's customers change their Competitive Local Exchange Carrier.

6. Remote Access Facility

6.1 CLEC must access the following SWBT OSS interfaces via a CLEC Remote Access Facility (LRAF) located in Dallas, Texas: R-EASE; B-EASE; DataGate; EDI-Ordering; SORD Supplement and via Toolbar, Trouble Administration, Order Status, Verigate, LEX, and Bill Information. Connection to the LRAF will be established via a "port" either through dial-up or direct connection as described in Section 6.2. CLEC may utilize a port to access these interfaces to perform the supported functions in any SWBT state where CLEC has executed an Appendix OSS and purchases System Access in that state.

6.2 CLEC may use three types of access: Switched, Private Line, and Frame Relay. For Private Line and Frame Relay "Direct Connections," CLEC shall provide its own router, circuit, and two Channel Service Units/Data Service Units (CSU/DSU). The demarcation point shall be the router interface at the LRAF. Switched Access "Dial-up Connections" require CLEC to provide its own modems and connection to the SWBT LRAF. CLEC shall pay the cost of the call if Switched Access is used.

6.3 CLEC shall use TCP/IP to access SWBT OSS via the LRAF. In addition, each CLEC shall have one valid Internet Protocol (IP) network address. CLEC shall maintain a user-id /password unique to each individual for accessing a SWBT OSS on CLEC's behalf. CLEC shall provide estimates regarding its volume of transactions, number of concurrent users, desired number of private line or dial-up (switched) connections, and length of a typical session.

6.4 CLEC shall attend and participate in implementation meetings to discuss CLEC LRAF access plans in detail and schedule testing of such connections.

7. Operational Readiness Test (ORT) for Ordering/Provisioning and Repair/Maintenance Interfaces

7.1 Prior to live access to interface functionality, the Parties must conduct Operational Readiness Testing (ORT), which will allow for the testing of the systems, interfaces, and processes for the OSS functions. ORT will be completed in conformance with agreed upon processes and implementation dates.

7.2 Prior to live system usage, CLEC must complete user education classes for SWBT-provided interfaces that affect the SWBT network. Classes are train-the-trainer format to enable CLEC to devise its own course work for its own employees. Charges will apply for each class. Classes will be required for R-EASE, B-EASE, LEX, SORD Supplement and Trouble Administration. Optional classes will be available for Order Status and Verigate. Classes are train-the-trainer format to enable CLEC to devise its own coursework for its own employees. Charges apply to training delivery. Schedules will be made available upon request and are subject to change, with class lengths varying. Ongoing class schedules may be requested from the CLEC's account manager.

Training Rates	5 day class	4.5 day class	4 day class	3.5 day class	3 day class	2.5 day class	2 day class	1.5 day class	1 day class	1/2 day class
1 to 5 students	\$4,050	\$3,650	\$3,240	\$2,835	\$2,430	\$2,025	\$1,620	\$1,215	\$810	\$405
6 students	\$4,860	\$4,380	\$3,890	\$3,402	\$2,915	\$2,430	\$1,945	\$1,455	\$970	\$490
7 students	\$5,670	\$5,100	\$4,535	\$3,969	\$3,400	\$2,835	\$2,270	\$1,705	\$1,135	\$570
8 students	\$6,480	\$5,830	\$5,185	\$4,536	\$3,890	\$3,240	\$2,590	\$1,950	\$1,300	\$650
9 students	\$7,290	\$6,570	\$5,830	\$5,103	\$4,375	\$3,645	\$2,915	\$2,190	\$1,460	\$730
10 students	\$8,100	\$7,300	\$6,480	\$5,670	\$4,860	\$4,050	\$3,240	\$2,430	\$1,620	\$810
11 students	\$8,910	\$8,030	\$7,130	\$6,237	\$5,345	\$4,455	\$3,565	\$2,670	\$1,780	\$890
12 students	\$9,720	\$8,760	\$7,780	\$6,804	\$5,830	\$4,860	\$3,890	\$2,920	\$1,945	\$970

7.3 A separate agreement will be required as a commitment to pay for a specific number of CLEC students in each class. CLEC agrees that charges will be billed by SWBT and CLEC payment is due 30 days later. CLEC agrees that personnel from other competitive Local Service Providers may be scheduled into any class to fill any seats for which the CLEC has not contracted. Class availability is first-come, first served with priority given to CLECs who have not yet attended the specific class.

7.4 Class dates will be based upon SWBT availability and will be coordinated between CLEC, Account Manager and Product Management.

7.5 CLEC agrees to pay cancellation fee of the full price noted in the separate agreement if CLEC cancels scheduled classes less than two weeks prior to the scheduled start date. CLEC agrees to provide to SWBT completed registration forms for each student no later than one week prior to the scheduled training class.

7.6 CLEC agrees that CLEC personnel attending classes are to utilize only training databases and training presented to them in class. Attempts to access any other SWBT or SBC system are strictly prohibited.

7.7 CLEC further agrees that training material, manuals and instructor guides can be duplicated only for internal use for the purpose of training employees to utilize capabilities SWBT's OSS in accordance with this Appendix.

000060

8. Rates

8.1 CLEC requesting the Bill Plus™, as described in 5.2.1, agrees to pay applicable tariffed rate, less Resale discount.

8.2 CLEC requesting the billing function for Usage Billable Records, as described in 5.2.4, agrees to pay \$.003 per message transmitted.

8.3 CLEC requesting the Local Disconnect Report, as described in 5.2.5, agrees to pay \$0.10 per record transmitted.

8.4 Should unforeseen modifications and costs to provision OSS functions become required by SWBT or industry guidelines, or by regulatory rulings, SWBT reserves the right to modify its rate structure. In addition, should CLEC request custom development of an exclusive interface to support OSS functions, such development will be considered by SWBT on an Individual Case Basis (ICB) and priced as such.

9. Effective Date, Term

9.1 Whereas CLEC is currently operational under an existing, approved Interconnection Agreement, this Appendix OSS will be effective, pending commission approval, 10 days after it is filed with the state commission. Alternatively, this Appendix will be effective upon approval by the state commission when it is approved as a part of the Interconnection Agreement.

10. Applicability of Other Rates, Terms and Conditions

This appendix, and every service provided hereunder, shall be subject to all rates, terms and conditions contained in this Agreement or other appendices or attachments to this Agreement which are legitimately related to such service; and all such rates, terms and conditions are incorporated by reference herein and as part of every service provided hereunder. Without limiting the general applicability of the foregoing, the following terms and conditions of the General Terms and Conditions of the Resale Agreement are specifically agreed by the Parties to be legitimately related to, and to be applicable to, each service provided hereunder: description of rates and charges for services, terms and conditions for resale of services, responsibilities of SWBT, additional responsibilities of the parties, additional responsibilities of CLEC, termination of service to CLEC, changes in subscriber carrier selection, notices, effective date, term, disclaimer of warranties, limitation of liability, force majeure, nondisclosure, dispute resolution, verification reviews, compliance with laws, intervening law and preservation of rights.

000061

**APPENDIX
PERFORMANCE MEASUREMENTS**

APPENDIX PERFORMANCE MEASUREMENTS

1.0 Introduction

This Appendix Performance Measurements contains Performance Criteria which applies to resold services. The measurements set forth in this Appendix illustrates non-discriminatory access to SWBT's Operations Support Systems (OSS) and covers each of the five recognized OSS functions (pre-ordering, ordering, provisioning, maintenance and repair, and billing).

The performance measurements contained herein, notwithstanding any provisions in any other appendix in this Agreement, are not intended to create, modify or otherwise affect parties' rights and obligations. The existence of any particular performance measure, or the language describing that measure, is not evidence that CLEC is entitled to any particular manner of access, nor is it evidence that SWBT is limited to providing any particular manner of access. The parties' rights and obligations to such access are defined elsewhere, including the relevant laws, FCC and PUC decisions/regulations, tariffs, and within this agreement.

2.0 Definitions

When used in this Appendix, the following terms will have the meanings indicated:

- 2.1 Performance Criteria means the target level of SWBT performance specified for each Performance Measurement. Generally, the Performance Measurements contained in this Appendix specify performance equal to that which SWBT achieves for itself in providing equivalent end user service as the Performance Criterion.
- 2.2 For certain Performance Measurements, a specific quantitative target has been adopted as the Performance Criterion. The determination of compliance is through the comparison of the measured performance delivered to CLEC and the applicable benchmark.
- 2.3 Performance Measures means the set of measures listed in all of section 6.0 of this Appendix.

3.0 Specified Performance Standards

- 3.1 SWBT will meet the Performance Criteria contained in this Appendix, except in those instances where its failure to do so is a result of a) the CLEC's failure to perform any of its obligations set forth in this Agreement or under the Act, or Texas law b) any delay, act or failure to act by an end user, agent or

subcontractor of the CLEC, c) any Force Majeure Event, d) or non-SWBT problems associated with third party systems or equipment, which could not have been avoided by SWBT in exercise of reasonable diligence. Provided, however, the third party exclusion will not be raised by SWBT more than three times within a calendar year.

4.0 Records and Reports

- 4.1 SWBT will not levy a separate charge for provision of the data to CLEC called for under this Appendix. Notwithstanding other provisions of this Agreement, the Parties agree that such data and associated records will be deemed Proprietary Information.
- 4.2 Reports are to be made available to the CLEC by the 20th day following the close of the calendar month. If the 20th falls on a weekend or holiday, the reports will be made available the next business day.
- 4.3 CLEC will have access to monthly reports through an interactive Website.
- 4.4 CLEC and SWBT will consult with one another and attempt in good faith to resolve any issues regarding the accuracy or integrity of data collected, generated, and reported pursuant to this Appendix.
- 4.5 UNE measurement categories included on the reports will be zero filled as that data is not applicable to resold services.

5.0 Initial Implementation; Data Review

- 5.1 Every six months, SWBT, CLEC, and Commission representatives will review the performance measures to determine whether measurements should be added, deleted, or modified; whether the applicable benchmark standards should be modified or replaced by parity standards. The criterion for reclassification of a measure shall be whether the actual volume of data points was lesser or greater than anticipated. Criteria for review of performance measures, other than for possible reclassification, shall be whether there exists an omission or failure to capture intended performance, and whether there is duplication of another measurement. Performance measures for 911 may be examined at any six month review to determine whether they should be reclassified. The first six month period will begin when an agreement is adopted by CLEC and approved by the Commission. Any changes to existing performance measures shall be by mutual agreement of the parties and, if

necessary, with respect to new measures and their appropriate classification, by arbitration. The current measurements and benchmarks will be in effect until modified hereunder or expiration of the agreement.

6.0 Performance Measurements

SWBT will provide the following Performance Measurements, in accordance with the Business Rules, under this Agreement:

6.1 Pre-Ordering/Ordering

6.1.1 Measurement - Average Response Time For OSS Pre-Order Interfaces

Definition - The average response time in seconds from the SWBT side of the Remote Access Facility (RAF) and return for pre-order interfaces (Verigate, DataGate and EDI where the pre-order functionality is integrated) by function.

Calculation - $\sum[(\text{Query Response Date \& Time}) - (\text{Query Submission Date \& Time})] \div (\text{Number of Queries Submitted in Reporting Period})$

Report Structure -

Benchmark: To be determined

- Address Verification
- Request For Telephone Number
- Request For Customer Service Record (CSR)
- Service Availability
- Service Appointment Scheduling (Due Date)
- Dispatch Required
- PIC

6.1.2 Measurement - Percent Response Received Within "X" Seconds

Definition - The average response time in seconds from the SWBT side of the Remote Access Facility (RAF) and return for pre-order interfaces (Verigate and DataGate) by function.

Calculation - $\sum[(\text{Query Response Date \& Time}) - (\text{Query Submission Date \& Time})] \div (\text{Number of Queries Submitted in Reporting Period})$

Report Structure - Reported on a company basis by interface for DATAGATE and VERIGATE.

Benchmark: To be determined

- Address Verification
- Request For Telephone Number
- Request For Customer Service Record (CSR)

- **Service Availability**
- **Service Appointment Scheduling (Due Date)**
- **Dispatch Required**
- **PIC**

6.1.3 Measurement - EASE Average Response Time

Definition - Average screen to screen response from the SWBT side of the Remote Access Facility (RAF) and return

Calculation - $\Sigma[(\text{Query Response Date \& Time}) - (\text{Query Submission Date \& Time})] \div (\text{Number of Queries Submitted in Reporting Period})$

Report Structure - Reported for all CLECs and SWBT by division name (CPU platform)

Benchmark - Equal to SWBT's own

6.1.4 Measurement - OSS Interface Availability

Definition - Percent of time OSS interface is available compared to scheduled availability

Calculation - $((\# \text{ scheduled system available hours} - \text{unscheduled unavailable system hours}) \div \text{scheduled system available hours}) * 100$

Report Structure - Reported on a company basis by interface e.g. EASE, DATAGATE, VERIGATE, LEX, EDI and TOOLBAR. The RAF will be reported by CLEC

Benchmark - 99%

6.1.5 Measurement - % Firm Order Confirmations (FOCs) Received Within "X" Hours

Definition - Percent of FOCs returned within a specified time frame from receipt of service requests to return of confirmation to CLEC

All Res. And Bus. < 24 Hours

Complex Business - Negotiated

Calculation - $(\# \text{ FOCs returned within "X" hours} \div \text{total FOCs sent}) * 100.$

Report Structure - Reported for CLEC and all CLECs. This includes mechanized from EDI and LEX and manual (FAX or phone orders). The FOC for EASE is considered to be at the time the due date is negotiated and is not included in the calculation.

Benchmark - 90% within "X" hours

6.1.6 Measurement - Average Time To Return FOC

Definition - The average time to return FOC from receipt of service order to return of confirmation to CLEC

Calculation - $\Sigma[(\text{Date and Time of FOC}) - (\text{Date and Time of Order Acknowledgment})] \div (\# \text{ of FOCs})$

Report Structure - Reported for CLEC and all CLECs

Benchmark - 90% within "X" hours

- 6.1.7 **Measurement** - Percent Mechanized Completions Returned Within 1 Hour Upon Successful Execution Of The SORD (BU340) Batch Cycle Which Updates The Order Status, Indicating A Completion Notice.

The batch process executes at the following times: 9:00 AM, 12:00 noon, 3:00 PM, 6:00 PM, 10:30 PM.

Definition - % mechanized completions returned within 1 hour for EDI and LEX

Calculation - $(\# \text{ mechanized completions returned to CLEC within 1 hour} \div \text{total completions}) * 100$

Report Structure - Reported for CLEC and all CLECs for the electronic interfaces (EDI and LEX). The 1 hour interval above is subject to change as the EDI polling time frame changes

Benchmark - 97%

- 6.1.8 **Measurement** - Average Time to Return Mechanized Completions

Definition - Average time required to return a mechanized completion

Calculation - $\text{Sum} [(\text{Date and Time of Notice Of Completion Issued to the CLEC}) - (\text{Date and Time of Work Completion})] \div (\# \text{ of Orders Completed})$.

Report Structure - Reported on CLEC and all CLECs for the electronic interfaces (EDI and LEX). The 1 hour interval is subject to change as the EDI polling time frame changes

Benchmark - 97%

- 6.1.9 **Measurement** - Percent Rejects

Definition - The number of rejects compared to the issued orders for the electronic interfaces (EDI, RMI and LEX)

Calculation - $(\# \text{ of rejects} \div \text{total orders issued}) * 100$

Report Structure - Reported on CLEC and all CLECs for the electronic interfaces (EDI and LEX)

Benchmark - Not required (Diagnostic)

- 6.1.10 **Measurement** - Percent Mechanized Rejects Returned Within 1 Hour Of The Start Of The EDI/LASR Batch Process

Definition - Percent mechanized rejects returned within 1 hour of the start of the EDI/LASR batch process. The EDI and LASR processes execute every two hours between 6:00 A.M. and 12:00 A.M

Calculation - $(\# \text{ mechanized rejects returned within 1 hour} \div \text{total})$

rejects) * 100

Report Structure - Reported for CLEC and all CLECs for the electronic interfaces (EDI and LEX)

Benchmark - 97% within 1 hour of PON

6.1.11 Measurement - Mean Time to Return Mechanized Rejects

Definition - Average time required to return a mechanized reject

Calculation - $\Sigma[(\text{Date and Time of Order Rejection}) - (\text{Date and Time of Order Acknowledgment})] \div (\# \text{ of Orders Rejected})$

Report Structure - Reported on CLEC and all CLECs for the electronic interfaces (EDI and LEX)

Benchmark - 97% within 1 hour of PON

6.1.12 Measurement - Mechanized Provisioning Accuracy

Definition - Percent of mechanized orders completed as ordered

Calculation - $(\# \text{ of orders completed as ordered} \div \text{total orders}) * 100$

Report Structure - Reported by individual CLEC, CLECs and SWBT

Benchmark - Equal to SWBT's own

6.1.13 Measurement - Order Process Percent Flow Through

Definition - Percent of orders or LSRs from entry to distribution that progress through SWBT ordering systems excluding rejects

Calculation - $(\# \text{ of "good" orders that flow through} \div \text{total orders}) * 100$

LASR orders that flow through are those orders that go to the mechanized order generation (MOG). Total orders are the sum of orders that go to the MOG and those that go to folders for manual handling. EASE orders that flow through are those orders that are issued by using the PF11 key and do not go to the error queue. The total orders are all PF11 issued orders.

Report Structure - Reported by individual CLEC, CLECs and SWBT for CLEC typed orders and LSC typed orders

Benchmark - Equal to SWBT's own

6.2 Billing

6.2.14 Measurement - Billing Accuracy

Definition - SWBT performs three bill audits to ensure the accuracy of the bills rendered to its customers: CRIS and toll/usage. A sample of customer accounts is selected on the basis of USOCs and classes of service using CIDB. The purpose of this audit is to assure that the monthly bill sent to the CLECs for resale services is accurate according to the rating of the USOCs and classes of service. For all

accounts that are audited, the numbers of bills that have been released prior to correction are counted as an error.

Calculation - (# of bills not corrected prior to bill release ÷ total bills audited) * 100

Report Structure - Reported for aggregate of all CLECs and SWBT for the CRIS, and Usage bill audits

Benchmark - Equal to SWBT's own

6.2.15 Measurement - Percent of Accurate And Complete Formatted Mechanized Bills

Definition - Measurements the % of monthly bills sent to the CLECs via the mechanized EDI process that are accurate and complete. If an error is found, a decision must be made to correct the error before the bill is rendered and jeopardize timeliness or to send the bill out on time and in error.

Calculation - (Count of accurate and complete formatted mechanized bills via EDI ÷ total # of mechanized bills via EDI) * 100

Report Structure - Reported for CLEC and all CLECs

Benchmark - 99%

6.2.16 Measurement - Percent Of Billing Records Transmitted Correctly

Definition - Measurements % of billing records transmitted correctly on the usage extract feed. Usage records are sent to the CLEC each day containing information to enable the CLEC to more promptly bill their own customers. Controls and edits within the billing system uncover certain types of errors, which are likely to appear on the usage records. When these errors are uncovered, a new release of the program will be written to insure that the error does not occur again. Thus, an error that is reported in one month should not occur the next month because the billing program error would have fixed by the next month.

Calculation - (Count of billing records transmitted correctly ÷ total billing records transmitted) * 100

Report Structure - Reported for CLEC and all CLECs

Benchmark - 95%

6.2.17 Measurement - Billing Completeness

Definition - Percent of service orders that are posted in the CRIS billing system prior to the customers bill period

Calculation - (Count of service orders included in current applicable

bill period ÷ total service orders in current applicable bill period) *
100

Report Structure - Reported for CLEC, all CLECs and SWBT

Benchmark - Equal to SWBT's own

6.2.18 Measurement - Billing Timeliness (Wholesale Bill)

Definition - Billing timeliness measurements the length of time from message creation to the time it is made available to the CLECs. Data is collected from a transmission report obtained each month from CIDB. A mechanized bill will be considered timely if it is sent by midnight of the 6th work day after the end of the bill period. Since paper bills are handled via the same process that SWBT uses for paper distribution no measurement is provided.

Calculation - (Count of bills released on time ÷ total number of bills released) * 100

Report Structure - Reported for CLEC and all CLECs

Benchmark - 95% within the 6th work day

6.2.19 Measurement - Daily Usage Feed Timeliness

Definition - Usage information is sent to the CLECs on a daily basis. This usage data must be sent to the CLEC within 6 days in order to be considered timely.

Calculation - (Number of usage feeds transmitted on time ÷ total number of usage feeds) * 100

Report Structure - Reported for CLEC and all CLECs

Benchmark - 95% within the 6th work day

6.2.20 Measurement - Unbillable Usage

Definition - Percentage of usage data that is unbillable. For CRIS billing, the total dollars for AMA/ECS write off is divided by the total CRIS AMA/ECS billing. **Calculation** - (Total unbillable usage ÷ total usage) * 100

Report Structure - Reported for the aggregate of SWBT and CLECs

Benchmark - Not required (Aggregate measurement)

6.3 Miscellaneous Administrative

6.3.21 Measurement - LSC Average Speed Of Answer

Definition - The average time a customer is in queue. The time begins when the customer enters the queue and ends when the call is answered by a SWBT representative

Calculation - Total queue time ÷ total calls

000070

Report Structure - Reported for all calls to the LSC by operational separation and SWBT retail

Benchmark - Equal to SWBT's own

6.3.22 Measurement - LSC Grade Of Service (GOS)

Definition - % of calls answered by the LSC within a specified period of time

Calculation - Total number of calls answered by the LSC within a specified period of time ÷ total number of calls answered by the LSC

Report Structure - Reported for all calls to the LSC by operational separation and SWBT retail (RSC and BSC)

Benchmark - Equal to SWBT's own

6.3.23 Measurement - Percent Busy in the LSC

Definition - Percent of calls which are unable to reach the Local Service Center due to a busy condition in the ACD

Calculation - (Count of blocked calls ÷ total calls offered) * 100

Report Structure - Reported for all CLECs and SWBT

Benchmark - Equal to SWBT's own

6.3.24 Measurement - LOC Average Speed Of Answer

Definition - The average time a customer is in queue. The time begins when the customer enters the queue and ends when the call is answered by a SWBT representative

Calculation - Total queue time ÷ total calls

Report Structure - Reported for all calls to the LOC for all CLECs and SWBT retail

Benchmark - Equal to SWBT's own

6.3.25 Measurement - LOC Grade Of Service (GOS)

Definition - % of calls answered by the LOC within a specified period of time

Calculation - Total number of calls answered by the LOC within a specified period of time ÷ total number of calls answered by the LOC

Report Structure - Reported for all calls to the LSC by operational separation and SWBT retail (Repair Bureau)

Benchmark - Equal to SWBT's own

6.3.26 Measurement - Percent Busy in the LOC

Definition - Percent of calls which are unable to reach the Local Operations Center due to a busy condition in the ACD

000071

Calculation - (Count of blocked calls ÷ total calls offered) * 100

Report Structure - Reported for all CLECs and SWBT

Benchmark - Equal to SWBT's own

6.4 POTS - Provisioning

6.4.27 Measurement - Mean Installation Interval

Definition - Average business days from application date to completion date for N,T, C orders excluding customer caused misses and customer requested due dates that are earlier or greater than 5 business days

Calculation - $[\sum(\text{completion date} - \text{application date})] \div (\text{Total number of orders completed})$

Report Structure - Reported for CLEC, all CLECs and SWBT, by Field Work (FW), No Field Work (NFW), Business and Residence

Benchmark - Equal to SWBT's own

6.4.28 Measurement - Percent Installations Completed Within "X" Business Days (POTS)

Definition - Measure of orders completed within "X" business days, 5 business days for FW and 3 business days for NFW, of receipt of confirmed service order for POTS resale service excluding orders where customer requested a due date greater than "X" business days and excluding orders with only customer caused misses

Calculation - $(\text{Count of N,T,C orders installed within business 5 days} \div \text{total N,T,C orders}) * 100$

Report Structure - Reported for CLEC, all CLECs and SWBT by Field Work (FW), No Field Work (NFW), Business and Residence

Benchmark - Equal to SWBT's own

6.4.29 Measurement - Percent SWBT Caused Missed Due Dates

Definition - Percent of N,T,C orders where installation was not completed by the due date, excluding customer caused misses

Calculation - $(\text{Count of N,T,C orders not completed by the due date, excluding customer caused misses} \div \text{total number of N,T,C orders}) * 100$

Report Structure - Reported for CLEC, all CLECs and SWBT by Field Work (FW), No Field Work (NFW), Business and Residence

Benchmark - Equal to SWBT's own

6.4.30 Measurement - Percent SWBT Missed Due Dates Due To Lack Of Facilities

Definition - Percent N,T,C orders with missed committed due dates

due to lack of facilities

Calculation - (Count N,T,C orders with missed committed due dates due to lack of facilities ÷ total N,T,C orders) * 100

Report Structure - Reported for CLEC, all CLECs and SWBT Retail for POTS Reported for > 30 calendar days & > 90 calendar days (Calculated monthly based on posted orders)

Benchmark - Equal to SWBT's own

6.4.31 **Measurement** – Average Delay Days For Missed Due Dates Due To Lack Of Facilities

Definition - Average calendar days from due date to completion date on company missed orders due to lack of facilities

Calculation - $\Sigma(\text{Completion date} - \text{committed order due date}) \div (\# \text{ of posted orders})$

Report Structure - Reported for CLEC, all CLECs and SWBT Retail POTS

Benchmark - Equal to SWBT's own

6.4.32 **Measurement** – Average Delay Days for SWBT Caused Missed Due Dates

Definition - Average calendar days from due date to completion date on company missed orders

Calculation - $\text{Sum}(\text{Completion date} - \text{committed order due date}) \div (\# \text{ of posted orders})$

Report Structure - Reported for CLEC, all CLECs and SWBT Retail POTS,

Benchmark - Equal to SWBT's own

6.4.33 **Measurement** - Percent SWBT Caused Missed Due Dates > 30 Days

Definition - Percent of N,T,C orders where installation was completed >30 days following the due date, excluding customer caused misses

Calculation - $(\text{Count of N, T, C orders completed} > 30 \text{ days following the due date, excluding customer caused misses} \div \text{total number of N, T, C orders}) * 100$

Report Structure - Reported for CLEC, all CLECs and SWBT for Resold POTS

Benchmark - Equal to SWBT's own

6.4.34 **Measurement** - Count of Orders Canceled After the Due Date (SWBT Caused)

Definition - Orders canceled after the due date caused by SWBT

Calculation - $(1-30, 31-90, \text{ and } >90 \div \text{count of canceled orders})$

Report Structure - Reported for individual CLECs and the aggregate of all CLECs

Benchmark - Not required (Diagnostic)

6.4.35 Measurement - Percent Trouble Reports Within 10 Days Of Install

Definition - Percent of N, T, C orders that receive a network customer trouble report not caused by CPE or wiring within 10 calendar days of service order completion excluding subsequent reports and all disposition code "13" reports

Calculation - $(\text{Count of N, T, C orders that receive a network customer trouble report within 10 calendar days of service order completion} \div \text{total N,T,C orders (excludes trouble reports received on the due date)}) * 100$

Report Structure - Reported for POTS Resale by CLEC, total CLECs and SWBT retail by Field Work (FW), No Field Work (NFW) business and residence

Benchmark - Equal to SWBT's own

6.4.36 Measurement - Percent No Access (Trouble Reports With No Access)

Definition - Percent of Field Work (FW) orders with a status of "No Access"

Calculation - $\text{Count of orders that are No Access} \div \text{total orders}$

Report Structure - Reported for CLEC, total CLECs and SWBT

Benchmark - Resale POTS parity between FW compared to SWBT FW (N, T, C order types) and NFW compared to SWBT Retail NFW (N,T,C order types).

6.5 POTS - Maintenance

6.5.37 Measurement - Trouble Report Rate

Definition - The number of customer trouble reports not caused by CPE or wiring, CPE and disposition code "13" reports within a calendar month per 100 lines

Calculation - $[\text{Total number of customer trouble reports} \div (\text{total lines} \div 100)]$.

Report Structure - Reported for POTS Resale trouble reports by CLEC, all CLECs and SWBT retail (valid for line counts of 300,000 or greater)

Benchmark - Equal to SWBT's own

6.5.38 Measurement - Percent Missed Repair Commitments

Definition - Percent of trouble reports not cleared by the commitment time, excluding disposition code "13" reports

Calculation - (Count of trouble reports not cleared by the commitment time for company reasons ÷ total trouble reports) * 100

Report Structure - Reported for CLEC, all CLECs and SWBT retail by dispatch and no dispatch

Benchmark - Equal to SWBT's own

6.5.39 Measurement - Receipt To Clear Duration

Definition - Average duration of customer trouble reports from the receipt of the customer trouble report to the time the trouble report is cleared with the customer excluding subsequent, and all disposition code "13" reports (excludable)

Calculation - $\Sigma[(\text{Date and time ticket is cleared with customer}) - (\text{Date and time ticket received})] \div \text{total customer network trouble reports}$

Report Structure - Reported for POTS Resale trouble reports by CLEC, all CLECs and SWBT retail for Out of Service and Affecting Service by Dispatch and No-Dispatch

Benchmark - Equal to SWBT's own

6.5.40 Measurement - Percent Out Of Service (OOS) < 24 Hours

Definition - Percent of OOS trouble reports cleared in less than 24 hours excluding subsequents, tickets received on Saturday or Sunday, no access and all disposition code "13" reports (excludable)

Calculation - (Count of OOS trouble reports < 24 hours ÷ total number of OOS trouble reports) * 100

Report Structure - Reported for CLEC, all CLECs and SWBT retail

Benchmark - Equal to SWBT's own

6.5.41 Measurement - Percent Repeat Reports

Definition - Percent of customer trouble reports received within 10 calendar days of a previous customer report that were not caused by CPE or wiring excluding subsequent reports and all disposition code "13" reports (excludable)

Calculation - (Count of customer trouble reports, not caused by CPE or wiring and excluding subsequent reports, received within 10 calendar days of a previous customer report ÷ total customer trouble reports not caused by CPE or wiring and excluding subsequent reports) * 100

Report Structure - Reported by CLEC, all CLECs and SWBT retail

Benchmark - Equal to SWBT's own

6.5.42 Measurement - Percent No Access (% Trouble reports with No Access)

Definition - Percent of dispatched customer trouble reports with a status of "No Access".

Calculation - Count of trouble reports with a status of "No Access" to customer's premise ÷ total dispatched customer trouble reports

Report Structure - Reported for CLEC, total CLECs and SWBT

Benchmark - POTS - Parity with SWBT Retail

6.6 Specials - Provisioning

6.6.43 Measurement - Average Installation Interval

Definition - Average business days from application date to completion date for N,T,C orders by item. Excludes customer caused misses and customer requested due dates that are earlier or greater than "X" business days

Calculation - $[\sum(\text{completion date} - \text{application date})] \div (\text{total number of orders completed})$

Report Structure - Reported for CLEC, all CLECs and SWBT by DDS, DS1, DS3, Voice Grade Private Line (VGPL) and ISDN and any other services available for resale

Benchmark - Equal to SWBT's own

6.6.44 Measurement - Percent Installations Completed Within "X" Business Days

Definition - Percent installations completed within "X" business days excluding customer caused misses and customer requested due date greater than "X" business days

Calculation - $(\text{Count of N,T,C orders by item installed within business "X" business days} \div \text{total N,T,C orders by item}) * 100$

Report Structure - Reported for CLEC, all CLECs and SWBT by DDS, DS1, DS3, Voice Grade Private Line (VGPL) and ISDN and any other services available for resale

Benchmark - Equal to SWBT's own

6.6.45 Measurement - Percent SWBT Caused Missed Due Dates

Definition - Percent of N,T,C orders where installations were not completed by the negotiated due date excluding customer caused misses

Calculation - $(\text{Count of N,T,C orders by item with missed due dates excluding customer caused misses} \div \text{total number of N,T,C orders by item}) * 100$

Report Structure - Reported for CLEC, all CLECs and SWBT by

DDS, DS1, DS3, Voice Grade Private Line (VGPL) and ISDN and any other services available for resale

Benchmark - Equal to SWBT's own

6.6.46 Measurement - Percent Installation Reports Within 30 Days (I-30)

Definition - Percent of N,T,C orders by item that receive a network customer trouble report within 30 calendar days of service order completion

Calculation - (Count of N,T,C orders by item that receive a network customer trouble report within 30 calendar days of service order completion ÷ total N,T,C orders by item (excludes trouble reports received on the due date)) * 100

Report Structure - Reported for CLEC, all CLECs and SWBT by DDS, DS1, DS3, Voice Grade Private Line (VGPL) and ISDN and any other services available for resale

Benchmark - Equal to SWBT's own

6.6.47 Measurement - Percent SWBT Missed Due Dates Due To Lack Of Facilities

Definition - Percent N,T,C orders by item with missed committed due dates due to lack of facilities

Calculation - (Count of N,T,C orders by item with missed committed due dates due to lack of facilities ÷ total N,T,C orders by item) * 100

Report Structure - Reported for Specials Resale by CLEC, all CLECs and SWBT Retail Reported for > 30 calendar days & > 90 calendar days

Benchmark - Equal to SWBT's own

6.6.48 Measurement - Delay Days For Missed Due Dates Due To Lack Of Facilities

Definition - Average calendar days from due date to completion date on company missed orders due to lack of facilities

Calculation - $\Sigma(\text{Completion date} - \text{Committed order due date}) \div (\# \text{ of completed orders})$

Report Structure - Reported for CLEC, all CLECs and SWBT Retail Specials

Benchmark - Equal to SWBT's own

6.6.49 Measurement - Delay Days for SWBT Caused Missed Due Dates

Definition - Average calendar days from due date to completion date on company missed orders

Calculation - $\text{Sum}(\text{Completion date} - \text{committed order due date}) \div (\# \text{ of posted orders})$

Report Structure - Reported for CLEC, all CLECs and SWBT Retail
Specials

Benchmark - Equal to SWBT's own

6.6.50 Measurement - Percent SWBT Caused Missed Due Dates >30 Days

Definition - Percent of N, T, C orders where installation was
completed > 30 days following the due date, excluding customer
caused misses

Calculation - (Count of N, T, C orders completed > 30 days following
the due date, excluding customer caused misses ÷ total number of N,
T, C orders) * 100

Report Structure - Reported for CLEC, all CLECs and SWBT for
Retail Specials

Benchmark - Equal to SWBT's own

6.6.51 Measurement - Count Of Orders Canceled After The Due Date
(SWBT Caused)

Definition - Orders canceled after the due date which were caused by
SWBT

Calculation - (1-30, 31-90, and >90 ÷ the count of canceled orders)

Report Structure - Reported for individual CLECs and the aggregate
of all CLECs

Benchmark - Not required (Diagnostic)

6.7 Specials - Maintenance

6.7.52 Measurement - Mean Time To Restore

Definition - Average duration of network customer trouble reports
from the receipt of the customer trouble report to the time the trouble
report is cleared excluding no access and delayed maintenance

Calculation - $\Sigma[(\text{Date and time trouble report is cleared with the customer}) - (\text{date and time trouble report is received})] \div \text{total network customer trouble reports}$

Report Structure - Reported for CLEC, all CLECs and SWBT by
DDS, DS1, DS3, Voice Grade Private Line (VGPL) and ISDN and any
other services available for resale

Benchmark - Equal to SWBT's own

6.7.53 Measurement - Percent Repeat Reports

Definition - Percent of network customer trouble reports received
within 30 calendar days of a previous customer report

Calculation - (Count of network customer trouble reports received
within 30 calendar days of a previous customer report ÷ total network

customer trouble reports.) * 100

Report Structure - Reported for CLEC, all CLECs and SWBT by DDS, DS1, DS3, Voice Grade Private Line (VGPL) and ISDN and any other services available for resale

Benchmark - Equal to SWBT's own

6.7.54 Measurement - Failure Frequency

Definition - The number of network customer trouble reports within a calendar month per 100 circuits

Calculation - $[\text{Count of network trouble reports} \div (\text{Total Resold circuits} \div 100)]$

Report Structure - Reported for CLEC, all CLECs and SWBT by DDS, DS1, DS3, Voice Grade Private Line (VGPL) and ISDN and any other services available for resale

Benchmark - Equal to SWBT's own

6.11 DIRECTORY ASSISTANCE (DA) AND OPERATOR SERVICES (OS)

6.11.55 Measurement - Directory Assistance Grade Of Service

Definition - % of directory assistance calls answered < 1.5, < 2.5, > 7.5, > 10.0, > 15.0, > 20.0, and > 25.0 seconds

Calculation - $\text{Calls answered within "X" seconds} \div \text{total calls answered}$

Report Structure - Reported for the aggregate of SWBT and CLECs

Benchmark - Not required (Aggregate measurement)

6.11.56 Measurement - Directory Assistance Average Speed Of Answer

Definition - The average time a customer is in queue. The time begins when the customer enters the queue and ends when the call is answered by a SWBT representative

Calculation - $\text{Total queue time} \div \text{total calls}$

Report Structure - Reported for the aggregate of SWBT and CLECs

Benchmark - Not required (Aggregate measurement)

6.11.57 Measurement - Operator Services Grade Of Service

Definition - % of operator services calls answered < 1.5, < 2.5, > 7.5, > 10.0, > 15.0, > 20.0, and > 25.0 seconds

Calculation - $\text{Calls answered within "x" seconds} \div \text{total calls answered}$

Report Structure - Reported for the aggregate of SWBT and CLECs

Benchmark - Not required (Aggregate measurement)

6.11.58 Measurement - Operator Services Average Speed Of Answer

Definition - The average time a customer is in queue. The time begins when the customer enters the queue and ends when the call is answered by a SWBT representative

Calculation - Total queue time ÷ total calls

Structure - Reported for the aggregate of SWBT and CLECs

Benchmark - Not required (Aggregate measurement)

6.11.59 Measurement - Percent Calls Abandoned

Definition - The percent of calls where the customer hangs up while the call is in queue

Calculation - (Number of calls abandoned ÷ number of operator positions requested) * 100

Report Structure - Reported for CLEC and SWBT in the aggregate

Benchmark - Not required (Aggregate measurement)

6.11.60 Measurement - Percent Calls Deflected

Definition - The percent of calls that are received and are unable to be placed in queue

Calculation - (Number of calls deflected ÷ number of operator positions requested) * 100

Report Structure - Reported for CLEC and SWBT in the aggregate

Benchmark - Not required (Aggregate measurement)

6.11.61 Measurement - Average Work Time

Definition - the average number of seconds an operator spends handling a customer's request for assistance in obtaining a telephone number, placing a call at the customer's request or in a position busy state. The Average Work Time normally begins when the customer connects to an operator position and ends when the operator position releases the customer after serving his/her request.

Calculation - Sum (Time operator position releases customer - time customer connects to an operator position) ÷ calls

Report Structure - Reported for CLEC and SWBT in the aggregate

Benchmark - Not required (Aggregate measurement)

6.11.62 Measurement - Non-Call Busy Work Volumes

Definition - The amount of time in CCS (Centum Call Second) that an operator has placed their position in make busy or in a position busy state

Calculation - Sum (Time operator position in busy state - time operator removed position from busy state)

Report Structure - Reported for CLEC and SWBT in the aggregate

Benchmark - Not required (Aggregate measurement)

6.14 911

6.14.63 Measurement - Average Time To Clear Errors

Definition - The average time it takes to clear an error after it is detected during the processing of the 911 database file. The clock will start upon receipt of the error file and end when the error is corrected. This is only on resale orders that SWBT installs.

Calculation - $\Sigma(\text{Date and time error detected} - \text{date and time error cleared}) \div \text{total number of errors}$

Report Structure - Reported for CLEC, all CLECs and SWBT

Benchmark - Equal to SWBT's own

6.14.64 Measurement - Percent Accuracy 911 Database Updates

Definition - The percent of 911 records that were updated by SWBT in error

Calculation - $(\text{Number of SWBT caused update errors} \div \text{total number of updates}) * 100$

Report Structure - CLEC, all CLECs and SWBT

Benchmark - Equal to SWBT's own

6.17 Directory Assistance Data Base

6.17.65 Measurement - Percent DA Database Accuracy For Manual Updates

Definition - The percent of DA records that were updated by SWBT in error. The data required to calculate this measurement will be provided by the CLEC. The CLEC will provide the number of records transmitted and the errors found. SWBT will verify the records determined to be in error to validate that the records were input by SWBT incorrectly.

Calculation - $(\text{Number of SWBT caused update errors} \div \text{total number of updates}) * 100$

Report Structure - Reported by CLEC and all CLECs for facility based providers

Benchmark - 97% accuracy for DA database updates for the manual DA process

6.17.66 Measurement – Percent of Electronic Updates that flow
Through the DSR Process Without Manual Intervention

Definition – Percent of DSRs from entry to distribution that progress
through SWBT ordering systems to ALPS/LIRA

Calculation – $(\text{Number of DSRs that flow through to ALPS/LIRA} \div \text{total LSRs}) * 100$

Report Structure – CLEC and all CLECs

Benchmark – 97%

6.19 NXX

6.19.67 Measurement - Percent NXXs Loaded And Tested Prior To The
LERG

Effective Date

Definition - The percent of NXXs loaded and tested prior to the LERG
effective date

Calculation - $(\text{Count of NXXs loaded and tested by LERG date} \div \text{total NXXs loaded and tested}) * 100$

Report Structure - Reported by CLEC, all CLECs and SWBT

Benchmark - Equal to SWBT's own

6.19.68 Measurement - Average Delay Days For NXX Loading And Testing

Definition - Average calendar days from due date to completion date
on company missed NXX orders

Calculation – $\text{Sum (Completion date - LERG date)} \div (\text{number of orders})$

Report Structure - Reported for CLEC, all CLECs and SWBT

Benchmark - Equal to SWBT's own

6.19.69 Measurement - Mean Time To Repair

Definition - Average calendar days from due date to completion date
on company missed NXX orders

Calculation – $\text{Sum (Completion date - LERG date)} \div (\text{number of orders})$

Report Structure - Reported for CLEC, all CLECs and SWBT

Benchmark - Equal to SWBT's own

7.0 Applicability Of Other Rates, Terms And Conditions

- 7.1 This appendix, and every service provided hereunder, shall be subject to all rates, terms and conditions contained in this Agreement or other appendices or attachments to this Agreement which are legitimately related to such service; and all such rates, terms and conditions are incorporated by reference herein

and as part of every service provided hereunder. Without limiting the general applicability of the foregoing, the following terms and conditions of the General Terms and Conditions of the Resale Agreement are specifically agreed by the Parties to be legitimately related to, and to be applicable to, each service provided hereunder: description of rates and charges for services, terms and conditions for resale of services, responsibilities of SWBT, additional responsibilities of the parties, additional responsibilities of CLEC, termination of service to CLEC, changes in subscriber carrier selection, notices, effective date, term, disclaimer of warranties, limitation of liability, force majeure, nondisclosure, dispute resolution, verification reviews, compliance with laws, intervening law and preservation of rights.

000085

APPENDIX FCC MERGER CONDITIONS**1. MERGER CONDITIONS**

- 1.1 For purposes of this Appendix only "SBC" is defined as one of the following ILEC as appropriate to the underlying Agreement (without reference to this Appendix) in those geographic areas where the referenced SBC owned Company is the ILEC: Nevada Bell, Pacific Bell, Southern New England Telephone Company, and Southwestern Bell Telephone Company.
- 1.2 SBC will provide to CLEC certain items as set out in the Conditions for FCC Order Approving SBC/Ameritech Merger, CC Docket No. 98-141 (FCC Merger Conditions), including certain carrier-to-carrier promotions for use by CLEC to provision local service to residential end user customers on terms and conditions described in the FCC Merger Conditions, an alternative dispute resolution ("ADR") process designed to resolve carrier-to-carrier disputes before such disputes become formal complaints before the Commission and other items as specified herein.
- 1.3 The Parties agree to abide by and incorporate by reference into this Appendix the FCC Merger Conditions.
- 1.4 This Appendix terminates the earlier of (1) the date this Agreement itself terminates or (2) the date SBC/Ameritech obligations cease under the FCC Merger Conditions

2. DEFINED TERMS; DATES OF REFERENCE

- 2.1 Unless otherwise defined herein, capitalized terms shall have the meanings assigned to such terms in the Agreement and in the FCC Merger Conditions.
- 2.2 For purposes of calculating the intervals set forth in the FCC Merger Conditions concerning carrier to carrier promotions:
 - 2.2.1 the Merger Closing Date is October 8, 1999; and
 - 2.2.2 the offering Window begins November 7, 1999.
- 2.3 "FCC Merger Conditions" means the Conditions for FCC Order Approving SBC/Ameritech Merger, CC Docket No. 98-141.

3. INTENTIONALLY LEFT BLANK**4. OSS: CHANGE MANAGEMENT PROCESS**

- 4.1 Upon request by CLEC, within one month of the Merger Closing Date, SBC and CLEC shall begin to negotiate along with other interested CLECs a uniform change management process for implementation in the SBC/Ameritech Service Area to the extent required by paragraph 32 of the FCC Merger Conditions. For purposes of this Paragraph, "change management process" means the documented process that SBC/Ameritech and the CLECs follow to facilitate communication about OSS changes, new interfaces and retirement of old interfaces, as well as the implementation timeframes; which includes such provisions as a 12-month developmental view, release announcements, comments and reply cycles, joint testing processes and regularly scheduled change management meetings. SBC will follow the uniform change management process agreed upon with interested CLECs.

5. OSS: ELIMINATION OF CERTAIN FLAT-RATE MONTHLY CHARGES

- 5.1 Effective with the first billing cycle that begins after the Merger Closing date, SBC hereby eliminates in the SBC Service Area, on a going-forward basis, all flat-rate monthly charges for access to the Remote Access Facility and the Information Services Call Center. The intent of this Paragraph is to eliminate the flat-rate monthly charges (amounting to approximately \$3600 per month per CLEC per State) that SBC charged CLECs prior to the Merger Closing Date. Effective with the first billing cycle that begins after the Merger Closing date, SBC also hereby eliminates in the SBC Service Area, on a going-forward basis, any flat-rate monthly charges for access to standard, non-electronic order processing facilities that are used for orders of 30 lines or less. This Paragraph does not limit SBC's right to charge CLEC for the cost of processing service orders received by electronic or non-electronic means, whether on an electronic or non-electronic basis; to charge CLEC for the cost of providing loop make-up information, or to recover the costs of developing and providing OSS through the pricing of UNEs or resold services, in accordance with applicable federal and state pricing requirements

6. INTENTIONALLY LEFT BLANK**7. INTENTIONALLY LEFT BLANK****8. PROMOTIONAL DISCOUNTS ON RESALE**

- 8.1 SBC will provide CLEC promotional resale discounts on telecommunications services that SBC provides at retail to subscribers who are not telecommunications carriers, where such services are resold to residential end user customers at the rates and on the terms and conditions set forth in the FCC Merger

Conditions for the period specified therein. Such provision of promotional resale discounts is subject to CLEC's qualification and compliance with the provisions of the FCC Merger Conditions. If CLEC does not qualify for the promotional resale discounts set forth in the FCC Merger Conditions, SBC's provision, if any, and CLEC's payment for promotional resale discounts shall continue to be governed by Appendix Resale as currently contained in the Agreement without reference to this Appendix.

9. INTENTIONALLY LEFT BLANK

10. INTENTIONALLY LEFT BLANK

11. ALTERNATE DISPUTE RESOLUTION

- 11.1 In addition to the foregoing, upon CLEC's request, the Parties shall adhere to and implement, as applicable, the Alternative Dispute Resolution guidelines and procedures described in the FCC Merger Conditions including Attachment D.

12. CONFLICTING CONDITIONS

- 12.1 If any of the FCC Merger Conditions in this Appendix and conditions imposed in connection with the merger under state law grant similar rights against SBC/AMERITECH, CLEC shall not have a right to invoke the relevant terms of these FCC Merger Conditions in this Appendix if CLEC has invoked substantially related conditions imposed on the merger under state law in accordance the FCC Merger Conditions.

13. SUSPENSION OF CONDITIONS

- 13.1 If the Merger Agreement is terminated, or the FCC Merger Conditions are overturned or any of the provisions of the FCC Merger Conditions that are incorporated herein by reference are amended or modified as a result of any order or finding by the FCC, a court of competent jurisdiction or other governmental and/or regulatory authority, any impacted promotional discounts and other provision described in this Appendix shall be automatically and without notice suspended as of the date of such termination or order or finding and shall not apply to any product or service purchased by CLEC or provisioned by SBC after the date of such termination or order or finding. Thereafter, SBC's continued provision and CLEC's payment for any service or item originally ordered or provided under this Appendix shall be governed by the rates, terms, and conditions as currently contained in the Agreement without reference to this Appendix. In the event that the FCC changes, modifies, adds or deletes any of the FCC Merger Conditions set forth herein, the Parties agree that the FCC's final order controls and takes precedence over the FCC Merger Conditions set forth herein.
