APPLICATION TO INTERVENE
OF MISSOURI-AMERICAN WATER COMPANY

Pursuant to 4 C.S.R. 240-2.075 of the Missouri Public Service Commission’s Rules of Practice and Procedure, Missouri-American Water Company (hereinafter referred to as “MAWC” or “Applicant”), hereby applies to intervene in the above-referenced proceeding. In support of this Application, Applicant respectfully states as follows:

1. MAWC is a Missouri corporation with its principal office and place of business at 727 Craig Road, St. Louis, Missouri 63141. MAWC is a Missouri corporation in good standing. A Certificate of Good Standing from the Office of the Missouri Secretary of State was filed in Commission Case No. WM-2001-309 and is hereby incorporated by reference in accordance with Commission rule 4 CSR 240-2.060 (1)(G). MAWC currently provides water service to the public in and around the cities of St. Joseph, Joplin, Brunswick, Mexico, Warrensburg, Parkville, Riverside, Jefferson City, and parts of St. Charles, Platte, Warren and Lincoln Counties Missouri, and most all of St. Louis County, Missouri. MAWC currently provides water service to approximately 456,000 customers. MAWC provides sewer service to approximately 1,000 customers near

Parkville, Cedar Hill and Warren County, Missouri. MAWC is a “water corporation,” “sewer corporation” and a “public utility” as those terms are defined in Section 386.020 and 393.1000 (7) RSMo. 2000, and is subject to the jurisdiction and supervision of the Commission as provided by law. Other than cases that have been docketed at the Commission, MAWC has no pending action or final unsatisfied judgments against it from any state or federal agency or court within the past three (3) years that involve customer service. MAWC has no annual report or assessment fees that are overdue.

2. The matters to be considered in this case and the Public Service Commission’s (“Commission”) determinations thereof, could have a direct and significant impact on Applicant’s cost of energy service and the manner in which it is supplied.
3. As a large user customer of AmerenUE, the Applicant has a direct and immediate interest in these proceedings that is different from that of the general public and which may be adversely affected by a final order arising from this case.
4. Further, because MAWC is itself a public utility whose rates may in turn be impacted by the Commission’s decision in this case, granting this proposed intervention would serve the public interest and would assist the Commission in development of a more complete record.
5. While Applicant does not at this time have sufficient information to assert a position on this case, it reserves the right to assert positions after it has had an adequate opportunity to examine the record, and any documents of other parties filed herein.
6. Communications in regard to this Application should be addressed to:

Respectfully submitted,
