

Peter S Hummel, SAINT LOUIS, MO.

Dear Sir or Madam,

Please accept this note as one of concern in regard to the St. Louis natural gas pipeline. Our natural gas provider (Spire) is encouraging their customers to contact your office to express our dismay about the real possibility of the pipeline being closed in the middle of winter. Please know that as tax payers, and as citizens, our family, who uses clean and efficient natural gas for heating and cooking, is very concerned. We encourage your office to reconsider this draconian decision until a more rational decision can be made.

Respectfully,

P. Scott and Kathleen Hummel & Family  
8815 Gen. Grant Ln  
St. Louis, MO 63123
