**Affidavit of Calvin K. Simshaw**

STATE OF WASHINGTON                    )  
COUNTY OF CLARK                    )    SS:

I, Calvin K. Simshaw, being first duly sworn, depose and say:

1.       I am Vice President, Associate General Counsel for CenturyTel Service Group, LLC. I am a duly authorized representative for various operating subsidiaries of CenturyTel, Inc., including CenturyTel of Missouri, LLC and Spectra Communications Group, LLC.

2.       On March 12, 2008 I attended the meeting of the LNPA Working Group held in Englewood, Colorado. One matter taken up at that meeting was the North American Numbering Council "NANC" remand of Best Practice No. 50, back to the LNPA Working Group for further consideration.

3.       At the meeting there was extensive discussion of proposed changes to the language of Best Practice No. 50. Best Practice No. 50 contains a list of conditions precedent to the porting of numbers under certain circumstances. At the meeting the Working Group Co-Chairs determined that consensus had been reached to change the language of the fourth condition.

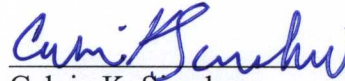

4.       The Working Group also had extensive discussion concerning proposed changes to the language in third condition. However, before consensus could be reached, some members expressed a desire that they be allowed the opportunity to further socialize the proposals within their own companies. The Working Group Co-Chairs

therefore directed that consideration of the proposed changes be picked up again at the Working Group's scheduled May 6-7, 2008 meeting in Overland Park, Kansas.

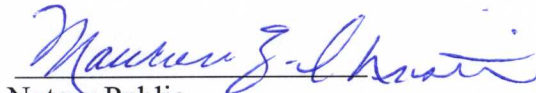

5. I understand that the Working Group will prepare and distribute minutes of its March 12, meeting. However, as those minutes are not yet available, I have provided the foregoing account so that it can be considered at this time.

I swear, under penalty of perjury, that the foregoing is true and correct to the best of my recollection.

FURTHER AFFIANT SAYETH NOT.
