**Re: Tariff Schedules to Adjust FAC Rate of  
KCP&L Greater Missouri Operations Company**

Dear Ms. Dale:

Pursuant to 4 C.S.R. 240-20.090(4) of the regulations of the Missouri Public Service Commission ("Commission"), KCP&L Greater Missouri Operations Company ("KCP&L-GMO" or the "Company") hereby submits proposed rate schedules to adjust charges related to the Company's approved Fuel Adjustment Clause ("FAC"). The proposed rate schedules bear an issue date of July 1, 2009, and an effective date of September 1, 2009.

Please provide a copy of all correspondence, notices, orders, and other communications that relate to this filing to the following as well as undersigned counsel:

Tim M. Rush  
Director Regulatory Affairs  
Kansas City Power & Light Company

Since KCP&L-GMO's last FAC-related rate increase, fuel and purchased power costs have increased by approximately \$20 million for the territory formerly served by Aquila Networks-MPS and Aquila Networks-L&P. However, in accordance with the FAC for KCP&L-GMO approved by the Commission, the proposed rate schedules are designed to recover from

customers only 95 percent of those cost increases. The requested increase will result in an increase to a typical residential customer's bill of approximately \$1 per month for Aquila Networks-MPS and \$ 0.35 per month for Aquila Networks-L&P.

As explained in the Direct Testimony and supporting schedules of Tim Rush, which are submitted concurrently herewith, the major factors that have caused the proposed increases in FAC-related charges are: (i) higher natural gas costs; (ii) higher purchased power costs; and (iii) higher coal and freight costs. Also provided herewith are schedules containing the information required by 4 C.S.R. 240-3.161(7), including all workpapers that support the proposed rate schedules.

Copies of the proposed FAC-related rate schedules and all supporting materials described in this letter will be served electronically, this date, on the Commission's General Counsel, the Office of Public Counsel, and each party to Case No. ER-2007-0004.

Respectfully submitted,
