POSITION STATEMENT

Comes now Public Water Supply District No. 2 of St. Charles County, Missouri ("District"), by and through counsel and pursuant to the Commission's procedural order issued previously in the above-captioned consolidated case, and for its Position Statement respectfully states as follows:

1. As this case has now developed, the District will not be taking any position on any of the issues identified in Staff's Proposed List of Issues which was filed May 25, 2000. Any pre-hearing positions the District might have appear to be adequately represented by other parties to the case, and accordingly, the District did not pre-file any witness testimony in this proceeding. As such, the District intends to generally limit its participation in the upcoming hearing and at this time does not intend to file a brief, unless of course something unexpected transpires at the hearing.

2. The District does, nevertheless, appreciate the Commission allowing it to monitor and participate in this proceeding to insure that its interests as a competitor of Missouri-American Water Company in and around St. Charles County are represented.

Respectfully submitted,

Charles Brent Stewart, MoBar#34885
