STATE OF MISSOURI
PUBLIC SERVICE COMMISSION

At a Session of the Public Service
Commission held at its office
in Jefferson City on the 6th
day of September, 1978.

CASE NO. SA-77-167

In the matter of:
Application of Meramec Sewer Co.
for a certificate of public
convenience and necessity to
construct, operate and maintain
a sanitary sewage disposal system
in a certain designated area in
Jefferson County, Missouri.

ORDER OF DISMISSAL

On March 21, 1977, Meramec Sewer Co. filed an application for a certificate of public convenience and necessity to construct, operate and maintain a sanitary sewage disposal system in Jefferson County, Missouri.

The Commission Staff had informed the Applicant that a revised feasibility study would have to be filed with the Commission as a condition precedent to further Commission action. The Staff had notified Applicant that it would recommend to the Commission dismissal of this case if the revised feasibility study is not submitted by August 15, 1978.

The Missouri Public Service Commission is of the opinion and concludes that this case should be dismissed for want of prosecution.

It is, therefore,

ORDERED: 1. That Case No. SA-77-167 be, and is, hereby dismissed.

ORDERED: 2. That this Order shall become effective on the 6th day of October, 1978.
