

**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**

In the Matter of the Application of)	
Kansas City Power & Light Company)	
for Authority to Transfer Functional Control)	Case No. EO-2006-0142
of Certain Transmission Assets to the)	
Southwest Power Pool, Inc.)	

**APPLICATION OF SOUTHWEST POWER POOL, INC.
TO INTERVENE**

COMES NOW Southwest Power Pool, Inc. ("SPP") by and through its counsel and pursuant to 4 CSR 240-2.075 applies to intervene in the above-entitled matter. In support of its application, SPP states as follows:

1. SPP is a not-for-profit corporation, organized and existing under the laws of the state of Arkansas with its principle place of business at 415 North McKinley, Suite 140, Little Rock, Arkansas, 72205.

2. SPP is now functioning and has functioned, since 1968, as a Regional Reliability Council and is a member of the North American Electric Reliability Council ("NERC"). In 1998, SPP filed an open access transmission tariff with the Federal Energy Regulatory Commission ("FERC"). SPP now provides transmission service across the SPP region under the terms of that tariff which was approved by the FERC. Subsequently, the FERC granted SPP RTO status pursuant to a series of orders terminating with an October 1, 2004 order that contained certain limited compliance issues that have now been addressed. SPP currently has forty-five (45) members. A list of SPP's members is attached hereto as Exhibit 1.

3. On September 28, 2005, Kansas City Power & Light Company (KCPL) filed an application with this Commission to transfer functional control of certain transmission assets to SPP.

4. As the RTO to which KCPL has made application in this case to transfer functional control of its transmission assets, SPP has an interest in this proceeding that is different from that of the general public and which may be adversely affected by a final order from this case.

5. Pursuant to 4 CSR 240-2.075(2), SPP states that it supports KCPL's Application. SPP is filing concurrently with this application to intervene the following testimony:

- i. Direct Testimony of Leslie E. Dillahunty, Vice President, Regulatory Policy, Southwest Power Pool, Inc.
- ii. Prepared Joint Testimony of Ralph L. Luciani, Vice President, CRA International, and Ellen Wolfe, Senior Consultant, CRA International, on Behalf of Southwest Power Pool, Inc.
- iii. Direct Testimony of Richard A. Wodyka, Senior Vice President of Energy and Utility Services, Gestalt, LLC on Behalf of Southwest Power Pool, Inc.

The above referenced testimony further describes SPP's position in this proceeding.

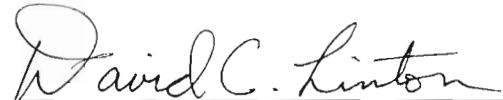

6. Communications in this matter should be directed to:
