July 21, 2006

Dear Customer:

By its request, the Company was seeking increases in its customer rates intended to generate an increase in its annual sewer operating revenues of approximately 115.84%.

As a result of the Company's request, the Staff of the Public Service Commission (Commission Staff) conducted an independent audit of the Company's books and records, and an investigation of the Company's business and system operations. A table summarizing the Company's proposed revisions to its rates and charges, and including a monthly customer bill comparison for a residential customer using a flat rate, is set out at the end of this notice.

The Office of the Public Counsel (OPC), a state agency responsible for representing the interests of utility consumers before the Commission, has reviewed the results of the Commission Staff's investigation. However, the OPC has not yet taken a final position regarding those results.
