BEFORE THE PUBLIC SERVICE COMMISSION OF THE STATE OF MISSOURI

In the Matter of Spire Missouri Inc.'s Verified)	
Application for Approval of Financing Authority)	Case No

VERIFIED APPLICATION OF SPIRE MISSOURI INC. FOR APPROVAL OF FINANCING AUTHORITY AND REQUEST FOR WAIVER OF 60 DAY NOTICE RULE

COMES NOW Spire Missouri Inc. ("Spire Missouri" or "Company"), pursuant to Sections 393.180, 393.190 and 393.200 RSMo, and 20 CSR 4240-2.060 and 10.125 of the Commission's Rules, submits its Verified Application for Approval of Financing Authority. Pursuant to Commission Rule 20 CSR 4240-4.017(1)(D), the Company also requests a waiver for the notice provisions of Rule 20 CSR 4240-4.017(1). In support of its Application and Request for Waiver, the Company respectfully states as follows:

APPLICATION

- 1. Spire Missouri is a public utility incorporated under the laws of the State of Missouri, with its principal office located at 700 Market Street, St. Louis, Missouri 63101. Contact information for communications with Spire Missouri, through the Company's legal counsel, including Spire Missouri's electronic mail address and telephone number, are set forth on the signature page of this Application.
- 2. A Certificate of Good Standing evidencing Spire Missouri's standing to do business in Missouri is attached hereto as Exhibit 1 and incorporated herein by this reference. The information on such Certificate is currently applicable and correct.
- 3. Spire Missouri is primarily engaged in the business of distributing and transporting natural gas to customers in both the eastern and western portions of the State

of Missouri, subject to the jurisdiction of the Commission. Spire Missouri serves customers in the City of St. Louis and ten counties in Eastern Missouri through its Spire East operating unit. Spire Missouri serves customers in the City of Kansas City and thirty counties in Western Missouri through its Spire West operating unit.

- 4. Other than cases that have been docketed at the Commission, Spire Missouri has no pending actions or final unsatisfied judgments or decisions against it from any state or federal agency or court which involve customer service or rates.
- 5. Spire Missouri is current on its annual report and assessment fee obligations to the Commission, and no such report or assessment fee is overdue.
- 6. On September 20, 2018, the Commission issued a report and order in Case No. GF-2018-0249 (the "2018 Order") granting Spire Missouri authorization, subject to certain terms and conditions, to issue registered securities (first mortgage bonds, unsecured debt and preferred stock), issue common stock and receive paid-in-capital, solicit and accept private placement investments and enter into capital leases (the "Financings") in an overall amount not to exceed \$500 million (the "Current Financing Authority"). Such authorization was granted to Spire Missouri for a three-year period expiring on September 30, 2021.
- 7. Since the time the Current Financing Authority was granted, Spire Missouri has to date called on approximately \$375 million of the amount authorized. However, the Company requires additional authority for its next planned debt issuance.
- 8. Due to projected levels in its capital expenditures, market opportunities to refinance high-coupon debt, as well as the need to refinance maturing debt and meet other financing requirements, the Company estimates that it will need to issue

- 9. ** **.
- 10. As shown by Spire Missouri's financial statements, attached hereto as Exhibit 2, and the chart attached hereto as Exhibit 3, the Company believes that the financing authority sought herein is substantially less than the maximum amount that Spire Missouri would be permitted to obtain under the Commission's detailed interpretation of Section 393.200 in Case No. GF-2009-0450. Nevertheless, in the interests of resolving this financing request on an expedited basis, Spire Missouri has structured its financing request in this case to conform with the approach approved by the Commission in Case No. GF-2015-0181.
- 11. Attached hereto as Exhibit 4 is a five (5) year capitalization expenditure schedule, as required in Commission Rule 20 CSR 4240-10.125(1)(G) and 393.200, RSMo.
- 12. This request is intended to establish new financing authority of \$750 million for a three year period for Spire Missouri Inc., subject to the same financing

-

¹(See Report and Order, Case No. GF-2015-0181)

conditions that were previously approved by the Commission in Case GF-2018-0249 and that are currently in effect with two modifications. Spire Missouri requests that condition one (1) of the 2018 order be modified to clarify that it is authorized to enter into conventional term loans, which are themselves neither a registered security nor a private placement. The Company also suggests combining conditions six (6) and seven (7) from the 2018 Order as they are similar and largely serve the same objective. The Commission has approved 3-year financing terms for Spire Missouri for over a decade, including in GF-2018-0249, and the Company continues to believe that financing authority for periods of at least three years is the appropriate approach.

- 13. Spire Missouri intends to sell the registered securities: (a) through underwriters or dealers; (b) through agents; and/or (c) directly to a limited number of purchasers or to a single purchaser. If the registered securities are sold by competitive bidding, Spire Missouri reserves the right to reject all bids. Spire Missouri will file the applicable sales documents with the Commission when sales are executed and the securities are issued. The specific amount of each type of the registered securities to be issued and sold (if any), the actual price to be paid for such registered securities, and the compensation to be paid to any person who assists in such sales, such as an underwriter, dealer or agent, will be determined in light of the financial market conditions at or preceding the offering of such registered securities. The terms and conditions applicable to the registered securities, and the manner of their issuance, will vary depending on the type of security being issued.
- 14. Spire Missouri intends to sell common stock by issuing shares to its parent company, Spire Inc. ("Spire"), from time to time, and/or receive paid-in capital from

Spire. Spire Missouri also intends to enter into private placement investments pursuant to one or more indentures, a copy of which will be filed by the Company when they are finalized and the private placement investment is received. The terms and price of any private placement investment will be competitive with other forms of indebtedness available to the Company at the time such investment is negotiated and finalized. Spire Missouri may enter into term loans pursuant to competitive terms based on prevailing market conditions at the time they are executed.

- 15. The proceeds from the sale of registered securities, common stock, private placement investments and term loans are to be used solely for the purposes authorized by Section 393.200, including: (1) to discharge or redeem previously issued bonds; (2) to finance the purchase, acquisition and construction of additional properties and facilities, as well as improvements to the Company's existing plant; (3) to improve or maintain service; (4) to discharge or lawfully refund all or a portion of the Company's outstanding short-term debt; (5) to reimburse moneys actually expended from income; and/or (6) to provide the financial resources required to meet the Company's other public utility obligations as described more fully below.
- 16. In order to serve the demands of the public for gas service in its certificated areas, Spire Missouri has had to make, and will continue to be required to make, substantial expenditures for additions, improvements, and extensions of plant. For Spire Missouri's past five fiscal years, and Spire Missouri's five next-ensuing fiscal years, its construction expenditures have been, and are estimated to be, as follows:

Fiscal year ending:

2014	163,500,000
2015	198,600,000

2016	197,800,000	
2017	282,20	00,000
2018	295,80	00,000
2019	357,00	00,000
2020	**	**
2021	**	**
2022	**	**
2023	**	**

- 17. Subject to unforeseen market conditions, or other developments that may necessitate another financing approach, Spire Missouri currently contemplates issuing Financings in such amounts and forms as to seek to maintain its capital structure generally within the parameters shown in Exhibit 2 to this Application, subject to additional retained earnings over the period of the financing application. Spire Missouri also contemplates issuing the proceeds in a manner that would preserve its ability to maintain an investment grade credit rating.
- 18. Because the Company has not determined, other than as stated herein, a specific quantity, if any, of individual debt financings that it will issue, it cannot determine at this time what portion of such debt securities are or will be subject to the fee schedule set forth in Section 386.300.2 RSMo. However, if and when individual debt securities are issued, the Company will submit a verified report to the Commission's Internal Accounting Department documenting such issuance, the use of any associated proceeds and the applicability and measure of fees under Section 386.300.2.
- 20. A certified copy of the Spire Missouri Board resolution authorizing the financing authority requested herein is attached hereto as Exhibit 5 to this Application.
- 21. The establishment of the financing authority for the purposes described herein, and for which authorization is herein sought, will, for the reasons set forth above, be beneficial to Spire Missouri, its customers and its shareholders.

REQUEST FOR WAIVER

22. Commission Rule 20 CSR 4240-4.017(1) provides, in part, as follows:

Any person that intends to file a case shall file a notice with the secretary of the commission a minimum of sixty (60) days prior to filing such case. Such notice shall detail the type of case and issues likely to be before the commission and shall include a summary of all communication regarding substantive issues likely to be in the case between the filing party and the office of the commission that occurred in the ninety (90) days prior to filing the notice.

Rule 20 CSR 4240-4.017(1)(D) permits a party to request a waiver of the above cited rule for good cause. The rule provision specifically provides that good cause may be established by submitting a verified declaration that the filing party has had no communication with the office of the commission within the prior one hundred fifty (150) days regarding any substantive issue likely to be in the case. The Company interprets this to mean that good cause is established if the filing party has had no communication with a member of the office of the Commission outside of pleadings or other public communications. Subject to that understanding, the Company has attached to this request a verified declaration that neither the Company nor any person or entity acting on behalf of the Company or its Missouri operating units, has had a communication with a member of the office of the commission in the last 150 days regarding any substantive issues that are likely to arise in the case. For that reason, the Company requests that the Commission grant a waiver of the 60-day notice requirement for Spire Missouri's application for financing authority.

WHEREFORE, Spire Missouri, the Applicant herein, respectfully requests that the Commission issue its Order: (a) establishing financing authorization in the amount of \$750 million through September 30, 2023; (b) specifying that such authority shall remain

subject to all of the terms and conditions approved by the Commission in Case No. GF-2018-0249, with the modifications described above; (c) finding, as required by Section 393.200, that the money, property or labor to be procured or paid for by the issuance and/or execution of the instruments authorized herein are, or will be, reasonably required for the purposes specified in the order and that such purposes are not in whole or in part reasonably chargeable to operating expenses or to income; and (d) waving the 60-day notice requirements of Commission Rule 20 CSR 4240-4.017(1).

Respectfully submitted,

SPIRE MISSOURI INC.

WRITTEN CONSENT OF THE BOARD OF DIRECTORS OF SPIRE MISSOURI INC.

Exhibit 5

BE IT RESOLVED THAT:

- 1. The officers of this Corporation be, and each of them hereby is, authorized and empowered to do all acts and things which, in their or his or her judgment, are necessary or appropriate to apply to the Missouri Public Service Commission for authority
 - a. to issue and sell, through one or more public offering(s) or private placement(s), from the date of the requisite order or orders and thereafter:
 - (I) additional long-term debt consisting of first mortgage bonds, debentures, medium term notes, subordinated debentures and/or other debt securities or instruments of indebtedness having maturities in excess of 364 days (hereinafter collectively referred to as "Debt Securities"),
 - (ii) preferred stock, par value \$25 per share and/or depositary shares representing fractional shares of such preferred stock preferred stock, par value \$25 per share ("Equity Securities"),
 - (iii) additional common stock, par value \$1.00 per share ("Common Stock"), and/or
 - b. to enter into one or more capital leases for the purpose of financing the acquisition of plant or equipment to be used in the performance of the Corporation's public utility obligations ("Capital Leases");

all in a total amount not to exceed \$750 million and to present documentary evidence in support of such application to the Missouri Public Service Commission.

2. The officers of this Corporation be, and they hereby are authorized and directed to do or cause to be done all such other acts and things as they may deem necessary or desirable in order to carry into effect the purposes and intent of the foregoing resolutions.
