**RE: The Empire District Electric Company  
Annual IRP Update Report – MoPSC Case No. EC-2020-0284**

Dear Judge Woodruff:

I am providing herewith to the Missouri Public Service Commission for filing, in electronic form, The Empire District Electric Company's amended IRP annual update report in public and HC versions. Since the initial filings were made, it was discovered that two HC graphs were mistakenly included in the public version and that a referenced workpaper was not attached. This amended filing corrects those errors.

Please let me know if you have any questions, and please bring this filing to the attention of the Commissioners and the appropriate Commission personnel.

Sincerely,

*Diana Carter*
