In addition to the uses mentioned or described above, or otherwise described in the [Terms of Use](#), in the course of conducting our business, American Water Resources may, as appropriate, transfer Collected Information, whether

solicited or unsolicited, to our offices throughout the country, catalog and add such Collected Information to our databases, transmit such Collected Information to our affiliates and contractors and, to the extent necessary to accomplish the purpose for which information was submitted, to other third parties (e.g., to the relevant financial institutions in making payments).

We may from time to time utilize a number of trusted business partners in delivering the online media, content, materials and opportunities available on or through the Site to you. To the extent necessary for purposes of communicating with you or fulfilling your requests for our products or services, or your subscriptions to such media, content and materials, or to market products and services, or to improve our products and services, we may share information about you with these business partners. AMERICAN WATER RESOURCES CALIFORNIA PRIVACY NOTICE

Effective Date: January 1, 2020

This California Privacy Notice (“Notice”) applies to “Consumers” as defined by the California Consumer Privacy Act (“CCPA”) as a supplement to American Water Resources’ and its affiliates’ (collectively, “American Water Resources”, “we” or “us”) Privacy Policy, [Terms of Use](#) and other applicable notices. In the event of a conflict between any other American Water Resources policy, statement or notice and this Notice, this Notice will prevail as to California Consumers and their rights under the CCPA. Please see also any policies or notice of general applicability posted or referenced on our Site, www.awrusa.com and www.yourhomesolutions.com.

This Notice covers the collection, use, disclosure and sale of California Consumers’ “Personal Information” (“PI”) as defined by the CCPA, except to the extent such PI is exempt from the notice obligations of the CCPA. This Notice also covers rights California Consumers have under the CCPA, as well other notices to Californians required by other laws. Publicly available information is not treated as PI under the CCPA, so this notice is not intended to apply to that data and your Consumer privacy rights do not apply to that data.

To aid in readability, in some places we have abbreviated or summarized CCPA terms or language, but a full copy of the CCPA is available here for your review, and in some places in this Notice we cite and/or link to specific CCPA sections for your reference. Terms defined in the CCPA that are used in this Notice shall have the same meaning as in the CCPA.

CALIFORNIA PRIVACY RIGHTS

The CCPA is a new law and there remain differing interpretations of it and the regulations that implement it. Accordingly, American Water Resources may, from time-to-time, update information in our notices regarding our data practices and modify the methods or means for you to make requests and how we respond to such requests, and/or supplement our response(s) to your requests, as we continue to develop our compliance program to reflect the evolution of the law and our understanding of how it relates to our data practices.

We provide California Consumers the privacy rights described in this section. You have the right to exercise these rights via an authorized agent who meets the agency requirements of the CCPA and related regulations. To access or delete specific pieces of personal information we will need to verify your identity to the degree of certainty required by law. You must use the [Third Party Authorization form](#) available on our website to authorize third parties to make an access or deletion request on your behalf. As permitted by the CCPA, any request you submit to us is subject to an identification

and residency verification process (“Verifiable Consumer Request”). We will not fulfill your CCPA request unless you have provided sufficient information for us to reasonably verify you are the Consumer about whom we collected PI. Please follow the instructions below for Consumer Rights Requests and responses to any follow up inquires we may make.

Some PI we maintain about Consumers is not sufficiently associated with enough PI about the Consumer for us to be able to verify that it is a particular Consumer’s PI when a Consumer request that requires verification pursuant to the CCPA’s verification standards is made (e.g., clickstream data tied only to a pseudonymous browser ID). As required by the CCPA, we do not include that PI in response to those requests. If we cannot comply with a request, we will explain the reasons in our response. You are not required to create an account with us to make a Verifiable Consumer Request, but you may use your account to do so. We will use PI provided in a Verifiable Consumer Request only to verify your identity or authority to make the request and to track and document request responses, unless you also gave it to us for another purpose.

We will make commercially reasonable efforts to identify Consumer PI that we collect, process, store, disclose and otherwise use and to respond to your California Consumer privacy rights requests. In some cases, particularly with voluminous and/or typically irrelevant data, we may suggest that you receive the most recent or a summary of your PI and give you the opportunity to elect whether you want the rest or not. We reserve the right to direct you to where you may access and copy responsive PI yourself. We will typically not charge a fee to fully respond to your requests; provided, however, that we may charge a reasonable fee, or refuse to act upon a request, if your request is excessive, repetitive, unfounded or overly burdensome. If we determine that the request warrants a fee, or that we may refuse it, we will give you notice explaining why we made that decision. You will be provided a cost estimate and the opportunity to accept such fees before we will charge you for responding to your request.

Consistent with the CCPA and our interest in the security of your PI, we will not deliver to you your social security number, driver’s license number or other government-issued id number, financial account number, an account password, or security questions or answers in response to a CCPA request; however, you may be able to access some of this information yourself through your account if you have an active account with us.

Your California Consumer privacy rights are as follows:

A. Information Rights:

You have the right to send us a request, no more than twice in a twelve-month period, for any of the following for the period that is twelve months prior to the request date:

- The categories of PI we have collected about you.
- The categories of sources from which we collected your PI.
- The business or commercial purposes for our collecting or selling your PI.

- The categories of third parties to whom we have shared your PI.
- The specific pieces of PI we have collected about you.
- A list of the categories of PI disclosed for a business purpose in the prior 12 months, or that no disclosure occurred.
- A list of the categories of PI sold about you in the prior 12 months, or that no sale occurred. If we sold your PI, we will explain:
 - The categories of your PI we have sold.
 - The categories of third parties to which we sold PI, by categories of PI sold for each third party.

To make a request, please use the link at the bottom of this page. You may also call us Toll Free at 1-844-599-4625 if you are an American Water Resources d/b/a American Water Resources Insurance Services customer or customer prospect in California . For your specific pieces of information, as required by the CCPA, we will apply the heightened verification standards set forth in subsection (ii) below.

Please note that PI is retained by us for various time periods, so we may not be able to fully respond to what might be relevant going back 12 months prior to the request.

B. Obtaining Copies of PI:

You have the right to make or obtain a transportable copy, no more than twice in a twelve-month period, of your PI that we have collected in the period that is 12 months prior to the request date and are maintaining. To make a request, please use the link at the bottom of this page. You may also call us at Toll Free at 1-844-599-4625 if you are an American Water Resources d/b/a American Water Resources Insurance Services customer or customer prospect in California.

Please note that PI is retained by us for various time periods, so we may not be able to fully respond to what might be relevant going back 12 months prior to the request.

C. Do Not Sell:

You have the right to request we not sell your PI. We do not sell PI as those terms are currently defined by the CCPA, but as a courtesy we are providing you the option to register your opt-out preferences here: [Customer Privacy](#) in the event we should do so in the future. For more information on how to exercise your do not sell rights, please use the form at the bottom of this page. You may also call us at Toll Free at 1-844-599-4625 if you are an American Water Resources d/b/a American Water Resources Insurance Services customer or customer prospect in California. Data practices of third-party cookies and tracking devices associated with our websites and mobile apps may constitute a “sale” of your PI as defined by the CCPA. You can exercise control over browser-based cookies by adjusting the settings on your browser. In addition, third party tools enable you to search for and opt-out of some of these devices, such as the Ghostery browser plug-in available at <https://www.ghostery.com/>. We do not represent that these third-party tools, programs or statements are complete or accurate.

If you are 16 years of age or older, you have the right to direct us to not sell your PI. We do not knowingly sell the PI of Consumers we know are under 16 unless we receive an opt-in from the Consumer who is at least 13 but under 16, or from the parent or guardian of a Consumer younger than 13. Consumers who opt-in to PI sales may opt-out at any time. If you think we may have unknowingly collected PI for sale of yourself or of your child under the age of 13, or if you are at least 13 but under 16, exercising the opt-out will stop our selling of the PI.

D. Delete:

Except to the extent we have a basis for retention under CCPA, you may request that we delete your PI that we have collected directly from you and are maintaining. Our retention rights include, without limitation, to complete transactions and service you have requested or that are reasonably anticipated, for security purposes, for legitimate internal business purposes, including maintaining business records, to comply with law, to exercise or defend legal claims, and to cooperate with law enforcement. Note also that we are not required to delete your PI that we did not collect directly from you. To make a request, please use the link at the bottom of this page. You may also call us Toll Free at 1-844-599-4625 if you are an American Water Resources d/b/a American Water Resources Insurance Services customer or customer prospect in California.

E. Non-Discrimination and Financial Incentive Programs:

We do not provide customers with financial incentive programs, however, should our practices change, we will not discriminate against you in a manner prohibited by the CCPA because you exercise your CCPA rights. However, we may charge a different price or rate, or offer a different level or quality of goods or services, to the extent that doing so is reasonably related to the value of the applicable data. In addition, we may offer you financial incentives for the collection, sale and retention and use of your PI as permitted by the CCPA that can, without limitation, result in reasonably different prices, rates, or quality levels. The material aspects of any financial incentive will be explained and described in its program terms.

Please note that participating in incentive programs is entirely optional, you will have to affirmatively opt-in to the program and you can opt-out of each program (i.e., terminate participation and forgo the ongoing incentives) prospectively by following the instructions in the applicable program description and terms. We may add or change incentive programs and/or their terms by posting notice on the program descriptions and terms linked to above so check them regularly.

F. Our and Other's Rights:

Notwithstanding anything to the contrary, we may collect, use and disclose your PI as required or permitted by applicable law and this may override your CCPA rights. In addition, we need not honor any of your requests to the extent that doing so would infringe upon our or any other person or party's rights or conflict with applicable law.

ADDITIONAL CALIFORNIA NOTICES.

In addition to CCPA rights, certain Californians are entitled to certain other notices, including:

A. Third Party Marketing and Your California Privacy Rights :

California's "Shine the Light" law permits California residents to request certain information regarding our disclosure of PI to third parties for their own direct marketing purposes. Separate from your CCPA "Do Not Sell" rights you have the following additional rights regarding disclosure of your information to third parties for their own direct marketing purposes:

We may from time to time elect to share certain "personal information" (as defined by California's "Shine the Light" law) about you with third parties for those third parties' direct marketing purposes. California Civil Code § 1798.83 permits California residents who have supplied personal information, as defined in the statute, to us to, under certain circumstances, request and obtain certain information regarding our disclosure, if any, of personal information to third parties for their direct marketing purposes. If this applies, you may obtain the categories of personal information shared and the names and addresses of all third parties that received personal information for their direct marketing purposes during the immediately prior calendar year (e.g. requests made in 2019 will receive information about 2018 sharing activities). To make such a request, please provide sufficient information for us to determine if this applies to you, attest to the fact that you are a California resident and provide a current California address for our response. You may make this request by contacting us at Privacy@amwater.com, or in writing at: 1 Water Street, Camden, NJ 08102 (Attention: Legal Counsel) . Any such request must include "California Privacy Rights Request" in the first line of the description and include your name, street address, city, state, and ZIP code. Please note that we are only required to respond to one request per Consumer each year, and we are not required to respond to requests made by means other than through the e-mail address or mailing address provided in this Policy.

As these rights and your CCPA rights are not the same and exist under different laws, you must exercise your rights under each law separately.

B. Online Privacy Practices:

For more information on our online practices and your California rights specific to our online services see our online Privacy Policy . Without limitation, Californians that visit our online services and seek or acquire goods, services, money or credit for personal, family or household purposes are entitled to the following notices of their rights:

C. Tracking and Targeting:

When you visit our online services, we and third parties may use tracking technologies to collect usage information based on your device for a variety of purposes, including serving you advertising, based on your having visited our

services or your activities across time and third-party locations. Some browsers may enable you to turn on or off a so-called “Do Not Track” signal. Because there is no industry consensus on what these signals should mean and how they should operate, we do not look for or respond to “Do Not Track” signals. For more information on tracking and targeting and your choices regarding these practices, see our online Privacy Policy.

D. California Minors:

Although our online service(s) are intended for an audience over the age of 18, any California residents under the age of eighteen (18) who have registered to use our online services, and who posted content or information on the service, can request removal by contacting us Privacy@amwater.com detailing where the content or information is posted and attesting that you posted it. We will then make reasonably good faith efforts to remove the post from prospective public view or anonymize it, so the minor cannot be individually identified to the extent required by applicable law. This removal process cannot ensure complete or comprehensive removal. For instance, third parties may have republished or archived content by search engines and others that we do not control.
