OF THE STATE OF MISSOURI**

Certificate of Service Authority of)	File No. PD-2011-0306
Commercial Communications Services, LLC)	

**COMMERCIAL COMMUNICATIONS SERVICES, LLC’S OBJECTION TO AND
SUGGESTIONS OPPOSING STAFF’S MOTION FOR CANCELLATION
AND REQUEST FOR HEARING**

COMES NOW Commercial Communications Services, LLC (“Commercial Communications” or “Company”), by its undersigned counsel, and respectfully submits its objection and suggestions in opposition to the Staff Motion for Cancellation (Staff’s Motion) and, insofar as necessary, requests a hearing on the matter. In support, Commercial Communications states the following to the Commission:

1. Commercial Communications is an authorized private pay telephone service provider in the State of Missouri. It received its certificate of service authority on August 14, 2000 in Case No. TA-2000-0861.

2. On March 25, 2011 the Staff of the Commission filed its motion requesting that Commercial Communications’ certificate be canceled. The asserted basis for Staff’s motion is that for the years 2008 and 2009, the Company reported zero Missouri jurisdictional revenue in its annual statements of revenue for those years.

3. It is unclear whether the rates charged by some incumbent telephone companies comply with Federal Communications Commission standards and are therefore not set at proper competitive levels. As a consequence, Commercial Communications is a complainant in a complaint before the Commission filed by certain other payphone providers in Case No. TC-

2005-0067. That complaint has not been resolved although the parties have engaged in negotiations toward a settlement. Commercial Communications wishes to preserve party status in the complaint.

4. Commercial Communications appeals to the Commission to keep the Company's certificate active. Although the process of reapplying for certification is uncomplicated, it would be in the public interest for Commercial Communications to avoid duplicating the expense of reapplication.

5. In its April 8, 2001 Order Directing Notice, the Commission directed that objections be filed no later than April 18, 2011. This objection and suggestions are being filed out of time for the reason that the undersigned is involved in preparation for trial in *McGuire, et al. v. Synergy LLC, et al.*, Case No. 09HE-CC00036, in Henry County, Missouri. As a consequence of preparing for trial, the deadline for filing the objection was overlooked. Failing to meet the filing deadline was not for purposes of delay but rather due to circumstances which the Company asks the Commission to deem excusable.

WHEREFORE, Commercial Communications submits its objection to Staff's Motion for cancellation of the Company's Certificate of Service Authority and requests a hearing upon the matter, and after hearing, prays that the Commission deny Staff's Motion.

Respectfully submitted,

/s/ Mark W. Comley
