## Renewable Energy Adjustment (RESRAM)

Ameren Missouri established the Renewable Energy Standard Rate Adjustment Mechanism (RESRAM) to comply with voter approved legislation that requires 15% of energy produced to be renewable, such as solar and wind. The RESRAM line item is adjusted on an annual basis and may appear as a charge or a credit.

Fuel Adjustment Charge	\$0.29
Energy Efficiency Investment Charge	\$0.92
St. Louis City Municipal Charge-Service	\$1.24
Renewable Energy Adjustment	\$0.00
<b>Current Charge</b>	<b>\$30.91</b>
