

# **Schedule DM-1**

---

**\*\*Public\*\***

This Schedule has been designated, in its entirety, as “Highly Confidential” as defined in NEET Southwest’s pending Motion for Protective Order filed on July 7, 2022. This Schedule displays engineering diagrams that are competitively sensitive for the purpose of future bidding on SPP and other RTO bidding events. Given that the Schedule only contains Highly Confidential information, no public version is available.
