Necessity and to Acquire Certain Sewer Assets )

**REQUEST FOR EXTENSION OF TIME**

**COMES NOW** the Staff of the Missouri Public Service Commission (“Staff”),  
by and through counsel, and for its *Request for Extension of Time*, states as follows:

1. On April 28, 2022, Confluence Rivers Utility Operating Company, Inc. (“Confluence Rivers”) filed an application with the Missouri Public Service Commission (“Commission”) requesting that the Commission grant it a Certificate of Convenience and Necessity (“CCN”) to acquire, own, install, construct, operate, control, manage, and maintain a sewer system in Madison County, Missouri.

2. On April 29, 2022, Staff was ordered to file a recommendation or status report regarding Confluence Rivers’ CCN application no later than June 15, 2022.

3. Staff requests a 60-day extension for the following reasons:

a) Scheduling conflicts between Confluence Rivers, local system operators and Staff have delayed on-site inspections of the system being acquired;

b) Staff is awaiting a response to a Sunshine Request from the Department of Natural Resources (“DNR”). In addition to providing important historical information about the assets being purchased, compliance information from the DNR is crucial for evaluating a purchasing company’s ability to successfully operate the system.

4. For the reasons mentioned in Paragraph 3 above, Staff requests an additional 60 days to complete its investigation and recommendation. Staff will file its recommendation earlier, if possible.

**WHEREFORE**, Staff respectfully requests that the Commission will grant a 60-day extension to complete and file its recommendation; and such other and further relief as the Commission deems just in these circumstances.

Respectfully Submitted,
