Subject: Reason for Denial of RCF

As has been communicated previously with regard to similar RCF requests in 61 other exchanges, CenturyTel's concern remains that Socket Internet, in conjunction with its CLEC affiliate, and consistent with past practices will convert the CenturyTel RCF numbers into multi-channel services in order to provision dial-up internet service in a manner that will effect toll and access charge bypass, and overload CenturyTel's network. Therefore the request for RCF service in Willow Springs is being denied as it is inconsistent with Sections 6. B. 2, Section 6. B. 9, and Section 6. B. 10 of the tariff.
