FIDELITY NATURAL GAS, INC.'S RESPONSE TO STAFF RECOMMENDATION

COMES NOW Fidelity Natural Gas, Inc. ("Fidelity" or "Company"), and pursuant to the Commission's Order Directing Response issued on July 12, 2000, states its response to the Staff's Recommendation filed on June 30, 2000, as follows:

1. On June 30, 2000, the Commission Staff filed its recommendations following the completion of the audit of the Actual Cost Adjustment ("ACA") rates for the 1998-1999 period. The Commission Staff reviewed Fidelity's calculations and made the following recommendations:

The Staff recommends that the Commission issue an order requiring Fidelity Natural Gas Company to:

1. Adjust the ACA balance in its next ACA filing by \$7,504 (\$5,994 + \$1,510) from \$3,017 under-recovery balance to \$4,487 over-recovery balance;

In addition, the Staff recommended that Fidelity submit an updated peak day study and pipeline capacity study to assure adequacy of the Company's supply and transportation portfolio for a peak day, certain reserve margin calculations, a comparison of the actual usage and HDD for two or more peak days to the estimated volume, and an estimate of the average annual usage per residential and commercial customer for a normal weather pattern.

- 2. On July 12, 2000, the Commission issued its Order Directing Response which required Fidelity to file a response to the recommendation of the Staff no later than thirty (30) days from the effective date of the Order (i.e., by August 24, 2000).
- 3. After reviewing the Staff's Recommendation in this matter, the Company has determined that Staff's recommendations are acceptable to the Company and should be implemented. Fidelity will also supply the analysis in future ACA periods, as requested by the Commission Staff.

WHEREFORE, Fidelity Natural Gas, Inc. respectfully requests the Commission to issue an Order Approving Staff Recommendation Regarding Actual Cost Adjustment and accept the adjusted rates on a permanent basis.

Respectfully submitted,

James M. Fischer, Esq.
