COUNTY OF JASPER)

On April 15, 2011, The Empire District Electric Company filed a Compliance Plan outlining our plan to comply with the Renewable Energy Standard for the years of 2011-2013.

In accordance with that document, EDE stated that the company would utilize the generation from contracts with Elk River Windfarm, Cloud County Windfarm and/or generation from its Ozark Beach Hydroelectric facility. EDE retired 68,786 2008 and 2009 vintage RECs from the Ozark Beach facility in order to fully meet the 2011 compliance requirements.

The 2011 RES Compliance Plan states that EDE will continue to utilize RECs generated by the Ozark Beach facility and Elk River or Cloud County Windfarm if needed.

The total costs for meeting the 2011 annual MoRES are as follows:

Resource	Cost
Ozark Beach Generation	-0-
NAR Administration	\$63,170
