| |) | |
| KENNETH JAEGER & BLUE |) | |
| LAGOON SEWER CORPORATION |) | |
| Respondents |) | |

RESPONDENT'S STATUS REPORT

On August 7, 2007, the Commission ordered the Staff and Respondents to file, by no later than October 9, 2007, a status report, in which they update the Commission on the status of a case now pending in Ralls County Circuit Court.

The Ralls County case is set for a civil penalty hearing at 11:00 a.m. on December 4, 2007. Discovery requests were served upon the respondent and discovery was provided in conjunction with that request. No further request for supplementation has been received at this time by Respondents.

Respondents propose to transfer Blue Lagoon's sewer utility assets to a third party, who will be recognized by the Missouri Department of Natural Resources as the continuing authority to provide sewer service in the territory that Blue Lagoon now serves. Joe Maxwell is the attorney who will represent the party that seeks a certificate of convenience and necessity from the Commission. James Lemon as counsel for Respondent has attempted to reach Mr. Maxwell to check the status of this filing but has been unable to reach him.

WHEREFORE, Respondent submits its Status Report to the Commission for its

information and consideration.

Respectfully submitted,

LEMON AND MORROW, LLC
