ORDER APPROVING INTEREXCHANGE CERTIFICATE OF SERVICE AUTHORITY
AND ORDER APPROVING TARIFF

Eagle Telecom, Inc. (ETI) applied to the Public Service Commission on June 24, 1998, for a certificate of service authority to provide intrastate interexchange telecommunications services in Missouri under Section 392.440, RSMo 1994.¹ ETI asked the Commission to classify it as a competitive company and waive certain statutes and rules as authorized by Sections 392.361 and 392.420. ETI is a Nevada corporation, with its principal office located at 614 South 8th Street, Suite 335, Philadelphia, Pennsylvania 19147.

The Commission issued a Notice of Applications and Opportunity to Intervene on July 7, directing parties wishing to intervene to file their requests by July 22. The requirement for a hearing is met when the opportunity for hearing has been provided and no proper party has requested the opportunity to present evidence. State ex rel. Rex Deffenderfer Enterprises, Inc. v. Public Service Commission, 776 S.W.2d 494, 496 (Mo. App. 1989). On July 14 Southwestern Bell Telephone Company (SWBT) filed an Application to Intervene. On July 20

¹ All statutory references are to the Revised Statutes of Missouri 1994 unless otherwise indicated.

SWBT withdrew its motion to intervene. Since no one has asked permission to intervene or requested a hearing, the Commission may grant the relief requested based on the verified application.

ETI filed a proposed tariff in conjunction with its application and filed substitute sheets on July 8. The tariff's effective date is August 9. ETI's tariff describes the rates, rules, and regulations it intends to use, identifies ETI as a competitive company, and lists the waivers requested. ETI intends to provide interexchange telecommunications services including 1+ direct dial, 800/888/877 services, directory assistance, debit card, and travel card services.

In its Memorandum filed on July 27, the Staff of the Commission stated that ETI's proposed services are similar to existing IXC offerings. Staff recommended that the Commission grant ETI a certificate of service authority, competitive status, and waiver of the statutes and rules listed in the Notice. Staff recommended that the Commission approve the proposed tariff as amended to become effective on August 9.

The Commission finds that competition in the intrastate interexchange telecommunications market is in the public interest and ETI should be granted a certificate of service authority. The Commission finds that the services ETI proposes to offer are competitive and ETI should be classified as a competitive company. The Commission finds that waiving the statutes and Commission rules set out in the ordered paragraph below is reasonable and not detrimental to the public interest.

The Commission finds that ETI's proposed tariff details the services, equipment, and pricing it proposes to offer, and is similar to tariffs approved for other Missouri certificated interexchange carriers.

The Commission finds that the proposed tariff filed on June 24 shall be approved as amended to become effective on August 9.

IT IS THEREFORE ORDERED:

1. That Eagle Telecom, Inc. is granted a certificate of service authority to provide intrastate interexchange telecommunications services in the state of Missouri, subject to all applicable statutes and Commission rules except as specified in this order.

2. That Eagle Telecom, Inc. is classified as a competitive telecommunications company. Application of the following statutes and regulatory rules shall be waived:
