Re: GU-2020-0376 – Quarterly Reporting - Correction

Dear Secretary Woodruff,

On October 21, 2020, the Missouri Public Service Commission (“Commission”), issued an Order in Case No. GU-2020-0376, approving the Amended Unanimous Stipulation and Agreement (“the Agreement”) entered by the Parties in the aforementioned case. The Agreement set forth a list of reporting requirements, including quarterly reporting on the Company’s COVID-19 related cost increases and decreases as well as specified customer data. In compliance with the Agreement, on March 3, 2021, Spire Missouri Inc., d/b/a Spire Missouri (“Spire” or “the Company”), submitted the following information:

- Exhibit A: Spire’s Updated Quarterly Report (paragraph 9 and 12 of the Agreement)
- Exhibit C: Customer Reporting Information (paragraph 9(c)-(k) of the Agreement)

Since submitting the Company’s quarterly report in March 2021, it came to the Company’s attention that some of the data in Exhibit C, specifically part c – pertaining to voluntary disconnects by customer class and part d – pertaining to involuntary disconnects by customer class, are incorrect. The Company hereby submits the corrected reports on voluntary and involuntary disconnects as part of Exhibit C of its March 2021 quarterly reports.

Sincerely,

/s/ Goldie T. Bockstruck
