**File No. SM-2017-0056**

**STATUS REPORT**

**COMES NOW** the Staff of the Missouri Public Service Commission (“Staff”), by and through counsel, and for its *Status Report*, states as follows:

1. On May 17, 2017, The Missouri Public Service Commission issued its *Order Approving Transfer of Assets*, which became effective June 16, 2017, approving the Joint Application of Taney County Utilities Corporation (“TCUC”) and Taney County Regional Sewer District (“District”) (collectively “Applicants”) requesting authority to transfer certain assets to Taney County Regional Sewer District.

2. Because the Applicants will not be able to close on the asset transfer until a new treatment facility is constructed, as part of its approval, the Commission directed Staff to periodically report on the construction status of the District’s new wastewater treatment facility.

3. Staff has remained in contact with the Applicants since the effective date of the Commission’s order, and the District recently provided Staff with an update of its progress. The District provided to Staff photographs documenting the current status of the project, attached hereto as Appendices A and B, and informed Staff that the project is currently on schedule to be completed by the planned construction date of October 11, 2017.

4. Staff will provide a second Status Report, further updating the Commission on the status of the construction of the new wastewater treatment facility, on September 29, 2017, unless otherwise ordered by the Commission.

**WHEREFORE**, Staff respectfully requests that the Commission accept Staff's *Status Report*, and grant such other relief as the Commission deems appropriate.

Respectfully Submitted,

**/s/ Mark Johnson**
