Map Information

Maps are a general representation of coverage. They are for illustrative purposes only. Wireless service is subject to limitations and may vary based on system availability and capacity, customer equipment, terrain, signal strength, buildings, weather and other conditions. Service outside the Alltel network, although depicted on our maps, is based on information from other carriers or publicly available information, and we cannot guarantee its accuracy. Alltel does not guarantee coverage or service availability.

Coverage maps from Sprint depict approximate service areas for outdoor coverage based on computer-generated radio-frequency coverage projections and information provided by third parties. They are not a guarantee of service availability. Actual coverage, quality and availability of coverage may vary based on network problems, signal strength, your equipment, terrain, structures, weather and other limitations or conditions. Coverage is not available everywhere and may not be available in all areas depicted on these maps.

Print map

This map depicts and approximates our wireless coverage area outdoors, which may vary from market to market and may change without notice. It may include locations with limited or no coverage. Our maps do not guarantee service availability. Even within a coverage area, there are several factors, such as network changes, traffic volume, service outages, technical limitations, signal strength, your equipment, terrain, structures, foliage, weather, and other conditions that may interfere with actual service quality and availability, including the ability to make, receive, and maintain calls. Multi-band (850/1900 MHz) GSM/GPRS handset required for access to 650 MHz Roaming Coverage. Ask a T-Mobile sales representative or visit www.t-mobile.com/morecoverage for more information regarding handset requirements and T-Mobile 650 MHz coverage. 650 MHz roaming is offered through our roaming partners; some features (e.g., picture messaging, mobile-to-mobile) may not be available while roaming. Switching to Mediacom is simple and convenient

- Use your existing phone equipment, jacks outlets and in-home wiring
- Professional, customer-friendly installation
- No special phones
- No mandatory contract term
- No equipment to purchase
- No extra subscriber line charge
- 30-day money back guarantee on monthly charge
- 24/7 customer service

Availability

In Spring 2005, Mediacom began to rollout phone service and will continue to add new coverage areas throughout the year. Look for notices on when Mediacom phone service will be available in your area.

3. Mediacom® Phone Service: 1-800-333-6666

* Mediacom® phone service is not available everywhere. Additional charges apply to certain features including international calling, directory assistance, and operator services. The \$29.99 and \$39.99 monthly rates apply only as long as you have the additional Mediacom services needed to qualify. Service provided by an affiliate of MCC Telephony, Inc., a Mediacom company. Other restrictions may apply. Call Mediacom for complete details. Federal, state and local taxes and governmental regulatory fees and surcharges are extra. Offer available to Mediacom customers in good standing only. Rates subject to change. Mediacom is a registered trademark of Mediacom Communications Corporation.
