SUPPLEMENT TO SPIRE'S APPLICATION FOR A CERTIFICATE OF CONVENIENCE AND NECESSITY

COMES NOW Spire Missouri, Inc. ("Spire" or the "Company"), and submits this supplement to its Application for a Certificate of Convenience and Necessity ("CCN"), filed pursuant to RSMo. §393.170, requesting the expedited grant of a CCN to construct, install, own, operate, maintain, and otherwise control and manage a natural gas distribution system in Barton County, Missouri. In this regard, Spire respectfully states as follows to the Missouri Public Service Commission ("Commission"):

- As stated in its original Application and Amended Application, Spire seeks a service area CCN as an extension of its existing certificated area to serve one particular property. The requested CCN would extend Spire West's certificated service area to include Township 32 North, Range 31 West, Sections 15, 16, 21, and 22, in Barton County, Missouri.
- 2. The original Application and the Amended Application state that Spire holds all necessary franchises and permits from municipalities, counties, or other authorities that are required for Spire to serve the subject property.
- 3. Spire, however, was unable to find documentation of Barton County's assent for Spire to serve the property sections referenced above. As such, Spire requested and obtained additional documentation from Barton County. Barton County's assent for Spire to

serve all portions of the county is attached hereto.

WHEREFORE, Spire requests, for good cause shown, that the Commission waive the 60-day notice requirement of 4 CSR 240-4.017(1) as prayed for the original Application, grant a variance from the filing requirements of Commission Rule 4 CSR 240-3.205(1)(A), approve its Application expeditiously, issue a CCN to Spire as set forth in the Application and Amended Application, and grant such other and further relief as is just and proper under the circumstances.

Respectfully submitted,

BRYDON, SWEARENGEN & ENGLAND, P.C.
