<sup>1</sup> All statutory references are to the Revised Statutes of Missouri 1994 unless otherwise indicated.

Park 'N View filed a proposed tariff in conjunction with its application and filed substitute sheets on June 4. The tariff's effective date is June 16. Park 'N View's tariff describes the rates, rules, and regulations it intends to use, identifies Park 'N View as a competitive company, and lists the waivers requested. Park 'N View intends to provide interexchange telecommunications services including 1+ service, 800/888/877 services, directory assistance, travel card services and prepaid calling card services.

In its Memorandum filed on June 5 the Staff of the Commission stated that Park 'N View's proposed services are similar to existing IXC offerings. Staff recommended that the Commission grant Park 'N View a certificate of service authority, competitive status, and waiver of the statutes and rules listed in the Notice. Staff recommended that the Commission approve the proposed tariff as amended to become effective on June 16.

The Commission finds that competition in the intrastate interexchange telecommunications market is in the public interest and Park 'N View should be granted a certificate of service authority. The Commission finds that the services Park 'N View proposes to offer are competitive and Park 'N View should be classified as a competitive company. The Commission finds that waiving the statutes and Commission rules set out in the ordered paragraph below is reasonable and not detrimental to the public interest.

The Commission finds that Park 'N View's proposed tariff details the services, equipment, and pricing it proposes to offer, and is similar to tariffs approved for other Missouri certificated interexchange carriers.

The Commission finds that the proposed tariff filed on May 1 shall be approved as amended to become effective on June 16.
