Add Mediacom Phone Service And Save A Bundle

	Monthly Savings	Yearly Savings
With No other Mediacom service	\$49.95 A Month	
With Either Family Cable or Higher, OR Mediacom Online Internet service:	\$39.95 A Month	\$10 \$120
With Both Family Cable or Higher, AND Mediacom High-Speed Internet service:	\$29.95 A Month	\$20 \$240

Details *Above phone rates are separate monthly fees.

Pay The Same Flat Monthly Fee Every Month

Use Your Existing

Phone & Home Wiring

Mediacom phone uses all of your existing home phone equipment, jacks, outlets and in-home wiring.

All you pay is your monthly fee and any mandatory local, state and federal taxes and applicable fees. No more confusing extras like subscriber line fees that can add up to \$6.50 or more each month to your bill. The only other charges that will appear on your bill are for the optional features you select like International and collect calls.

Satisfaction Guaranteed

Mediacom is in your community, so you can depend upon 24/7 customer care. And like our cable and Internet services, Mediacom phone comes with a

Mediacom provides the phone modem, which connects to any one of your phone outlets or jacks, activating every phone on that line.

Cingular Coverage Viewer

The Cingular Wireless network has the largest digital voice and data coverage in America. Enter your location to see coverage in your area. You can zoom in and re-center the map by clicking on it.

Address

Coverage Legend

Coverage last updated on: March 31, 2007. Map depicts an approximation of coverage.

Important Information About the Coverage Map

Map may include areas served by unaffiliated carriers, and may depict their licensed area rather than an approximation of the coverage there. Actual coverage area may differ substantially from map graphics, and coverage may be affected by such things as terrain, weather, foliage, buildings and other construction, signal strength, customer equipment and other factors. Cingular does not guarantee coverage. Charges will be based on the location of the site receiving and transmitting the call, not the location of the subscriber.

This map predicts and approximates our wireless coverage area outdoors, which may vary from location to location and may change without notice. It may include locations with limited or no coverage. Our maps do not guarantee service availability. Even within a coverage area, there are several factors, such as: network changes, traffic volume, service outages, technical limitations, signal strength, your equipment, terrain, structures, foliage, weather, and other conditions that may interfere with actual service, quality, and availability, including the ability to make, receive, and maintain calls. Multi-band (850/1900 MHz) GSM/GPRS handset required for access to 850 Roaming Coverage. Ask a T-Mobile sales representative or visit www.t-mobile.com/morecoverage for more information regarding handset requirements and T-Mobile 850 MHz coverage. 850 MHz roaming is offered through our roaming partners; some features (e.g. picture messaging, mobile to mobile) may not be available while roaming.
