ORDER APPROVING TARIFF

CIMCO Communications, Inc. (CIMCO) applied to the Public Service Commission on September 22, 1997, for a certificate of service authority to provide intrastate interexchange telecommunications services in Missouri under § 392.440, RSMo 1994<sup>1</sup>. CIMCO asked the Commission to classify it as a competitive company and waive certain statutes and rules as authorized by §§ 392.361 and 392.420. Applicant is an Illinois corporation, with its principal office located at 18 West 100 22nd Street, Suite 109, Oakbrook Terrace, Illinois 60181.

or requested a hearing in this case, the Commission may grant the relief requested based on the verified application.

CIMCO filed a proposed tariff in conjunction with its application and filed substitute sheets on October 27. The tariff's effective date is November 7. CIMCO's tariff describes the rates, rules, and regulations it intends to use, identifies CIMCO as a competitive company, and lists the waivers requested. CIMCO intends to provide interexchange telecommunications services including 1+, 800, private line, and travel card services.

In its Memorandum filed on October 29 the Staff of the Commission stated that Applicant's proposed services are similar to existing IXC offerings. Staff recommended that the Commission grant Applicant a certificate of service authority, competitive status, and waiver of the statutes and rules listed in the Notice. Staff recommended that the Commission approve the proposed tariff to become effective on November 7.

The Commission finds that competition in the intrastate interexchange telecommunications market is in the public interest and Applicant should be granted a certificate of service authority. The Commission finds that the services Applicant proposes to offer are competitive and Applicant should be classified as a competitive company. The Commission is of the opinion that waiving the statutes and Commission rules set out in Ordered Paragraph 2 is reasonable and not detrimental to the public interest.

The Commission determines, by authority of § 392.470, that Applicant should comply with the following regulatory requirements as reasonable and necessary conditions of certification:

- (1) Applicant must comply with reasonable requests by Staff for financial and operating data to allow Staff to monitor the intraLATA toll market. § 386.320.3.
- (2) Applicant must file tariffs containing rules and regulations applicable to customers, a description of the services provided, and a list of rates associated with those services in accordance with 4 CSR 240-30.010 and § 392.220, RSMo Supp. 1996.
- (3) Applicant may not unjustly discriminate between its customers. §§ 392.200, RSMo Supp. 1996, 392.400.
- (4) Applicant must comply with all applicable rules of the Commission except those specifically waived by this order. §§ 386.570, 392.360.
- (5) Applicant must file a Missouri-specific annual report. §§ 392.210, 392.390.1.
- (6) Applicant must comply with jurisdictional reporting requirements as set out in each local exchange company's access services tariffs. § 392.390.3.
- (7) Applicant must submit to the staff, on a confidential basis, a copy of the jurisdictional report it submits to local exchange companies. The report must be submitted within ten days of the date on which it is submitted to the local exchange company.

The Commission finds that CIMCO's proposed tariff details the services, equipment, and pricing it proposes to offer, and is similar to tariffs approved for other Missouri certificated interexchange carriers. The Commission finds that the proposed tariff filed on September 22 shall be approved as amended to become effective on November 7.
