In the matter of Kingdom Telephone Company's tariff)

customers displaced by the 1993 flooding.)
)

ORDER APPROVING TARIFF

On July 27, 1993, Kingdom Telephone Company submitted a proposed tariff sheet designed to provide special waivers of service connection charges for flood victims. One waiver would be for a service connection charge if a flood victim establishes telephone service at a temporary location. A second waiver would be allowed if the customer reestablished service at either the original or a new location.

On August 4, 1993, Commission Staff filed a memorandum recommending the Commission approve the tariff sheet. Staff indicates that the proposed waivers should allow relief for customers displaced by the flood.

The Commission has considered the proposed tariff sheet and finds it should be approved. The flood has created an emergency situation which makes waiver of certain tariff charges to flood victims reasonable. These waivers should provide some relief to flood victims. Because of the emergency situation, there is good cause to approve the tariff sheet in less than thirty days.

IT IS THEREFORE ORDERED:

1. That the following proposed tariff sheet submitted by Kingdom Telephone Company on July 27, 1993 be hereby approved for service on and after August 6, 1993.

P.S.C. MO No. 1
2nd Revised Sheet No. 12, Cancelling 1st Revised Sheet No. 12
Original Sheet 4.1

2. That the waiver of the charges in the tariff approved in ordered paragraph 1 is not a determination of the appropriate ratemaking treatment of the waived charges.

3. That this order shall become effective on the 6th day of August, 1993.
