

STATE OF MISSOURI
PUBLIC SERVICE COMMISSION

At a session of the Public Service
Commission held at its office
in Jefferson City on the 31st
day of January, 1992.

In the matter of the tariff filing of Rock Port)
Telephone Company to establish rules, terms and)
conditions for the interconnection of radio) Case No. TR-92-152
common carrier service.)
)

ORDER APPROVING TARIFF

On January 3, 1992, Rock Port Telephone Company (Rock Port), a telephone corporation, filed proposed tariff sheets to implement rates, terms, and conditions for the interconnection of radio common carrier (RCC) services with Rock Port's local exchange network. Motion For Expedited Approval was filed by Rock Port along with the proposed tariff sheets. This case was established because of the requested expedited treatment.

On January 8, 1992, Rock Port filed replacement sheets correcting errors discovered in its original filing. On January 17, 1992, Rock Port filed additional replacement sheets implementing certain Staff recommendations.

The proposed tariffs would provide, where facilities permit, originating and terminating connection between Rock Port customers and RCCs, such as mobile, cellular, or paging companies. Service would also be provided for high capacity 1.544 Mbps radio transmitter links which provide dedicated voice and/or data circuits between the RCC mobile telephone service office (MTSO) and the tower/cell site or between tower/cell sites.

On January 29, 1992, the Commission Staff filed its recommendation regarding the said proposed tariffs with replacement sheets. Staff states that the proposed tariffs with replacement sheets are structured in a manner similar to those already approved for Southwestern Bell Telephone Company in Mo. P.S.C. Case No. TR-90-144 and recommends the approval of the proposed tariffs with

replacement sheets for Rock Port for service on and after the proposed effective date of February 2, 1992.

Having considered the Staff's recommendation, the Commission finds that the proposed tariffs with replacement sheets to implement rates, terms, and conditions for the interconnection of radio common carriers (RCCs) with Rock Port's local exchange network are acceptable and approves the said tariff sheets with replacement sheets as requested.

IT IS THEREFORE ORDERED:

1. That the tariff sheets submitted on January 3, 1992, and with replacement sheets submitted on January 8, 1992, and January 17, 1992, by Rock Port Telephone Company are hereby approved for service on and after February 2, 1992.

2. That this order shall become effective on the date hereof.

BY THE COMMISSION
