PROPOSED PROCEDURAL SCHEDULE

Comes now Donna D. Hawley, appearing pro se, and states as follows to the Missouri Public Service Commission (Commission):

1. The Commission's July 9, 2010, Order Setting Prehearing Conference set this matter for a prehearing conference on July 20, 2010, and directed that the parties file a proposed procedural schedule no later than July 23, 2010.

2. A prehearing conference was held as scheduled on July 20, 2010.

3. As a result of the continued withholding of the complete R.W. Beck engineering study by Rolla, I submit that a case hearing be scheduled no sooner than November 15, 2010, to allow sufficient time for document requests and responses that will be necessary to prepare testimony. Due to Rolla continuance in withholding key information that is already prepared and included in the complete R.W. Beck engineering study, I will be forced to prepare analysis, essentially from scratch, utilizing data requests which will take additional time to complete. The redacted copy of the study that I received this morning leaves out key data, charts, projections and assumptions pertaining to the current RMU electric system. In addition, Rolla left out the analysis and projections for the entire alternative plan 3B. There appear to be entire pages missing and there are no general descriptions as required by the Missouri Sunshine Laws, Chapter 610.21, for those portions that RMU continues to withhold supposedly due to security concerns which I find questionable.

4. It is anticipated that at the proposed hearing the parties may present witnesses (to present live direct testimony, be cross-examined and respond to queries from the Commission) and provide oral argument.

5. I request that all parties be required to pre-file testimony and briefing, unless the Commission orders otherwise.

6. I further propose to provide the following documents to the Commission in preparation for the hearing on the identified dates:

September 15, 2010 - List of Issues, List and Order of Witnesses, Order of Cross- Examination and Order of Opening/Closing Statements

October 15, 2010 – Statements of Position, Pre-filed testimony and briefings

7. I also request that this agreement be reflected in the Commission's order setting the procedural schedule:

The response time for data requests shall be 10 calendar days to provide the requested information, and 5 calendar days to object or notify the requesting party that more than 10 days will be needed to provide the requested information. This expedited schedule shall only apply if the requesting party serves the data requests by email transmitted to the counsel (if any) for that party. Failure to serve the counsel by email will result in the data request being subject to the normal deadlines in the Commission's rules.

WHEREFORE, Donna D. Hawley respectfully requests that the Commission consider this pleading to comply with its Order Setting Prehearing Conference and, thereafter, issue such orders as the Commission believes to be reasonable and just.

Respectfully submitted,

Donna D. Hawley
