**APPLICATION FOR CERTIFICATE OF CONVENIENCE
AND NECESSITY FOR BUCHANAN COUNTY AND
REQUEST FOR WAIVER**

COMES NOW Spire Missouri Inc. (“Spire” or the “Company”), by and through its undersigned counsel, and, pursuant to Section §393.170 RSMo, and Commission Rules 20 CSR 4240-2.060 and 20 CSR 4240-3.205, requests permission and approval for a certificate of convenience and necessity (“CCN”) to construct, install, own, operate, maintain, and otherwise control and manage a natural gas distribution system to provide gas service in Buchanan County, Missouri, as a further expansion of its existing certificated area. Pursuant to Commission Rule 20 CSR 4240-4.017(1)(D), the Company also requests a waiver from the notice provisions of Rule 20 CSR 4240-4.017(1). In support of this request, Spire respectfully states as follows to the Missouri Public Service Commission (“Commission”):

1. Spire is a public utility and gas corporation incorporated under the laws of the State of Missouri, with its principal office located at 700 Market Street, St. Louis, Missouri 63101.
2. A Certificate of Good Standing evidencing Spire's standing to do business in Missouri was submitted in Case No. GF-2020-0334 and is incorporated by reference herein for all purposes. The information in such Certificate is current and correct.

3. Spire is engaged in the business of distributing and transporting natural gas to customers in Missouri as a gas corporation subject to the jurisdiction of the Commission. Spire provides gas service in Missouri to customers in the City of St. Louis and the Counties of St. Louis, St. Charles, Crawford, Jefferson, Franklin, Iron, St. Genevieve, St. Francois, Madison, Butler, Andrew, Barry, Barton, Bates, Buchanan, Carroll, Cass, Cedar, Christian, Clay, Clinton, Cooper, Dade, Dekalb, Greene, Henry, Howard, Jackson, Jasper, Johnson, Lafayette, Lawrence, McDonald, Moniteau, Newton, Pettis, Platte, Ray, Saline, Stone, and Vernon.

4. Other than cases that have been docketed at the Commission, Spire has no pending action or final unsatisfied judgments or decisions against it from any state or federal agency or court within the past three years that involve customer service or rates. Spire has no annual report or assessment fees that are overdue.

5. All correspondence, communications, notices, orders and decisions of the Commission with respect to this matter should be sent to the undersigned counsel and to:

Wesley E. Selinger
Director, Rates and Regulatory Affairs
Spire Missouri Inc.
700 Market Street, 5th Floor
St. Louis, Missouri 63101
(314) 230-5867
wes.selinger@spireenergy.com

6. Spire seeks a service area CCN to provide gas to a single project located in Sections 36 and 31, Township 55 North, Ranges 34 and 35 West of Buchanan County in Missouri. The listed sections above are areas where a developer has contacted Spire with a need for a distribution system

extension to service 34 single-family residential lots. The legal descriptions of the new areas are set forth in the attached Appendices. Attached as Appendix 1 is a plat drawn to a scale of one-half inch (1/2") to the mile on maps comparable to county highway maps issued by the Missouri Department of Transportation or a plat drawn to a scale of two thousand feet (2,000') to the inch. Natural gas service is not currently offered by an unregulated or other regulated entity in any of the areas for which a CCN is being requested.

7. The rates for the proposed area will be those approved and in effect for the customers in the adjoining Spire certificated areas, until such rates may be changed by approved tariff or order of the Commission. Spire estimates the proposed project will result in additional customers within the developer's planned 34 single-family residential lots. Spire acknowledges that there might be an opportunity to add additional customers along the route in the future, but is currently focused on the distribution system extension requested by this developer. The name and address of the developer and landowner associated with the development can be found in Appendix 2 which has been identified as Confidential pursuant to Commission Rule 20 CSR 4240-2.135(2)(A)1 because it contains information relating directly to specific customers. Estimated project revenues and expenses for the first three years of operations are shown in the feasibility study attached as Appendix 3. Appendix 3 has been identified as Confidential pursuant to Commission Rule 20 CSR 4240-2.135(2)(A)3 and 4 because it contains information regarding market-specific information. No external financing will be required for construction related to this project.

8. Spire holds all necessary franchises and permits from municipalities, counties, or other authorities that are required for Spire to serve the subject areas. Documentation that provides assent from Buchanan County can be found in Appendix 4. Included in Appendix 5 is a signed

affidavit of Clifford Garrett, Manager of Residential Development for Spire Missouri, asserting that all information regarding this proposed CCN is accurate and truthful.

9. Spire's experience in the operation of natural gas systems gives it the ability to provide this service in an efficient manner. For all reasons set forth herein, a grant of the application will further the public convenience and necessity.

REQUEST FOR WAIVER FROM 60-DAY NOTICE RULE

12. Commission Rule 20 CSR 4240-4.017(1) provides, in part, as follows:

Any person that intends to file a case shall file a notice with the secretary of the commission a minimum of sixty (60) days prior to filing such case. Such notice shall detail the type of case and issues likely to be before the commission and shall include a summary of all communication regarding substantive issues likely to be in the case between the filing party and the office of the commission that occurred in the ninety (90) days prior to filing the notice.

13. Rule 20 CSR 4240-4.017(1)(D) permits a party to request a waiver of the above cited rule for good cause. The rule provision specifically provides that good cause may be established by submitting a verified declaration that the filing party has had no communication with the office of the commission within the prior one hundred fifty (150) days regarding any substantive issue likely to be in the case. The Company interprets this to mean that good cause is established if the filing party has had no communication with a member of the office of the Commission outside of pleadings or other public communications. Subject to that understanding, the Company has attached to this request a verified declaration that neither the Company nor any person or entity acting on behalf of the Company, has had a communication with a member of the office of the Commission in the last 150 days regarding any substantive issues that are likely to arise in the case. For that reason, the Company requests that the Commission grant a waiver of the 60-day notice requirement for Spire Missouri's application for a CCN in Buchanan County.

WHEREFORE, Spire requests, for good cause shown, that the Commission waive the notice requirement of 20 CSR 4240-4.017(1), approve this Application, issue a CCN to Spire as set forth above and in the attached schedules, and grant such other and further relief as is just and proper under the circumstances.

Respectfully submitted,

/s/ Rachel L. Niemeier
