SECOND CUSTOMER NOTICE

September 19, 2007

Dear Customer:

On March 22, 2007, Timber Creek Sewer Co., Inc. (Company) submitted a request for a permanent increase in its current sewer rates and charges, under the provisions of the Missouri Public Service Commission's small company rate increase procedure. By its request, the Company was seeking increases in its customer rates intended to generate an increase in its annual sewer operating revenues of \$120,000 (approximately 32.24%).

As a result of the Company's request, the Staff of the Public Service Commission (Commission Staff) conducted an independent audit of the Company's books and records, and an investigation of the Company's business and system operations. Based upon the results of its audit and investigation, the Commission Staff has concluded that an increase of \$129,837 in the Company's annual sewer operating revenues is warranted, that changes to and the addition of certain service charges are warranted, that changes to the new service connection fees are warranted, and that certain changes to the Company's system operations and business operations are warranted. The Company has agreed with the Commission Staff's audit findings and conclusions, and has filed tariff revisions to implement those findings and conclusions. A table summarizing the Company's proposed revisions to its rates and new service connection fee is set out at the end of this notice.

The Office of the Public Counsel (OPC), a state agency responsible for representing the interests of utility consumers before the Commission, has reviewed the results of the Commission Staff's investigation. However, the OPC has not yet taken a final position regarding those results.

Any customer that has questions or comments about the Company's proposed revisions to its rates and charges, or that has comments regarding recent service-related problems, should contact the Commission Staff and/or the OPC, within 20 days of the date of this notice. To do so, please use the mailing addresses, telephone numbers, fax numbers or e-mail addresses shown below, and please include a reference to Commission Case No. SR-2008-0080.
