University of Missouri-Columbia

Experience

May 2008 to present

Missouri Joint Municipal Electric Utility Commission (MJMEUC)

2200 Maguire Blvd, Columbia, MO 65201

Over thirteen (13) years of experience in electric market operations from front office operations and real time scheduling to back-office analytics of market settlements. Joined MJMEUC in 2008 and currently serves as Chief Markets Officer. Oversees market operations of three full requirements power pools and generating assets in both MISO and SPP. Coordinated integration of SPP load into the Integrated Marketplace and serves as the modeling contact for all network and commercial model changes in SPP and MISO. Assists in load forecasting, resource planning and transmission service requests. Monitors MISO and SPP stakeholder activity and advocates on behalf of members at the RTO level and with FERC.
