NOTICE OF CLARIFICATION

Issue Date: May 13, 2014

On April 2, 2014, the Commission issued its Report and Order. On page 14, Finding of Fact 43, the Commission states: “Based on the DNR permit and the number of customers in the development, the company’s adjustment is 65.71% or 72/210.” Although the parties may correctly interpret this finding, on its face it is confusing because 72 is not 65.71% of 210. The finding should therefore read: “Based on the DNR permit and the number of customers in the development, the company’s adjustment is 65.71%.¹”
