Set out on the following pages is the activities timeline pertaining to the processing of the above-referenced small utility revenue increase request. This timeline assumes that the Staff's investigation of the revenue increase request will result in a conclusion that an increase in the subject utility's operating revenues is needed, that at least the Utility and Staff will reach an agreement regarding the overall resolution of the request without the need for time extensions, and that the request will be resolved without an evidentiary hearing being held. In such instances where an evidentiary hearing will be held, the 9-month deadline will need to be considered in setting the procedural schedule.

The schedule set out in the timeline establishes the Target Due Date for the completion of certain activities needed to process the request in a timely manner. Extensions of the disposition agreement filing deadline, which is 150 days after the date the utility files its request, and certain other deadlines are allowed and if executed will result in changes to the timeline. Agreements for such extensions, which are limited to a maximum of 30 days, will be reduced to writing and filed in the case file, along with an updated timeline.

The entries in the Target Day column represent the number of days from the date the utility filed its request. The entries in the Target Due Date column show the date when the Target Day hits the calendar. To determine the entries for the Calendar Due Date column, Target Due Dates falling on a weekend or a holiday are moved to the next regular working day, *except that the effective dates for pending revised tariff sheets cannot be adjusted*.

Activities needed from this point forward vary based on the approach taken by the OPC. The next three sections set out the activities needed based on the different OPC approaches that are possible.

This section pertains to the situation where only the Utility and Staff reach an agreement on the overall disposition of the request, but OPC or other intervenors have not requested an evidentiary hearing. The dates shown assume that the Utility will make a 45-day tariff filing on Day 155. If an evidentiary hearing is requested, a procedural schedule will be filed for the case beyond day 150 which will supersede this timeline.

| Target Day | Target Due Date | Calendar Due Date | Case Activity   | Responsible "Party"     |

This section pertains to the situation where all parties reach an agreement on the overall disposition of the request. The dates shown assume that the Utility will make a 30-day tariff filing on Day 155. This timeline assumes the Commission approves the agreement and no evidentiary hearing is necessary.

| <b>Target Day</b> | <b>Target Due Date</b> | <b>Calendar Due Date</b> | <b>Case Activity</b>   | <b>Responsible "Party"</b> |
|-------------------|------------------------|--------------------------|--|----------------------------|
| 150               | 09/04/22               | 09/06/22                 | Unanimous Disposition Agreement is Filed   | Staff                      |
| 157               | 09/11/22               | 09/12/22                 | Utility Files Necessary Tariff Revisions with a 30-day effective date  | Utility                    |
| 165               | 09/19/22               | 09/19/22                 | Staff Recommendation Filed if Ordered by the Commission. (Can include motion for suspension of tariff revisions requesting correction of any deficiencies) | Case Manager               |

| 187               | 10/11/22               | 10/11/22                 | Tariff Revisions Effective "On and After" this Date  | N/A                        |
| 200               | 10/24/22               | 10/24/22                 | Notice Closing Case Issued   | Assigned RLJ               |

If the parties cannot reach an agreement by day 150 and an evidentiary hearing is necessary, then the parties must file a new procedural schedule in the case. If one of the parties requests and is granted an evidentiary hearing by the Commission prior to day 150, then the remaining dates in this timeline are moot as of the date of that order granting the evidentiary hearing and the parties must file a new procedural schedule.
