SUPPLEMENTAL DIRECT TESTIMONY

OF

JAMES R. POZZO

CASE NO. GR-2007-0003

I. INTRODUCTION

Q. Please state your name and business address.

A. James R. Pozzo, Ameren Services Company ("Ameren Services"), One Ameren Plaza, 1901 Chouteau Avenue, St. Louis, Missouri 63103.

Q. Are you the same James R. Pozzo who previously filed testimony in this case?

A. Yes.

II. PURPOSE OF TESTIMONY

Q. What is the purpose of your supplemental direct testimony in this proceeding?

A. The purpose of my supplemental direct testimony is to explain the development of the weather normalized billing units for the Residential and General Service customer classes of AmerenUE and the resulting weather related revenue adjustment.

My direct testimony in this case covered the test year consisting of the twelve months ending June 2006, which utilized nine months of actual billing usage for the period July 2005 through March 2006 and three months forecasted usage for the period April 2006 through June 2006. This supplemental direct testimony updates the weather normalized billing units using the actual data for April 2006 through June 2006, in accordance with the Commission's Order Adopting Procedural Schedule and Test Year entered in this case.

Q. Was the weather normalization method used for the actual data for April 2006 through June 2006 the same method as described in your original direct testimony in this case?

A. Yes, the weather normalization method described in my direct testimony in this proceeding is the same method I used to update the normalization of April 2006 through June 2006.

III. WEATHER NORMALIZATION STUDY RESULTS

Q. What were the results of your updated weather adjustments for the last three months of the test year?

A. The table below shows the updated weather adjustment for the months of April 2006 through June 2006 is an additional increase of $692,711. This amount when added to the weather adjustment in my direct testimony, an increase of $2,411,672, results in an updated total annual increase of $3,104,383.
