ORDER GRANTING APPLICATIONS TO INTERVENE

Issue Date: March 24, 2015

Effective Date: March 24, 2015

On February 20, 2015, Ameren Transmission Company of Illinois ("ATXI") asked the Commission to either find that it does not have jurisdiction over this project or, in the alternative, asked the Commission to grant ATXI a certificate of convenience and necessity to build it. The Commission provided notice and set a deadline for applications to intervene.

The Commission received timely intervention requests from: United for Missouri, Inc., and Missouri Industrial Energy Consumers. Commission Rule 4 CSR 240-2.080(13) allows parties ten days to respond to pleadings unless the Commission orders otherwise. The Commission issued no order to the contrary, ten days have elapsed since the applications to intervene were filed, and the Commission received no responses to those applications. Consequently, the Commission will take them up unopposed.

Commission Rule 4 CSR 240-2.075(4) allows the Commission to grant intervention to a person who has an interest different from that of the general public and which may be adversely affected by a final order arising from the case, or if granting intervention would

serve the public interest. Upon review of the unopposed applications, the Commission finds that the applicants meet the standard in Commission Rule 4 CSR 240-2.075(4). Therefore, the Commission will grant the applications to intervene.

THE COMMISSION ORDERS THAT:

1. The applications to intervene filed by: United for Missouri, Inc., and Missouri Industrial Energy Consumers are granted.
2. This order shall be effective when issued.
